Jonathan Templin Ritter

Hirohito's War The Pacific War 1941 1945:

Hirohito's War Francis Pike, 2016-09-08 Named one of Foreign Affairs Best Books of 2016 In his magisterial 1 208 page narrative of the Pacific War Francis Pike's *Hirohito's War* offers an original interpretation balancing the existing Western centric view with attention to the Japanese perspective on the conflict As well as giving a blow by blow account of campaigns and battles Francis Pike offers many challenges to the standard interpretations with regards to the causes of the war Emperor Hirohito's war guilt the inevitability of US Victory the abilities of General MacArthur and Admiral Yamamoto the role of China Great Britain and Australia military and naval technology and the need for the fire bombing of Japan and the eventual use of the atom bomb on Hiroshima and Nagasaki *Hirohito's War* is accompanied by additional online resources including more details on logistics economics POWs submarines and kamikaze as well as a 1930 1945 timeline and over 200 maps

Emperor Hirohito and the Pacific War Noriko Kawamura, 2015-11-02 This reexamination of the controversial role Emperor Hirohito played during the Pacific War gives particular attention to the question If the emperor could not stop Japan from going to war with the Allied Powers in 1941 why was he able to play a crucial role in ending the war in 1945 Drawing on previously unavailable primary sources Noriko Kawamura traces Hirohito's actions from the late 1920s to the end of the war analyzing the role Hirohito played in Japan's expansion Emperor Hirohito emerges as a conflicted man who struggled throughout the war to deal with the undefined powers bestowed upon him as a monarch often juggling the contradictory positions and irreconcilable differences advocated by his subordinates Kawamura shows that he was by no means a pacifist but neither did he favor the reckless wars advocated by Japan's military leaders

Tropical Warfare in the Asia-Pacific Region, 1941-45 Kaushik Roy, 2017-10-25 This is the first book to provide a comprehensive overview of the land war during the Second World War in South East Asia and the South and South West Pacific The extensive existing literature focuses on particular armies Japanese British American Australian or Indian and or on particular theatres the Philippines Papua New Guinea Malaya or Burma This book on the contrary argues that warfare in all the theatres was very similar especially the difficulties of the undeveloped terrain and that there was considerable interchange of ideas between the allied armies which enabled the spread of best practice among them The book considers tactics training technology and logistics assesses the changing state of the combat effectiveness of the different armies and traces the course of the war from the Japanese Blitzkrieg of 1941 through the later stalemate and the hard fought Allied fightback Although the book concentrates on ground forces due attention is also given to air forces and amphibious operations One important argument put forward by the author is that the defeat of the Japanese was not inevitable and that it was brought about by chance and considerable tactical ingenuity on the part of US and British imperial forces

Battle for Malaya Kaushik Roy, 2019-12-02 The historian and author of *The Army in British India* analyzes the British Indian Army's devastating loss to the Imperial Japanese during WWII The defeat of 90 000 Commonwealth soldiers by 50 000 Japanese soldiers made the World War II Battle for Malaya an

important encounter for both political and military reasons British military prestige was shattered fanning the fires of nationalism in Asia especially in India Japan's successful tactics in Malaya rapid marches wide outflanking movement along difficult terrain nocturnal attacks and roadblocks would be repeated in Burma in 1942-43 Until the Allied command evolved adequate countermeasures Japanese soldiers remained supreme in the field Looking beyond the failures of command Kaushik Roy focuses on tactics of the ground battle that unfolded in Malaya between December 1941 and February 1942 His analysis includes the organization of the Indian Army the largest portion of Commonwealth troops and compares it to the British and Australian armies that fought side by side with Indian soldiers Utilizing both official war office records and personal memoirs autobiographies and oral histories Roy presents a comprehensive narrative of operations interwoven with tactical analysis of the Battle for Malaya

The Red Warrior: U.S. Perceptions of Stalin's Strategic Role in the Allied Journey to Victory in The Second World War Reagan Fancher, 2024-09-24 Through U S President Franklin D Roosevelt's Lend Lease program American leaders sought to keep Joseph Stalin's Red Army in the field and fighting Adolf Hitler's forces in the Second World War from 1941 forward Delivered by the Anglo American Arctic naval convoys overland through the Iranian deserts and mountains and through the skies from Alaska to Siberia this much needed material aid helped Stalin's Red Army to continue fighting and thereby prevented a separate peace with Hitler's Germany and a mechanized repeat of the First World War's Brest Litovsk fiasco Yet Roosevelt and other U S officials due to their severe underestimation of Stalin's character and his rigid and fanatical devotion to exporting Communism at gunpoint gambled incorrectly that they could win the Soviet premier's heart and mind through several excessive wartime aid gestures including the furnishing of atomic bomb materials to the Soviet regime By 1945 American leaders had succeeded in their strategic goal of keeping Stalin and his Red Army in the war and hastening victory but failed in their efforts to purchase the Soviet premier's goodwill and commitment to postwar peace heralding the global Cold War and setting the stage for later U S martial aid programs to those resisting aggression abroad In addition to its primary focus on the American leadership's perceptions of Stalin's strategic importance to the Allied war effort in the Second World War this work also includes a detailed assessment of Roosevelt's Soviet Lend Lease program alongside U S President Ronald Reagan's later support for the Afghan Islamic guerrillas resisting Soviet occupation during the Soviet Afghan War of the 1980s and a comparison of both martial aid programs with Washington's recent revival of Lend Lease aid for the Ukrainian war effort It offers today's American leaders and policymakers a chance to consult the lessons of history and apply them in the present

The Man Who Took the Rap Peter John Dye, 2018-10-15 This is the first biography of Sir Robert Brooke Popham a key figure in the early development of airpower whose significant and varied achievements have been overlooked because of his subsequent involvement in the fall of Singapore It highlights Brooke Popham's role in developing the first modern military logistic system the creation of the Royal Air Force Staff College and the organizational arrangements that underpinned Fighter Command's success in the Battle of Britain Peter Dye challenges longstanding views

about performance as Commander in Chief Far East and based on new evidence offers a more nuanced narrative that sheds light on British and Allied preparations for the Pacific War inter service relations and the reasons for the disastrous loss of air and naval superiority that followed the Japanese attack The Man Who Took the Rap highlights the misguided attempts at deterrence in the absence of a coordinated information campaign and the unprecedented security lapse that betrayed the parlous state of the Allied defenses

Japan at War, 1914-1952 Jeremy A. Yellen, 2024-12-24 Japan at War 1914 1952 is a synthetic and interpretive history that highlights the centrality of war to the modern Japanese experience The author argues that war was central to Japanese life in this period the era when Japan rose and fell as a world power The volume examines how World War I set off profound changes that led to the rise of a politicized military aggressive imperial expansion and the militarization of Japanese social political and economic life War was extraordinarily popular which helped confirm Japan s aggressive imperialism in the 1930s and war across the Asia Pacific in the 1940s It took a defeat by 1945 and occupation through 1952 to undo war as a national concern and to remake Japan into a peaceful nation state In telling this story of Japan in war and peace this book highlights the importance of Japan in the creation of the modern world This study of political power and its influences in domestic and foreign affairs will be of great value to nonspecialist readers who are interested in this period undergraduate and postgraduate students in introductory classes and scholars interested in Japanese history and political military and international history

A Post-Exceptionalist Perspective on Early American History Carroll P. Kakel III, 2019-08-16 This book argues that early American history is best understood as the story of a settler colonial supplanting society a society intent on a vast land grab of American Indian space and driven by a logic of elimination and a genocidal imperative to rid the new white settler living space of its existing Indigenous inhabitants Challenging the still strongly held notion of American history as somehow exceptional or unique it locates the history of the United States and its colonial antecedents as a central part of rather than an exception to the emerging global histories of imperialism colonialism and genocide It also explores early American history in an imperial transnational and global frame showing how the precedent of the North American West and its colonial trope of Indian wars were used by like minded American and European expansionists to inspire and legitimate other imperial colonial adventures from the late nineteenth through the mid twentieth centuries

The Cambridge History of America and the World: Volume 3, 1900-1945 Brooke L. Blower, Andrew Preston, 2022-03-03 The third volume of The Cambridge History of America and the World covers the volatile period between 1900 and 1945 when the United States emerged as a world power and American engagements abroad flourished in new and consequential ways Showcasing the most innovative approaches to both traditional topics and emerging themes leading scholars chart the complex ways in which Americans projected their growing influence across the globe how others interpreted and constrained those efforts how Americans disagreed with each other often fiercely about foreign relations and how race religion gender and other factors shaped their worldviews During the early twentieth century accelerating forces of

global interdependence presented Americans like others with a set of urgent challenges from managing borders humanitarian crises economic depression and modern warfare to confronting the radical new political movements of communism fascism and anticolonial nationalism This volume will set the standard for new understandings of this pivotal moment in the history of America and the world **Professional Journal of the United States Army**, 2016-07 *Stilwell and Mountbatten in Burma* Jonathan Templin Ritter, 2017-04-15 Stilwell and Mountbatten in Burma explores the relationship between American General Joseph Vinegar Joe Stilwell and British Admiral Lord Louis Mountbatten in the China Burma India Theater CBI and the South East Asia Command SEAC between October 1943 and October 1944 within the wider context of Anglo American relations during World War II Using original material from both British and American archives Jonathan Templin Ritter discusses the military political and diplomatic aspects of Anglo American cooperation the personalities involved and where British and American policies both converged and diverged over Southeast Asia Although much has been written about CBI Stilwell and China and Mountbatten no published comparison study has focused on the relationship between the two men during the twelve month period in which their careers overlapped This book bridges the gap in the literature between Mountbatten s earlier naval career and his later role as the last Viceroy of British India It also presents original archival material that explains why Stilwell was so anti British including his 1935 memorandum titled The British and his original margin notes to Mountbatten s farewell letter to him in 1944 Finally it presents other original archival material that refutes previous books that have accused Stilwell of needlessly sacrificing the lives of his men during the 1944 North Burma Campaign merely out of hatred for the British *The Cambridge World History of Genocide: Volume 3, Genocide in the Contemporary Era, 1914-2020* Ben Kiernan, Wendy Lower, Norman Naimark, Scott Straus, 2023-05-04 Volume III examines the most well known century of genocide the twentieth century Opening with a discussion on the definitions of genocide and ethnic cleansing and their relationships to modernity it continues with a survey of the genocide studies field racism and antisemitism The four parts cover the impacts of Racism Total War Imperial Collapse and Revolution the crises of World War Two the Cold War and Globalization Twenty eight scholars with expertise in specific regions document thirty genocides from 1918 to 2021 in Europe the Middle East Africa Asia and Latin America The cases range from the Armenian Genocide to Maoist China from the Holocaust to Stalin s Ukraine from Indonesia to Guatemala Biafra Bangladesh Cambodia Bosnia and Rwanda and finally the contemporary fate of the Rohingyas in Myanmar and the ISIS slaughter of Yazidis in Iraq The volume ends with a chapter on the strategies for genocide prevention moving forward **Theory of Strategy** Colin S. Gray, 2018 This book provides a short and accessible introduction to the theory of strategy examines the general theory of strategy in accordance with 23 key Principles and explains its nature functions and intended consequences Theory of Strategy makes the radical argument that the familiar structure of strategy s general theory political ends strategic ways military means and assumptions holds as sound for security at all times and in all places of human necessity Strategy is ever

varying in its character but not in its nature which is unchanging **The Japanese Empire Disaster** Jean Sénat Fleury, 2021-01-22 The book demonstrates that even if during the first period of the Shwa era 1931 1945 the real driving force to war was the Japanese military Hirohito as supreme commander gave full support to the army On multiple occasions as an emperor he sanctioned many government policies Accordingly he was responsible for the war and for the atrocities that the Japanese troops committed in Asia during the Pacific War Japan s Empire Disaster is a book of information and training a reference document that should be read as an educational tool on the history of the modernization of Japan and the war launched by Emperor Meiji and Hirohito to build Japan Empire in the Pacific and East Asia The book shares the view of the author on Hirohito s responsibility on the events that marked Japan s entry into the war that began when Japanese troops invaded Manchuria on September 19 1931 and culminated with Japan s surprise attack on the U S naval base at Pearl Harbor on December 7 1941 *New Perspectives on Peacetime Anglo-Japanese Military Relations* Thomas French, 2025-05-23 This book examines the peacetime military relationship between the United Kingdom and Japan spanning partnerships and interactions from the 1860s to the present day Reflecting the multiple changes in the power dynamics relations and nature of the military links between the U K and Japan over time the chapters in this book analyse instances of peacetime military interaction as both countries passed through periods of partnership alliance rivalry conflict and occupation In doing so the book also considers what relevance these historical U K Japan peacetime military ties have relevance for those of the present Original in its exclusive focus on peacetime military links of both a historical and contemporary nature this significant work is both practical and scholarly in its approach and will appeal to students and scholars of Japanese history British history military history international relations and diplomacy Kwajalein Atoll, the Marshall Islands and American Policy in the Pacific Ruth Douglas Currie, 2016-10-31 For centuries the Marshall Islands have been drawn into international politics primarily because of their central location in Oceania After World War II they came into the American sphere as part of the Trust Territory of the Pacific Islands At the outset of the Cold War the Marshalls were a site for nuclear tests and later for the U S Army s ballistic missile testing as part of President Reagan s Strategic Defense Initiative This book focuses on the islanders tenacious negotiations for independence and control of their land accomplished as the Republic of the Marshall Islands in a Compact of Free Association with the U S The creation of American policy in the Pacific was a struggle between the U S departments of the Interior and State and the military s goals for strategic national defense as illustrated by the case of the Army s base at Kwajalein Atoll *The Royal Navy in Eastern Waters* Andrew Boyd, 2017-03-30 How British naval power in the Indian Ocean played a critical early role in WWII Commands the reader s attention a history game changer Warship Naval Books of the Year This new work tells the compelling story of how the Royal Navy secured the strategic space from Egypt in the west to Australasia in the East through the first half of the Second World War and explains why this contribution made while Russia s fate remained in the balance and before American economic power took effect was so

critical Without it the war would certainly have lasted longer and decisive victory might have proved impossible After the protection of the Atlantic lifeline this was surely the Royal Navy's finest achievement the linchpin of victory The book moves authoritatively between grand strategy intelligence accounts of specific operations and technical assessment of ships and weapons It challenges established perceptions of Royal Navy capability and will change the way we think about Britain's role and contribution in the first half of the war The Navy of 1939 was stronger than usually suggested and British intelligence did not fail against Japan Nor was the Royal Navy outmatched by Japan coming very close to a British Midway off Ceylon in 1942 And it was the Admiralty demonstrating a reckless disregard for risks that caused the loss of Force Z in 1941 The book also lays stress on the key part played by the American relationship in Britain's Eastern naval strategy Superbly researched and elegantly written it adds a hugely important dimension to our understanding of the war in the East

Party Politics in the Age of Roosevelt Michael P. Riccards, Cheryl A. Flagg, 2022-04-29 Riccards and Flagg examine in detail the development of Franklin Delano Roosevelt from a young politician in Albany to assistant secretary of the Navy to governor of the state of New York The volume shows how Roosevelt developed his rhetorical skills his art of manipulation and coalition building and his incredible bond to the American people through the Depression and World War II As commander in chief he mastered the leadership skills that made him a great military leader and a political leader who established himself as a paramount figure using control of the Democratic party In the process he solidified the party as a long lasting coalition that set the United States as a world empire

Culture, Conflict and the Military in Colonial South Asia Kaushik Roy, Gavin Rand, 2017-08-25 This book offers diverse and original perspectives on South Asia's imperial military history Unlike prevailing studies the chapters in the volume emphasize both the vital role of culture in framing imperial military practice and the multiple cultural effects of colonial military service and engagements The volume spans from the early East India Company period through to the Second World War and India's independence exploring themes such as the military in the field and at leisure as well as examining the effects of imperial deployments in South Asia and across the British Empire Drawing extensively on new archival research the book integrates previously disparate accounts of imperial military history and raises new questions about culture and operational practice in the colonial Indian Army This work will be of interest to scholars and researchers of modern South Asian history war and strategic studies military history the British Empire as well as politics and international relations

The Price of Empire Miles M. Evers, Eric Grynviski, 2024-04-04 The United States was an upside down British Empire It had an agrarian economy few large investors and no territorial holdings outside of North America However decades before the Spanish American War the United States quietly began to establish an empire across thousands of miles of Pacific Ocean While conventional wisdom suggests that large interests the military and major business interests drove American imperialism The Price of Empire argues that early American imperialism was driven by small entrepreneurs When commodity prices boomed these small entrepreneurs took risks racing ahead of the American state Yet when profits were

threatened they clamoured for the US government to follow them into the Pacific Through novel intriguing stories of American small businessmen this book shows how American entrepreneurs manipulated the United States into pursuing imperial projects in the Pacific It explores their travels abroad and highlights the consequences of contemporary struggles for justice in the Pacific
