Marty, 2011-06-15 No detailed description available for Fundamentalism and Evangelicalism *The International Interpreter*, 1922 **In His Image** William Jennings Bryan, 2015-12-06 In His Image from William Jennings Bryan American orator and politician from Nebraska 1860 1925 *The Presbyterian Controversy* Bradley J. Longfield, 1993-11-25 From 1922 to 1936 the Presbyterian Church in the U S A was torn by conflict Fundamentalists led by Clarence E Macartney William Jennings Bryan and J Gresham Machen modernists guided by Henry Sloane Coffin and moderates directed by Charles R Erdman and Robert E Speer struggled over theological questions and their implications for such issues as ordination requirements the role of Princeton Theological Seminary and foreign missions The church managed to maintain its institutional unity at the height of the conflict in the mid 1920s but the struggle resulted in a loosening of the church s doctrinal standards the reorganization of Princeton Seminary the founding of Westminster Theological Seminary and the eventual birth of the Presbyterian Church of America Weaving together the history of this ecclesiastical conflict with biographies of the six leaders Longfield shows that theological concerns though primary were not the only issues in the struggle He demonstrates that social and cultural considerations profoundly contributed to the roles of the leaders and to the outcome of the conflict Finally Longfield traces the current decline of the Presbyterian Church and other mainline

denominations back to this period arguing that by embracing doctrinal pluralism they undermined the very foundations of their mission to the world He concludes that renewal can only be based on a biblical and creedal faith distinct from the values and norms of the surrounding culture

Trying Biology Adam R. Shapiro, 2013-05-21 In Trying Biology Adam R Shapiro convincingly dispels many conventional assumptions about the 1925 Scopes monkey trial Most view it as an event driven primarily by a conflict between science and religion Countering this Shapiro shows the importance of timing the Scopes trial occurred at a crucial moment in the history of biology textbook publishing education reform in Tennessee and progressive school reform across the country He places the trial in this broad context alongside American Protestant antievolution sentiment and in doing so sheds new light on the trial and the historical relationship of science and religion in America For the first time we see how religious objections to evolution became a prevailing concern to the American textbook industry even before the Scopes trial began Shapiro explores both the development of biology textbooks leading up to the trial and the ways in which the textbook industry created new books and presented them as responses to the trial Today the controversy continues over textbook warning labels making Shapiro s

study particularly as it plays out in one of America's most famous trials an original contribution to a timely discussion

Interior, 1922 **In the Beginning** Michael Lienesch, 2007-04-23 The current controversy over teaching evolution in the public schools has grabbed front page headlines and topped news broadcasts all across the United States In the Beginning investigates the movement that has ignited debate in state legislatures and at school board meetings Reaching back to the origins of antievolutionism in the 1920s and continuing to the promotion of intelligent design today Michael Lienesch skillfully analyzes one of the most formidable political movements of the twentieth century Applying extensive original sources and social movement theory Lienesch begins with fundamentalism describing how early twentieth century fundamentalists worked to form a collective identity to develop their own institutions and to turn evolution from an idea into an issue He traces the emerging antievolution movement through the 1920s examining debates over Darwinism that took place on college campuses and in state legislatures throughout the country With fresh insights and analysis Lienesch retells the story of the 1925 Scopes monkey trial and reinterprets its meaning In tracking the movement from that time to today he explores the rise of creation science in the 1960s the alliance with the New Christian Right in the 1980s and the development of the theory of intelligent design in our own time He concludes by speculating on its place in the politics of the twenty first century In the Beginning is essential for understanding the past present and future debates over the teaching of evolution

The Other Side of the Scopes Monkey Trial Jerry Bergman, 2023-10-26 The enormous amount of literature on the Scopes Trial focuses on the religious elements of the trial It almost totally ignored the importance of racism as taught in the text that Scopes used to teach biology Bryan was not concerned about evolution in general but specifically human evolution He believed that Darwin's theory as applied to humans encouraged the oppression of certain oppressed groups Taking evolution's philosophy to its logical conclusion meant justifying survival of the fittest in social matters This philosophy he learned from his extensive reading about WWI was a major factor influencing the Germans to fight in the first World War Furthermore Bryan believed the citizens of Tennessee had a right to determine what their children were taught in the public schools Another fact that is rarely mentioned is the main fossil evidence cited in the trial documents and the press in support of human evolution has been discredited by evolutionists including Neanderthal man Piltdown man Java man and Nebraska man Scopes was not a biology teacher but rather taught math His college degree was not in biology but law He was not put on the stand to testify in his trial probably because he never taught evolution and could not honestly answer questions about teaching it This book covers the so called trial of the century telling the real story of a sham brought on by the ACLU to further their political and anti Christian goals
