

# SHERLOCK HOLMES

A large black silhouette of Sherlock Holmes is the central focus. He is wearing his iconic deerstalker hat and a cape, and is shown in profile, smoking a pipe. The background is a solid blue color. To the left of the silhouette is a stylized street lamp. To the right, in the background, is a smaller silhouette of a man in a top hat. The ground is represented by a pattern of light and dark blue shapes, suggesting cobblestones or a similar texture.

*His Last Bow* Arthur DOYLE, 2018-09-02 *His Last Bow* is a Sherlock Holmes adventure published by Arthur Conan Doyle in England inside the September 1917 edition of the Strand Magazine by Colliers Magazine in the United States Although considered part of the official canon the story stands out from those tales most familiar to casual fans of Sherlock Holmes for a variety of reasons Foremost among those reasons is that *His Last Bow* is not part of Dr John Watson's recorded accounts of the Holmes greatest cases and is therefore written from the third person perspective Less obviously different from the stories that came before is singularly interesting bit of trivia about Holmes which occurs during the course of his investigation in the story the first last and only record of Holmes riding in an automobile to be found in the official canon And finally there is the fact that *His Last Bow* contains the record of a case investigated by Holmes after his retirement to Sussex to work on his voluminous guide to bees Also of interest to the more than casual fan of Sherlock Holmes is reference to his being 60 years old in the year in which the story is set Since that year is 1914 all it takes is some simple mathematical calculations to roughly arrive at his birth year The provenance of *His Last Bow* also sets it apart from the vast majority of the other stories about Sherlock penned by Doyle Although politics enters into the arena of various Holmes stories in ways that verge from the overt to the barely detectable none were as directly inspired by the motivation to use Holmes popularity as a political soapbox quite as directly as this story Doyle recounted that it was an almost offhand inquiry from a French military officer that brought into the discourse of the resistance effort during the First World War the question of how Sherlock himself might have contributed to victory against the dreaded Hun The response to that enigmatic query from Sherlock's creator was a bit of propaganda that enlarged importance of supporting the war effort not just to the size of Holmes coming out of retirement to fight the good fight but being coaxed out of that retirement by no one other than the Prime Minister himself Since the war with Germany not yet referred to as World War I obviously had already been dragging on for three years with massive numbers of casualties piling up every day and no end in sight is the backdrop for the story the actual mission that Holmes is called upon by the Prime Minister to put his deductive powers to use solving is the crack open an increasingly dangerous German spy ring As a result *His Last Bow* reads more like a toned down James Bond spy story told in the third person than the more familiar first person account of Holmes figuring the who how and why of a murder As war propaganda *His Last Bow* is far more palatable than as a necessary addition to the canon of the great detective's most important cases

*Sherlock Holmes: His Last Bow (Sherlock Complete Set 8)* Arthur Conan Doyle, 2011-08-04 About to spring out upon my appalled senses lurked all that was vaguely horrible all that was monstrous and inconceivably wicked in the universe A dense yellow fog descends upon London Tricksters thieves and murderers stalk their prey undetected Lawlessness abounds but it is no match for the penetrating mind of Sherlock Holmes as he investigates the strangest of cases A woman receives a gruesome package two human ears in a box A vital government secret is threatened with exposure Miss Brenda Tregennis is

found scared to death could she really have died from fright alone And when the stability of the country is threatened Holmes unrivalled talents are called upon once again *His Last Bow* Arthur DOYLE,2018-09-04 *His Last Bow* is a Sherlock Holmes adventure published by Arthur Conan Doyle in England inside the September 1917 edition of the Strand Magazine by Colliers Magazine in the United States Although considered part of the official canon the story stands out from those tales most familiar to casual fans of Sherlock Holmes for a variety of reasons Foremost among those reasons is that *His Last Bow* is not part of Dr John Watson's recorded accounts of the Holmes greatest cases and is therefore written from the third person perspective Less obviously different from the stories that came before is singularly interesting bit of trivia about Holmes which occurs during the course of his investigation in the story the first last and only record of Holmes riding in an automobile to be found in the official canon And finally there is the fact that *His Last Bow* contains the record of a case investigated by Holmes after his retirement to Sussex to work on his voluminous guide to bees Also of interest to the more than casual fan of Sherlock Holmes is reference to his being 60 years old in the year in which the story is set Since that year is 1914 all it takes is some simple mathematical calculations to roughly arrive at his birth year The provenance of *His Last Bow* also sets it apart from the vast majority of the other stories about Sherlock penned by Doyle Although politics enters into the arena of various Holmes stories in ways that verge from the overt to the barely detectable none were as directly inspired by the motivation to use Holmes popularity as a political soapbox quite as directly as this story Doyle recounted that it was an almost offhand inquiry from a French military officer that brought into the discourse of the resistance effort during the First World War the question of how Sherlock himself might have contributed to victory against the dreaded Hun The response to that enigmatic query from Sherlock's creator was a bit of propaganda that enlarged importance of supporting the war effort not just to the size of Holmes coming out of retirement to fight the good fight but being coaxed out of that retirement by no one other than the Prime Minister himself Since the war with Germany not yet referred to as World War I obviously had already been dragging on for three years with massive numbers of casualties piling up every day and no end in sight is the backdrop for the story the actual mission that Holmes is called upon by the Prime Minister to put his deductive powers to use solving is the crack open an increasingly dangerous German spy ring As a result *His Last Bow* reads more like a toned down James Bond spy story told in the third person than the more familiar first person account of Holmes figuring the who how and why of a murder As war propaganda *His Last Bow* is far more palatable than as a necessary addition to the canon of the great detective's most important cases *His Last Bow (Sherlock Holmes #8)* Arthur Conan Doyle,2020-06 This fairly slight volume contains eight fascinating Holmes stories each of them a fairly decent length utterly perfect to curl up with on a chilly December evening I adore the character of Holmes it matches exactly the mood that Doyle creates so perfectly in each story The tension and fear that lies beneath a rarefied Englishness the dense fogs that swirl outside the windows of Baker Street while a great mind is figuring out the unfathomable In my personal favourite *The Adventure of the Devil's Foot* Holmes and

Watson find themselves in a tiny Cornish village where a woman has been apparently terrified to death and two of her brothers left raving mad In the final title story a tale not narrated by Watson the two old friends are brought back together some time after Holmes retirement it is August 1914 Although rather different in tone to the preceding stories it is a nice quiet finale
