, *Civil Code of the State of Louisiana* Louisiana, 1853 **Historians and the Law in Postrevolutionary France**
Donald R. Kelley, 2014-07-14 In the Romantic fascination with Europe's past scholars of Restoration France proposed to reconstruct their national traditions with more attention to social and cultural factors than older fashioned political historians had shown Donald R Kelley examines a major feature of this new history the convergence of the profession of law and the study of history between 1804 and 1848 Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Reports of Cases Argued and Determined in the Supreme Court of Louisiana*, 1852 *The Institutions of France Under the Absolute Monarchy, 1598-1789, Volume 1* Roland Mousnier, 1979-11 Political and administrative institutions cannot be understood unless one knows who is operating them and for whose benefit they function In the first volume of this history Mousnier analyzes such institutions in light of the prevailing social economic and ideological structures and shows how they shaped life in 17th and 18th century France He traces the changing role of monarchical government showing how it emerged over two centuries and why it failed In a society divided by hierarchical social groups conflicts among lineages communities and districts became inevitable Aristocratic disdain ancestral attachment to privileges and autonomous powers looked upon as rights made civil unrest dislocation and anarchy endemic Mousnier examines this contention between classes as they faced each other across the institutional barriers of education religion economic resources technology means of defense and communication and territorial and family ties He shows why a monarchical state was necessary to preserve order within this fragmented society Though it was intent on ensuring the survival of French society and the public good the Absolute Monarchy was unable to maintain security equilibrium and cooperation among rival social groups Discussing the feeble technology at its disposal and its weak means of governing Mousnier points to the causes that brought the state to the limits of its resources His comprehensive analysis will greatly interest students of the ancien régime and comparativists in political science and sociology as well **Select Essays in Anglo-American Legal History** Association of American Law Schools, 1908 **Bibliographie de la France**, 1883 **Jules Michelet** Stephen A.
