Stegemeyer, 2014-09-25 Students of fashion design are eager to explore the history of their chosen field as well as keep up with new and emerging designers Who's Who in Fashion captures the energy drama and excitement of the luminaries who make up the world of fashion Profiles include design philosophies mentors and sources of inspiration tracing the careers of many of the men and women who have contributed to fashion Not only are today's major figures and legendary designers of the past profiled but lesser known individuals and newcomers worth watching are included as well Also included are the interesting nonconformists free spirits who prefer to work off the main fashion path The picture would not be complete without the style makers those with an instinct and an eye for fashion who interpret it for the public the editors photographers and artists A Dialectical Journey through Fashion and Philosophy Eun Jung Kang, 2020-01-01 This book takes an in depth look at the integration of fashion and philosophy It challenges the deeply rooted prejudice or misconception that fashion is a field limited to body oriented and appearance related themes and practices It also reveals that fashion is intermeshed with distinctively modern issues that belong to the realm of the mind as well as the body In doing so it refashions philosophy and philosophizes fashion which ultimately amount to the same thing The book argues that while the philosophization of fashion can give a clearer understanding of some esoteric areas of philosophy and fashion's close connection to modern societies and politics it also shows that philosophy can assist in redeeming fashion from the objective bodily world positioning it as an indispensable part of the humanities This is because fashion manifests critical aspects of human culture in our time and is an expression of the zeitgeist which is interwoven with the unfolding of history This book will be highly relevant to students and researchers in fashion studies who are looking for the theoretical underpinnings and insights for their own work It will also be of keen interest to scholars in the field of philosophy who are seeking to apply philosophical concepts to both everyday life and our empirical world **Practical Guide to Wig Making and Wig**
