A history of Cambodia-Thailand Diplomatic Relations 1950-2020. Sok Udom Deth, 2020-07-01 This book aims to provide an analysis of Cambodia Thailand diplomatic relations over the past seven decades specifically from 1950 to 2020 While other academic publications have focused on particular aspects of Cambodian Thai relations e.g border conflicts or cultural ties this book is the first to cover a comprehensive history of diplomatic relations between the two countries starting from the establishment of official diplomatic ties in 1950 to the present In addition to empirical discussion it seeks to explain why Cambodian Thai relationships have fluctuated and what primary factors caused the shifts during the period discussed In doing so it employs the social conflict analysis which views states not as unitary actors but within which are comprised of different societal forces competing with one another and pursues foreign policies in accordance with their own ideology interest and strategy As such it is postulated that Cambodia Thailand diplomatic relations should not be seen simply as relations between two unitary states cooperating with or securitizing against one another but rather as a matrix of intertwining relationships between various social and political groups in both states harboring competing ideologies and or interests to advance their power positions at home

It is of vital importance if one is to understand present day Thai politics. Kullada Kesboonchoo Mead Chulalongkorn University retired author of *The Rise and Decline of Thai Absolutism*. Paul Chambers has written arguably the most comprehensive and detailed book on the evolution of Thailand's military power from the post World War II era to the present day. This lucid book is a compelling read for anyone seeking to gain insight into the transformation of the country into a praetorian kingdom where the monarchy and the military are the most powerful institutions. His delicate exploration of the various plots, methods, strategies, twists and betrayals provides readers with valuable perspectives on the inner workings and dynamics of Thailand's praetorian system. One of the book's strengths lies in its use of declassified and leaked documents from the US administrations, adding a sense of excitement and credibility to the analysis. Puangthong Pawakapan Chulalongkorn University author of *Infiltrating Society: The Thai Military's Internal Security Affairs*. This study on the Thai military does not merely add to the existing critical understandings about its role in the country's politics; it tackles the subject in a new light and challenges us to reexamine our appraisal of each military regime. Dr. Chaayan Rajchagool University of Phayao author of *The Rise and Fall of the Thai Absolute Monarchy*. This book does two significant things: first, cultivating large amounts of primary resources and second, providing a sophisticated interpretation of Thai military ascendancy until 2023. Based on these reasons, the book is important for insightful and untold stories about the Thai military. Ukrist Pathmanand Institute of Asian Studies Chulalongkorn University Thailand Monumental in scope and wondrously researched *Praetorian Kingdom* is much more than the systematic study of the Thai military that has long been needed. For it is a volume that will compel readers not only to understand crucial episodes in Thailand's modern history in new ways but also to appreciate the continuities in the country's military politics as never before. China's Belt And Road Initiative And Building The Community Of Common Destiny Linggui Wang, Jianglin Zhao, 2019-05-09 China's Belt and Road Initiative (BRI) has attracted growing attention from around the world since it was first announced. State and Uncivil Society in Thailand at the Temple of Preah Vihear Puangthong R. Pawakapan,2013-08-19 Since it began in 2008 the dispute over the temple of Preah Vihear and its adjacent area has envenomed Thai Cambodian relations Puangthong R. Pawakapan argues that initially Thai Cambodian cooperation on the temple had begun within the framework of Thailand s strategy to become a regional economic centre and leader It was the first time in Southeast Asia that two formerly antagonistic states were employing cultural methods to settle a territorial dispute and turned it into a symbol of friendship and cooperation between the two countries But the ultra nationalist movement derailed this essay in cooperation Instead the temple became a symbol of hatred between the two countries The ultra nationalists success has to be attributed to the support it enjoyed from various civic groups and institutions
