arms race that law enforcement continues to fight with these scammers today Ultimately Kingpin is a journey into an underworld of startling scope and power one in which ordinary American teenagers work hand in hand with murderous Russian mobsters and where a simple Wi Fi connection can unleash a torrent of gold worth millions *PC Mag* ,2005-02-22 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology
