*Ingeniería social. La ciencia de la piratería humana* Christopher Hadnagy, 2023-05-25 En la fortaleza de defensa que construimos en torno a nuestros datos el elemento humano siempre es el eslabón más débil Los hackers buenos y malos utilizan una serie de trucos específicos para acceder a información sensible y emplean técnicas de piratería humana para convencer a la gente de que revele contraseñas, envíe archivos sensibles o transfiera grandes cantidades de dinero y haga voluntariamente otros actos contrarios a sus intereses Este libro detalla la habilidad del hacker humano para ayudar a los profesionales de la seguridad a identificar y remediar los puntos débiles de sus propios sistemas A partir de una profunda exploración del modelo de comunicación y la mentalidad tribal las habilidades de observación y manipulación y otras cuestiones básicas se explican hacia una guía práctica para identificar, combatir y evitar tales ataques en nuestras organizaciones La segunda edición actualizada por el autor Christopher Hadnagy ofrece una visión fresca de las últimas tendencias en ingeniería social y de los clásicos de siempre incluidos varios estudios de caso sacados de los titulares además de su propia experiencia en el mundo real Con consejos prácticos sobre elicitación y pretextos recopilados de información, tailgating, shoulder surfing, phishing y mucho más este libro profundiza en cómo se puede influir en los seres humanos para que tomen decisiones comprometedoras

Social Engineering Christopher Hadnagy, 2018-06-25 Harden the human firewall against the most current threats Social Engineering The Science of Human Hacking reveals the craftier side of the hacker's repertoire why hack into something when you could just ask for access Undetectable by firewalls and antivirus software social engineering relies on human fault to gain access to sensitive spaces in this book renowned expert Christopher Hadnagy explains the most commonly used techniques that fool even the most robust security personnel and shows you how these techniques have been used in the past The way that we make decisions as humans affects everything from our emotions to our security Hackers since the beginning of time have figured out ways to exploit that decision making process and get you to take an action not in your best interest This new Second Edition has been updated with the most

current methods used by sharing stories examples and scientific study behind how those decisions are exploited Networks and systems can be hacked but they can also be protected when the system in question is a human being there is no software to fall back on no hardware upgrade no code that can lock information down indefinitely Human nature and emotion is the secret weapon of the malicious social engineering and this book shows you how to recognize predict and prevent this type of manipulation by taking you inside the social engineer s bag of tricks Examine the most common social engineering tricks used to gain access Discover which popular techniques generally don t work in the real world Examine how our understanding of the science behind emotions and decisions can be used by social engineers Learn how social engineering factors into some of the biggest recent headlines Learn how to use these skills as a professional social engineer and secure your company Adopt effective counter measures to keep hackers at bay By working from the social engineer s playbook you gain the advantage of foresight that can help you protect yourself and others from even their best efforts Social Engineering gives you the inside information you need to mount an unshakeable defense     *Social Engineering* Christopher Hadnagy,2010-12-08 The first book to reveal and dissect the technical aspect of many social engineering maneuvers From elicitation pretexting influence and manipulation all aspects of social engineering are picked apart discussed and explained by using real world examples personal experience and the science behind them to unraveled the mystery in social engineering Kevin Mitnick one of the most famous social engineers in the world popularized the term social engineering He explained that it is much easier to trick someone into revealing a password for a system than to exert the effort of hacking into the system Mitnick claims that this social engineering tactic was the single most effective method in his arsenal This indispensable book examines a variety of maneuvers that are aimed at deceiving unsuspecting victims while it also addresses ways to prevent social engineering threats Examines social engineering the science of influencing a target to perform a desired task or divulge information Arms you with invaluable information about the many methods of trickery that hackers use in order to gather information with the intent of executing identity theft fraud or gaining computer system access Reveals vital steps for preventing social engineering threats Includes a direct URL to a free download of the world s premiere penetration testing distribution BackTrack 4 SE Edition geared towards Social Engineering Tools Tools for Human Hacking does its part to prepare you against nefarious hackers now you can do your part by putting to good use the critical information within its pages     *Human Hacking* Christopher Hadnagy,Seth Schulman,2021-01-05 A global security expert draws on psychological insights to help you master the art of social engineering human hacking Make friends influence people and leave them feeling better for having met you by being more empathetic generous and kind Eroding social conventions technology and rapid economic change are making human beings more stressed and socially awkward and isolated than ever We live in our own bubbles reluctant to connect and feeling increasingly powerless insecure and apprehensive when communicating with others A pioneer in the field of social engineering and a master hacker Christopher

Hadnagy specializes in understanding how malicious attackers exploit principles of human communication to access information and resources through manipulation and deceit. Now he shows you how to use social engineering as a force for good to help you regain your confidence and control. Human Hacking provides tools that will help you establish rapport with strangers, use body language and verbal cues to your advantage, steer conversations and influence others' decisions and protect yourself from manipulators. Ultimately, you'll become far more self-aware about how you're presenting yourself and able to use it to improve your life. Hadnagy includes lessons and interactive missions/exercises spread throughout the book to help you learn the skills, practice them and master them. With Human Hacking, you'll soon be winning friends, influencing people and achieving your goals.
