

Installation, Operating & Maintenance Manual

**Thermo Star
TS50 - TS3000
refrigeration dryer**

Ingersoll Rand.

DATE: September 2001

S/N: DR 10010001 →→→

APDD 762B

Warnings

Important:

- Keep this manual with the machine throughout its entire service life.
- Carefully read this manual before carrying out any operation on the machine.
- This machine is designed for **PROFESSIONAL USE** only. Only use the machine for the purpose for which it is intended. Improper use of the machine absolves the manufacturer from all liability. This manual has been compiled to help the final user perform just those operations which do not require removal of the panels.

All other operations which involve the removal of covers from instruments or electrical circuit-breakers using special tools must only be carried out by trained personnel due to the danger of rotating parts or live components.

Each machine is equipped with an electric disconnect device which allows the operator to work on the machine in absolute safety. This device must always be used to disconnect the mains supply to avoid any risk of danger during maintenance work (electric shocks, scalding, automatic start-up, moving parts and remote control).

Before servicing the dryer always make sure the compressed air circuit is depressurized.

The key provided to remove the panels must be kept by the head of maintenance.

When requesting technical assistance or ordering spare parts, always quote the model and serial number on the identification plate mounted externally on the unit.

IMPORTANT: This manual is subject to modification. For the most comprehensive and up-to-date information, the user is therefore required to consult the manual supplied with the machine.
