Injustice, Inc. Daniel L. Hatcher,2023-02-21 In Injustice Inc Daniel L Hatcher exposes how justice systems are harnessing America s history of racial and economic inequality into revenue generating operations Courts prosecutors probation policing departments and detention facilities are trading away ethics and justice to churn vulnerable children and adults into an unconstitutional factory enterprise These justice institutions are entering contracts to make money removing children from their homes monetizing harm from juvenile delinquency child welfare and child support proceedings extorting fines and fees collaborating with private debt collectors enforcing unpaid child labor seizing property incentivizing arrests and evictions maximizing occupancy in detention and treatment centers and more Hatcher details the disproportionately racialized harm and unconstitutionality of the injustice enterprise and calls for opened eyes to our justice system failings to walk a better path toward instilling truth into the words Equal Justice Under Law

Do the Crime, Do the Time G. Larry Mays,Rick Ruddell,2012-03-09 This book provides a fresh look at the way the United States is choosing to deal with some of the serious or persistent youth offenders by transferring juvenile offenders to adult courts For more than 20 years now the attitude in some jurisdictions has been if you re old enough to do the crime you re old enough to do the time After two decades of applying this increasingly punitive mindset to juvenile offenders it is possible to see the actual consequences of transferring more and younger offenders to adult courts In Do the Crime Do the Time Juvenile Criminals and Adult Justice in the American Court System the authors apply their decades of experience both in the practical world and from unique research perspectives to shed light on the influence of public opinion and the political forces that shape juvenile justice policy in the United States The book provides a fresh look at the way the United States is choosing to deal with some of the serious or persistent juvenile offenders utilizing real life examples and cases to draw connections between transfer policies and individual outcomes

Ready or Not Kay S. Hymowitz,2008-06-30 Children today grow up so fast How

often we hear those words uttered both in frustrated good humor and in dumbfounded astonishment Every day the American people hear about kids doing things both good and bad that were once thought to be well beyond their scope flying airplanes running companies committing mass murder Creatures of the information age today's children sometimes seem to know more than their parents They surf the Internet rather than read books they watch South Park instead of The Cosby Show they wear form fitting capri pants and tank tops instead of sundresses in short they are sophisticated beyond their years These facts lead us to wonder Is childhood becoming extinct In Ready or Not Kay S Hymowitz offers a startling new interpretation of what makes our children tick and where the moral anomie of today's children comes from She reveals how our ideas about childrearing itself have been transformed perniciously in response to the theories of various experts educators psychologists lawyers media executives who have encouraged us to view children as small adults autonomous actors who know what is best for themselves and who have no need for adult instruction or supervision Today's children and teenagers have been encouraged by their parents and teachers to function as individuals to such an extent that they make practically every decision on their own what to wear what to study and even what values they will adhere to The idea of childhood as a time of limited competence in which adults prepare the young for maturity has fallen into disrepute independence has become not the reward of time but rather something that our children have come to expect and demand at increasingly younger ages One of the great ironies of turning our children into small adults is that American society has become less successful at producing truly mature men and women When sophisticated children do grow up they often find themselves unable to accept real adult responsibilities Thus we see more people in their twenties and thirties living like children unwilling to embark on careers or to start families Until we recognize that children are different from grownups and need to be nurtured as such Hymowitz argues our society will be hollow at its core

Children, Sexuality, and the Law Sacha M. Coupet, Ellen

Marrus, 2015-05-22 American political and legal culture is uncomfortable with children's sexuality While aware that sexual expression is a necessary part of human development law rarely contemplates the complex ways in which it interacts with children and sexuality Just as the law circumscribes children to a narrow range of roles either as entirely sexless beings or victims or objects of harmful adult sexual conduct so too does society tend to discount the notion of children as agents in the domain of sex and sexuality Where a small body of rights related to sex has been carved out the central question has been the degree to which children resemble adults not necessarily whether minors themselves possess distinct and recognized rights related to sex sexual expression and sexuality Children Sexuality and the Law reflects on some of the unique challenges that accompany children in the broader context of sex exploring from diverse perspectives the ways in which children emerge in sexually related dimensions of law and contemporary life It explores a broad range of issues from the psychology of children as sexual beings to the legal treatment of adolescent consent This work also explores whether and when children have a right to expression as understood within the First Amendment The first volume of its kind Children

Sexuality and the Law goes beyond the traditional discourse of children as victims of adult sexual deviance by highlighting children as agents and rights holders in the realm of sex sexuality and sexual orientation **Whitaker's Book List** ,1989

Bailey-Harris,Joy

Wundersitz,1990-10-13 In response to request from Aboriginal community leaders this study examines involvement of Aboriginal youth in criminal justice process in South Australia presents statistics for types of offence number of offences prior offending records geographical variations for types of offence in metropolitan rural remote areas gives socio economic profile of offenders discusses Aboriginal police relations compares treatment of Aboriginal and non Aboriginal youth in terms of police discretion in either arresting or reporting offender and relationship between method of apprehension or and Screening Panel referral discusses system of diversion Childrens Aid Panels examines operation of Childrens Court nature of pleas legal representation reports magistrates and judges penalties **Searching the Law** Edward J. Bander, Frank

Bae,Francis R. Doyle,1987 Current Publications in Legal and Related Fields ,1989 Youth Crime and Juvenile Justice: Children's rights and state responsibilities Barry Goldson,John Muncie,2009 This three volume set of original readings is designed to reveal how and why children and young people have been repeatedly the subject of adult concern censure and intervention It conceptualises notions of childhood youth and adolescence whilst also tracing the complex history of adult intervention and juvenile justice This collection is particularly timely not only because of persistent concerns over out of control youth but also because of an apparent hardening of adult reactions in many jurisdictions Youth justice *Bowker's Law Books and Serials in Print* ,1995
