Love Alone Is Credible:

Love Alone is Credible Hans Urs von Balthasar, 2004 In this newly translated book von Balthasar delves deeper into this exploration of what love means what comprises the divine love of God and how we must become lovers of God in the footsteps of saints like Francis de Sales John of the Cross and Therese of Lisieux *Love Alone Is Credible* David L. Schindler, 2008-07-02 In this volume David L Schindler presents readers with a collection of essays garnered from the 2005 conference marking the centenary of Hans Urs von Balthasar's birth That conference hosted an international gathering of scholars among them students colleagues friends and critics of Balthasar all making an effort to engage the fundamental questions of faith and reason in light of his influential contribution to Catholic theology A wide range of topics is explored in light of the Christian mystery including metaphysics and causality the nature of rationality the relationship between God and the world and the meaning of the body Featuring an impressive list of contributors *Love Alone Is Credible* is a tribute to the profound relevance of Balthasar's thought *Love Alone* Hans Urs Von Balthasar, 1970-01-01 What differentiates Christianity from other religions Key to Christian self understanding is the recognition of the importance and glorification of divine love In this sketch Balthasar presents a theological aesthetic that covers both the study of perception and the self expression of divine glory Christian belief is thus re assessed through the lens which sees the glory of God's love **Love Alone is Credible** Hans Urs von Balthasar, 2004 **Love Alone is Credible. Hans Urs Von Balthasar as Interpreter of the Catholic Church** David L. Schindler, 2008 *The Trinity and the Paschal Mystery* Anne Hunt, 1997 As a text for college or graduate student courses as a scholarship reference and as a guide for interested educated laity *The Trinity and the Paschal Mystery* is an exhilarating and invigorating journey into the most central of the Christian mysteries the triune God The book is a valuable and thought provoking resource that complements and enriches current theologies of the Trinity *The Eschatological Judgment of Christ* Henry C. Anthony Karlson III, 2017-05-31 Hans Urs von Balthasar hopes that all might be saved Critics say that makes Balthasar a universalist and his universalism has become a hindrance for the evangelical mission of the church Why would anyone evangelize and seek to convert others to the Christian faith if it is assured that everyone will be saved Balthasar throughout his writings denied he was a universalist He said that there is no way to know if all will be saved or not Since God desires all will be saved we can hope all will be but until everyone has been judged there will be no way to know if God's desire will be accomplished Why Because God does not force salvation on anyone God gave humanity freedom and he will not remove it from anyone even if it means he risks losing some to perdition Balthasar's critics believe his denial was merely a pretense so that his speculations would not be condemned They do not take his denials seriously But should they Does he really believe it is possible some might be damned If so how By what means would anyone be damned **Augustine and Psychology** Sandra Dixon, John Doody, Kim Paffenroth, 2012-12-21 The essays in *Augustine and Psychology* edited by Sandra Lee Dixon John Doody and Kim Paffenroth relate St Augustine to the

modern theory and practice of psychology in several ways The contributors analyze Augustine s own examination of himself and occasionally others to see to what extent he himself was a doctor or practiced therapy in ways that we can recognize and appreciate they find connections between his theories of memory and mind and modern theories of the same they consider the influences and context in which he worked and how those affected him and his ideas of the mind and soul and lastly the contributors subject St Augustine to the scrutiny of modern psychoanalysis and critique such scrutiny where appropriate

Remain in Me James Keating,2019 The collaboration of priests and deacons in the ministry of the gospel has not always been without some tension Remain in Me encourages clergy with this vital challenge through concrete commitments to spiritual direction and a new way of engaging God even while ministering The book addresses their mutual dedication to remain with Christ in prayer even in the service of parishioners

Suspended God Maeve Louise Heaney,2022-03-24 Heaney traces the hidden history of music s presence in Christian thought including its often unrecognized influence on key figures such as von Balthasar Barth and Bonhoeffer She uses Lonergan s theological framework to explore musical composition as a theological act showing why when and how music is a useful symbolic form The book introduces eleven ground breaking theologians and each chapter offers an entry point into the thought of the theologian being presented through an original piece of music which can be found on the companion website <https://bloomsbury.pub/suspendedgod> Heaney argues that music is a universally important means of making sense of life with which theology needs to engage as a means of expression and of development Musical composition is presented as an appropriate and even necessary form of doing theology in its quest to engage with the past mediate truth to the present and tradition it into the future

Prophets of the Posthuman Christina Bieber Lake,2013-09-30 Prophets of the Posthuman provides a fresh and original reading of fictional narratives that raise the question of what it means to be human in the face of rapidly developing bioenhancement technologies Christina Bieber Lake argues that works by Nathaniel Hawthorne Walker Percy Flannery O Connor Toni Morrison George Saunders Marilynne Robinson Raymond Carver James Tiptree Jr and Margaret Atwood must be reevaluated in light of their contributions to larger ethical questions Drawing on a wide range of sources in philosophical and theological ethics Lake claims that these writers share a commitment to maintaining a category

of personhood more meaningful than that allowed by utilitarian ethics Prophets of the Posthuman insists that because technology can never ask whether we should do something that we have the power to do literature must step into that role Each of the chapters of this interdisciplinary study sets up a typical ethical scenario regarding human enhancement technology and then illustrates how a work of fiction uniquely speaks to that scenario exposing a realm of human motivations that might otherwise be overlooked or simplified Through the vision of the writers she discusses Lake uncovers a deep critique of the ascendancy of personal autonomy as America's most cherished value This ascendancy coupled with technology's glamorous promises of happiness helps to shape a utilitarian view of persons that makes responsible ethical behavior toward one another almost impossible Prophets of the Posthuman charts the essential role that literature must play in the continuing conversation of what it means to be human in a posthuman world *Transforming the Struggles of Tamars* Lina Androvienė, 2014-05-29 This book explores the unprecedented challenge of involuntary singleness for women and the implications of disregarding this challenge for the Christian and particularly baptistic communities of faith It argues that these communities not only fail involuntarily single women but also in so doing suffer a serious detriment to their own communal health and Christian witness Taking the challenge of involuntary singleness as a test case this book explores the method of convictional theology and argues for a holistic framework that can draw together the personal communal and visionary spheres of human existence Although primarily a work of theological ethics it also draws from a number of different disciplines including cultural studies and sociology as well as intersections of science and theology Saint Benedict's Wisdom Luigi Gioia, OSB, Translated by Barry M. Hudock, 2020-09-15 Monastic spirituality has much to offer Christians who live far beyond monastery walls In Saint Benedict's Wisdom Luigi Gioia OSB demonstrates that monastic spirituality is a gift for the whole Church Because monastic vows are fundamentally a deep dive into one's baptismal commitments monastic experience speaks to all the faithful who wish to do the same within different lifestyles As an expression of divine wisdom monasticism offers a way of deeply integrating spirituality with the rest of life teaching us to seek holiness not only in prayer but also through work sharing of food sleep and life in community Written by one of the most insightful commentators on monastic life today Saint Benedict's Wisdom shines the light of monasticism on many aspects of contemporary Christian living including evangelization leadership suffering authentic chastity the experience of God reform of structures and the practice of theology It will appeal to anyone seeking to live a more authentic Christian life in addition to vowed monastics monastic oblates and associates *Did Jesus Rise from the Dead?* Matthew Levering, 2019-02-07 The Resurrection of Jesus is at the very root of Christian faith without belief in Jesus Christianity dies In this thought provoking work Matthew Levering defends the credibility of the claim that Jesus rose from the dead Drawing on the work of N T Wright Levering shows that the historical evidence vindicates this assumption and reveals that the Gospels were backed by eyewitnesses who were living and telling their stories even during the time of the writing of the Gospels The author also emphasises the importance of

evaluating the Old Testament to validate Jesus Resurrection By highlighting the desire both in the ancient world and now to make the Resurrection more comprehensible by spiritualizing it Levering argues that the fact that the disciples themselves did not do this provides a further clue to reliability Finally the author addresses the question of why Jesus does not continue to show himself in his glorified flesh after his resurrection which is often seen as a strong case for scepticism However he shows that Jesus entire mission is predicated upon helping us to avoid cleaving to the present world over God He is leading us to where he is the kingdom of God the beginning of the new creation at the Father s right hand By developing these arguments for the historical reality of Jesus Resurrection this ground breaking study expertly draws together historical and theological reasons for believing that Jesus Resurrection happened *The Hope and Despair of Human Bioenhancement*

Paschal M. Corby,2019-12-23 *The Hope and Despair of Human Bioenhancement* is a virtual dialogue between Transhumanists of the Oxford School and the thought of Joseph Ratzinger Set in the key of hope and despair it considers whether or not the transhumanist interpretation of human limitations is correct and whether their confidence in the methods of human enhancement especially through biotechnology corresponds to genuine hope To this end it investigates the philosophical foundations of transhumanism in modernity s rejection of metaphysics the triumph of positivism and the universalism of the theory of evolution which when applied to anthropology becomes the materialist reduction of the human person Ratzinger calls into question this absolutization of positive reason and its limitation of hope to what human beings can produce naming it a pathology of reason a mutilation of human dignity and a fade of a world without hope In its place he offers a richer concept of hope that acknowledges our contingency and limitations *Benedict XVI: A Guide for the Perplexed* Tracey Rowland,2010-05-13 This is an upper level introduction to the thought and theology of Pope Benedict XVI The book explains the foundations of Ratzinger s thought by analysing the theological axes upon which his works turn and helps readers to place his thought in the context of his intellectual antecedents and contemporary interlocutors

Theological Anthropology at the Beginning of the Third Millennium Kevin Wagner,Peter John McGregor,M. Isabell Naumann,2022-04-29 *Theological Anthropology at the Beginning of the Third Millennium* is the third volume of the *Theology at the Beginning of the Third Millennium* series Bringing together Catholic and Orthodox scholars of diverse disciplines this work sheds new light on the question what does it mean to be a human person Beginning with an overview on the state of the discipline in our time the book brings theological anthropology into dialogue with epistemology Christology science spiritual theology and pedagogy It explores how human persons who are created in God s image and likeness can come to knowledge of the self and the other such that the individual person can know love and be united to the God and Father of Jesus Christ

Pneumatology at the Beginning of the Third Millennium Kevin Wagner,Peter John McGregor,M. Isabell Naumann,2023-12-01 The Holy Spirit who worked on the first Christian Pentecost continues to work in the church and the world today This being so the field of pneumatology the theology of the Holy Spirit should pique the interest of both the

average Christian and the academic theologian perhaps more than it has in recent times This collection of chapters brings pneumatology into conversation with a wide variety of disciplines including scripture patristic and medieval theology and history The result is a scholarly monograph that enriches both pneumatology and the fields with which each contributor engages Furthermore with its attention on the work of the Spirit in the sacraments and the life of the church Pneumatology at the Beginning of the Third Millennium will help pastors and catechists in their ministries to understand more deeply the riches of the theology of the Third Person of the Trinity

Solidarity with the World Carolyn A. Chau, 2016-11-15 Is Christian mission even possible today In a secular age is it possible to talk about the goodness of God in a compelling way How should the church proceed Carolyn Chau explores the question of Catholic mission in a secular age through a constructive interpretation of the work of two celebrated Catholic thinkers philosopher Charles Taylor and theologian Hans Urs von Balthasar arguing that Taylor and Balthasar together offer a promising path for mission today Chau attends to Taylor's account of the conditions of belief today and the genesis of the sociohistorical limits on contemporary God talk as well as his affirmation of certain aspects of Western modernity's culture From Balthasar Chau sifts out the distinctiveness of his view of the human person as defined by mission and his encouragement of a kenotic self understanding of the church In the end Chau claims that if modern persons in secular Western societies are seeking fulfillment and integrity Christian spirituality remains a rich resource on offer
