Women, Love, and Power Elaine Baruch, 1992-10

Elaine Baruch is not only among the most quiet-voiced and fair-minded of feminist writers. She is also among the most far-ranging in her scholarship, equally at ease with the writers of the Renaissance and Freud, the medieval troubadours, and our contemporary polemicists. Instructive, absorbing, and persuasive, Diana Trilling's lively mind is at work here, and a keen and witty writer, too, Irving Howe. This is a fine collection of essays making many imaginative conjectures and amusing connections. *Times Literary Supplement*. In these essays, what emerges is a history of romantic love. Highly recommended. *Library Journal*. Arguing that romantic love need not be a tool of women's oppression, feminist critic Baruch contends that unacknowledged male fantasies about love motivate much literature by men, rewarding provocative Publishers Weekly. Utilizing both Freudian and non-Freudian psychoanalysis, as well as feminist criticism, Baruch examines literary works by women and men from medieval and Romantic periods, as well as cultural observations on the twentieth century and how they have influenced attitudes toward love.
