Ashbridge, 2023-05-15 This book shows how twenty first century writing about Northern England imagines alternative democratic futures for the region and the English nation signalling the growing awareness of England as a distinct and variegated political formation In 2016 the Brexit vote intensified ongoing constitutional tensions throughout the UK which have been developing since the devolution of Scotland Wales and Northern Ireland in 1997 At the same time British devolution developed a distinctively cultural registration as a surrogate for parliamentary representation and an attempt to disrupt the status of London as Britain's cultural epicentre Rewriting the North shifts this debate in a new direction examining Northern literary preoccupation with devolution's constitutional implications Through close readings of six

norms They have been disenfranchised legally and politically sold on dreams of romance and domesticity Like unquiet spirits that cannot be silenced women's ghost stories speak the unspeakable revealing these contradictions and oppressions Wisker's book demonstrates that in terms of women's ghost stories there is much to point the spectral finger at and much to speak out about

The Neoliberal Imagination in Contemporary Literature Tammy Amiel Houser, 2024-08-06 This book examines the relationship between empathy and neoliberalism as it unfolded in the aftermath of the 2008 financial crisis and through the turbulent 2010s Via close readings of contemporary novels as well as various non-fictional texts it traces the changing approaches to empathy in the post-financial crisis imagination highlighting a crucial re-conceptualization of empathy as a boundaryless force untethered to local or social circumstance This reconceptualization implicitly aligns empathy with the neoliberal ethos of globalism and distances it from the traditional notion of sympathy Via complex dialogue with the novelistic tradition of sympathy contemporary novelists highlight the problematics of boundaryless empathy while exploring ways to resist neoliberal views and values Analyzing engagements with empathy in post-2008 literature and culture the book sheds light on the underlying affective dynamics that enabled the persistence of neoliberalism after the 2008 financial crisis alongside efforts to challenge its dominance

Film, Comedy, and Disability Alison Wilde, 2018-09-09 Comedy and humour have frequently played a key role in disabled people's lives for better or for worse Comedy has also played a crucial part in constructing cultural representations of disability and impairments contributing to the formation and maintenance of cultural attitudes towards disabled people and potentially shaping disabled people's images of themselves As a complex and often polysemic form of communication there is a need for greater understanding of the way we make meanings from comedy This is the first book which explores the specific role of comedic film genres in representations of disability and impairment Wilde argues that there is a need to explore different ways to synthesise Critical Disability Studies with Film Studies approaches and that a better understanding of genre conventions is necessary if we are to understand the conditions of possibility for new representational forms and challenges to ableism After a discussion of the possibilities of a fusion between Disability Studies and Film Studies and a consideration of the relationships of comedy to disability Wilde undertakes analysis of contemporary films from the romantic comedy satire and gross-out genres Analysis is focused upon the place of disabled and non-disabled people in particular films considering visual audio and narrative dimensions of representation and the ways they might shape the expectations of film audiences
