Governance And Public Policy In Canada A View From The Provinces:

Governance and Public Policy in Canada Michael M. Atkinson, Gregory P. Marchildon, Peter W. B. Phillips, Kenneth A. Rasmussen, Daniel Béland, Kathleen McNutt, 2013-01-01 Governance and Public Policy in Canada lays the foundation for a systematic analysis of policy developments shaped as they are by multiple players institutional tensions and governance legacies Arguing that provinces are now the most central site of governance and policy innovation the book assesses the role of the provinces and places the provincial state in its broader economic institutional social and territorial context The aim throughout is to highlight the crucial role of provinces in policy changes that directly affect the lives of citizens Three key themes unify this book First it addresses the role of policy convergence and divergence among provinces Although the analysis acknowledges enduring differences in political culture and institutions it also points to patterns of policy diffusion and convergence in specific areas in a number of provinces Second the book explores the push and pull between centralization and decentralization in Canada as it affects intergovernmental relations Third it underscores that although the provinces play a greater role in policy development than ever before they now face a growing tension between their expanding policy ambitions and their capacity to develop fund implement manage and evaluate policy programs Governance and Public Policy in Canada describes how the provincial state has adapted in the context of these changing circumstances to transcend its limited capacity while engaging with a growing number of civil society actors policy networks and intergovernmental bodies Governance and Public Policy in Canada Johnson-Shoyama-Graduate School, 2013-06-03

Governance and Public Policy in Canada lays the foundation for a systematic analysis of policy developments shaped as they are by multiple players institutional tensions and governance legacies Arguing that provinces are now the most central site of governance and policy innovation the book assesses the role of the provinces and places the provincial state in its broader economic institutional social and territorial context The aim throughout is to highlight the crucial role of provinces in policy changes that directly affect the lives of citizens Three key themes unify this book First it addresses the role of policy convergence and divergence among provinces Although the analysis acknowledges enduring differences in political culture and institutions it also points to patterns of policy diffusion and convergence in specific areas in a number of provinces Second the book explores the push and pull between centralization and decentralization in Canada as it affects intergovernmental relations Third it underscores that although the provinces play a greater role in policy development than ever before they now face a growing tension between their expanding policy ambitions and their capacity to develop fund implement manage and evaluate policy programs Governance and Public Policy in Canada describes how the provincial state has adapted in the context of these changing circumstances to transcend its limited capacity while engaging with a growing number of civil society actors policy networks and intergovernmental bodies **Policy Analysis in Canada** Michael Howlett, Laurent Dobuzinskis, 2018-05-23 Policy analysis in Canada brings together original contributions from many of the

field's leading scholars Contributors chronicle the evolution of policy analysis in Canada over the past 50 years and reflect on its application in both governmental and non governmental settings As part of the International Library of Policy Analysis series the book enables cross national comparison of public policy analysis concepts and practice within national and sub national governments media NGOs and other institutional settings Informed by the latest scholarship on policy analysis the volume is a valuable resource for academics and students of policy studies public management political science and comparative policy studies

International Education as Public Policy in Canada Merli Tamtik, Roopa Desai Trilokekar, Glen A. Jones, 2020-10-07 In the early twenty first century international education emerged as an almost ubiquitous concept within discussions of educational curriculum the objectives of schools universities and colleges and government policies for K 12 and higher education Although far from a new phenomenon many jurisdictions now view international education as a highly competitive global industry This book provides a comprehensive analysis of international education policy in Canada tracing the complex history of when how and why it emerged as a policy area of strategic importance Illuminating a uniquely Canadian perspective influenced by regional interests and federal provincial tensions International Education as Public Policy in Canada addresses challenging questions Why was Canada a latecomer in addressing this policy issue What is the relationship between international education and Canadian immigration policy How did international education develop as a major Canadian industry The resulting essays from leading scholars contribute not only to the growing Canadian literature on international education policy but also to a critical global conversation Contemplating where the Canadian story of international education is headed International Education as Public Policy in Canada calls for a broader debate on ethical practices in internationalization focusing on inclusion equity compassion and reciprocity

Canada and the United States David M. Thomas, Christopher Sands, 2023-06-26 Canada and the United States explains across fifteen diverse areas why and how Canada and the United States are still so different The book discusses whether or not these differences are growing the key results of such differences and the major challenges to be faced in each system Focusing on institutions political cultures and social values the book shows how both federal systems are extremely complex and how our institutions cultures and historical experiences often lead to very different outcomes The fifth edition discusses the emergence of vital new issues including the pandemic and its effects climate change energy requirements increasing international tensions and new trade problems This book also reviews massive budgetary changes new forms of protest emerging in Canada and an ongoing political crisis in the US instigated by a former president convincing millions that the 2020 election was a hoax Written by leading scholars in their field Canada and the United States reveals how the two countries compare when dealing with similar problems that often spill across the border

Provincial Policy Laboratories Brendan Boyd, Andrea Olive, 2021-06-28 Examining a range of policy areas in Canada this book assesses the extent to which governments share information and learn from each other when tackling challenging policy problems and the impact it has on national policy making

Fiscal

Federalism and Equalization Policy in Canada Daniel Béland, André Lecours, Gregory P. Marchildon, Haizhen Mou, M. Rose Olfert, 2017-08-08 Fiscal Federalism and Equalization Policy in Canada aims to increase public understanding of equalization and fiscal federalism by providing a comparative and multidisciplinary perspective on the history politics and economics of equalization policy in Canada The authors provide a brief history an analysis of the politics of equalization as witnessed over the last fifteen years and a discussion of key economic debates concerning the role of the program and its effects They also explore the relationship between equalization and other components of fiscal federalism particularly the Canada Health Transfer and the Canada Social Transfer The result is an analysis that draws from the best scholarship available in the fields of economics economic history political science political sociology and public policy *Canadian Public Finance* Geneviève Tellier, 2019-01-01 Broken down into five sections explaining how public budgets are developed Canadian Public Finance presents a comprehensive account of the budget process of the federal provincial and territorial governments With a specific focus on the public policy process Geneviève Tellier walks readers through the five steps involved in the budget process including agenda setting formulation adoption implementation and evaluation Taking a close look at how much influence key decision makers actually have over the budget process Tellier highlights recent events that reveal the political social and economic constraints that impact budgetary decisions Tellier uses key words and textboxes at the end of each chapter to reflect on current issues and new developments in the world of public finance such as gender sensitive budgets performance based budgeting and fiscal transparency Federalism in Canada Thomas O. Hueglin, 2021-04-07 Federalism in Canada tells the turbulent story of shared sovereignty and divided governance from Confederation to the present time with three main objectives in mind The first objective is to convince readers that federalism is the primary animating force in Canadian politics and that it is therefore worth engaging with its complex nature and dynamic The second objective is to bring into closer focus the contested concepts about the meaning and operation of federalism that are at the root of the divide between English Canada and Quebec in particular The third objective is to give recognition to the trajectory of Canada's Indigenous peoples in the context of Canadian federalism from years of abusive neglect to belated efforts of inclusion The book focuses on the constitution with its ambiguous allocation of divided powers the pivotal role of the courts in balancing these powers and the political leaders whose interactions oscillate between intergovernmental conflict and cooperation This focus on executive leadership and judicial supervision is framed by considerations of Canada's regionalized political economy and cultural diversity giving students a compelling and nuanced view of federalism in Canada **Canadian Federalism and Its Future** Alain-G. Gagnon, Johanne Poirier, 2020-09-23 The time is ripe to revisit Canada's past and redress its historical wrongs Yet in our urgency to imagine roads to reconciliation with Indigenous peoples it is important to keep in sight the many other forms of diversity that Canadian federalism has historically been designed to accommodate or could also reflect more effectively Canadian Federalism and Its Future brings

together international experts to assess four fundamental institutions bicameralism the judiciary as arbiter of the federal deal the electoral system and party politics and intergovernmental relations The contributors use comparative and critical lenses to appraise the repercussions of these four dimensions of Canadian federalism on key actors including member states constitutive units internal nations Indigenous peoples and linguistic minorities Pursuing the work of *The Constitutions That Shaped Us* 2015 and *The Quebec Conference of 1864* 2018 this third volume is a testimony to Canada's successes and failures in constitutional design Reflecting on the cultural pluralism inherent in this country *Canadian Federalism and Its Future* offers thought provoking lessons for a world in search of concrete institutional solutions within and beyond the traditional nation state *Improving Regulatory Governance Trends, Practices and the Way Forward* OECD, Korea Development Institute, 2017-09-05 Jointly developed by the OECD and the Korean Development Institute this report presents cutting edge thinking in how to facilitate good regulatory design and implementation **Learning in Public Policy** Claire A. Dunlop, Claudio M. Radaelli, Philipp Trein, 2018-04-28 This book explains the causal pathways the mechanisms and the politics that define the quantity and quality of policy learning A rich collection of case studies structured around a strong conceptual architecture the volume comprises fresh original empirical evidence for a large number of countries sectors and multi level governance settings including the European Commission the European Union and individual countries across Europe Australia Canada and Brazil The theoretically diverse chapters address both the presence of learning and its pathologies deploying state of the art methods including process tracing diffusion models and fuzzy set techniques *The Crown and Canadian Federalism* D. Michael Jackson, 2013-08-31 More than ever Canada's constitutional monarchy should be treasured as a distinct asset for the nation Following Queen Elizabeth II's historic Diamond Jubilee in 2012 there is renewed interest in the institution of the Crown in Canada and the roles of the queen governor general and lieutenant governor Author D Michael Jackson traces the story of the monarchy and the Crown and shows how they are integral to Canada's parliamentary democracy His book underscores the Crown's key contribution to the origins evolution and successful functioning of Canadian federalism while the place of the monarchy in francophone Canada and the First Nations receives special attention Complex issues such as the royal prerogative constitutional conventions the office of lieutenant governor and Canada's honours system are made readily accessible to the general reader Jackson examines the option of republican governance for Canada and concludes that responsible government under a constitutional monarchy is far preferable He further argues that the Crown should be treasured as a distinct asset for Canada **The High North** Andrew D. Hathaway, Clayton James Smith McCann, 2022-05-01 *The High North* is a groundbreaking collection of essays that shakes up widely accepted narratives about marijuana legalization in Canada In 2018 Canada became only the second country in the world to legalize cannabis Once shunned cannabis users are now eagerly courted as customers What has cannabis legalization meant for the general public governments and the Canadian legal system The contributors cannabis scholars and

practitioners activists and advocates examine public policy on cannabis analyze consumer perceptions and recount the history of the legalization movement From the first appearance of cannabis in Canada and the advent of current day dispensaries to the mental health implications of legal weed and the plight of workers in the cannabis economy The High North offers a comprehensive critique of the many aspects of legalization To quote the Grateful Dead What a Long Strange Trip It s Been

Federalism and Social Policy Scott L. Greer, Heather Elliott, 2019-05-24 *Federalism and Social Policy* focuses on the crucial question Is a strong and egalitarian welfare state compatible with federalism In this carefully curated collection Scott L Greer Heather Elliott and the contributors explore the relationship between decentralization and the welfare state to determine whether or not decentralization has negative consequences for welfare The contributors examine a variety of federal countries including Spain Canada and the United Kingdom asking four key questions related to decentralization 1 Are there regional welfare states such as Scotland Minnesota etc 2 How much variation is there in the structures of federal welfare states 3 Is federalism bad for welfare 4 Does austerity recentralize or decentralize welfare states By focusing on money and policy instead of law and constitutional politics the volume shows that federalism shapes regional governments and policies even when decentralization exists

Federalism and the Welfare State in a Multicultural World Elizabeth Goodyear-Grant, Richard Johnston, Will Kymlicka, John Myles, 2019-01-19 Until the 1990s social policy played an integrative role in Canada providing a counter narrative to claims that federalism and diversity undermine the potential of social policy Today however the Canadian model is under strain reflecting changes in both the welfare state and the immigration citizenship multiculturalism regime *Federalism and the Welfare State in a Multicultural World* illustrates that there are clear trends that if unchecked may exacerbate rather than overcome important social cleavages The editors argue that we are at a crucial moment to re evaluate the role of social policy in a federal state and a multicultural society and if federalism and diversity challenge traditional models of the nation building function of social policy they also open up new pathways for social policy to overcome social divisions Complacency about or naive celebration of the Canadian model is unwarranted but it is premature to conclude that the model is irredeemably broken or that all the developments are centrifugal rather than centripetal Social policy is integral to mitigating divisions of class region language race and ethnicity and its underlying values of solidarity and risk sharing also make it a critical mechanism for nation building Whether social policy actually accomplishes these goals is variable and contested The essays in this volume provide some timely answers

Keeping Canada Running G. Bruce Doern, Christopher Stoney, Robert Hilton, 2021-09-29 The federal government s promises to build back better and build back green highlight opportunities to reimagine Canadian infrastructure In this groundbreaking study authors Bruce Doern Christopher Stoney and Robert Hilton provide the first comprehensive overview of Canadian infrastructure policy examining the impact and implications of the COVID 19 pandemic and rapid technological change as Canada looks to recover and rebuild Covering more than fifty years across many sectors

the authors identify numerous challenges that have contributed to Canada's growing infrastructure deficit and suboptimal outcomes including political interference in the choice of infrastructure projects challenges for multilevel governance such as distortion of local priorities blurred accountability and unsustainable maintenance costs for municipalities the growing reliance on public private partnerships that limit transparency and public scrutiny and increased corruption associated with infrastructure projects Transforming infrastructure is notoriously difficult yet vital at a time of rapid technological change It is estimated that 75 percent of the infrastructure that will exist in 2050 does not exist today This makes it crucial that Canada invest in future proof infrastructure with the capacity to facilitate economic growth and the expansion of urban centres mitigate and adapt to the impacts of climate change and ensure resilience in response to crises and disasters Keeping Canada Running offers a timely assessment of these issues Canada's COVID 19 response and the potential contribution of the newly launched Canadian Infrastructure Bank

Manitoba Law Journal: Underneath the Golden Boy 2014 Volume 37(2) Bryan P. Schwartz, et al., Underneath the Golden Boy series of the Manitoba Law Journal reports on developments in legislation and on parliamentary and democratic reform in Manitoba Canada and beyond This issue has articles from a variety of contributing authors including Andrew M Smith Andrew Swan Bryan P Schwartz E L Forget Gerri Theule James Beddome James P Mulvale Jane Ursel Jessica Davenport Jessica Isaak Joan Grace Karine Levasseur Kathleen Buddle Kelvin Goertzen Kyle Emond Matthew Carvell Michael Ventola Michelle I Bertrand Natalie Kalmet Rana Bokhari RCL Lindsay Richard Jochelson S B Strobel Shauna MacKinnon Sherry Brown Sid Frankel Stacy Senkbeil Wayne Simpson and Zachary Kinahan

Democracy and Climate Change Frederic Hanusch, 2017-07-28 Democracy and Climate Change explores the various ways in which democratic principles can lead governments to respond differently to climate change The election cycle can lead to short termism which often appears to be at odds with the long term nature of climate change with its latency between cause and effect However it is clear that some democracies deal with climate change better than others and this book demonstrates that overall stronger democratic qualities tend to correlate with improved climate performance Beginning by outlining a general concept of democratic efficacy the book provides an empirical analysis of the influence of the quality of democracy on climate change performance across dozens of countries The specific case study of Canada's Kyoto Protocol process is then used to explain the mechanisms of democratic influence in depth The wide ranging research presented in the book opens up several new and exciting avenues of enquiry and will be of considerable interest to researchers with an interest in comparative politics democracy studies and environmental policies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY ND 4.0 license
