the racist pseudo science the regular condescension the repeated epithets the verbal abuse and even violence Despite these immense challenges the Golden Thirteen persisted understanding the power of integration the opportunities for black Americans if they succeeded and the consequences if they failed Until 1942 black men in the Navy could hold jobs only as cleaners and cooks The Navy reluctantly decided to select the first black men to undergo officer training in 1944 after enormous pressure from ordinary citizens and civil rights leaders These men segregated and sworn to secrecy worked harder than they ever had in their lives and ultimately passed their exams with the highest average of any class in Navy history In March 1944 these sailors became officers the first black men to wear the gold stripes Yet even then their fight wasn't over white men refused to salute them refused to eat at their table and refused to accept that black men could be superior to them in rank Still the Golden Thirteen persevered determined to hold their heads high and set an example that would inspire generations to come In the vein of Hidden Figures The Golden Thirteen reveals the contributions of heroes who were previously lost to history **Wallace's Year Book of Trotting and Pacing** United States Trotting Association,1922
