The Golden Fool Robin Hobb, 2003 **The Tawny Man Series Books 2 and 3: The Golden Fool, Fool's Fate** Robin Hobb, 2013-08-01 Books two and three of The Tawny Man Trilogy by international bestselling author Robin Hobb In today s crowded fantasy market Robin Hobb s books are like diamonds in a sea of zircons George R R Martin

The Golden Fool (The Tawny Man Trilogy, Book 2) Robin Hobb, 2011-09-01 Fantasy as it ought to be written George R R Martin The second book in Robin Hobb s thrilling fantasy series returns readers to the Six Duchies and the magical world of the Fitz and the Fool **The Golden Fool** Robin Hobb, Subcreation: Fictional-World Construction from J.R.R. Tolkien to Terry Pratchett and Tad Williams Stefanie Schult, 2017-01-26 The doctoral thesis argues that the term Subcreation with its revised and broadened definition in part differing from J R R Tolkien s original term sub creation may be used for the discussion of the making of fictional worlds in literary discourse The successful conception of a fictional world depends on the reader s willing suspension of disbelief This depends both on the author and his skilled composition of the world and all its aspects as well as on the reader s acceptance of this invented fictional world The author needs to create a narrative with an inner consistency which is crucial to achieving the effect of the reader s immersion in the fictional world The fundamental

aspects that an author needs to realize to achieve successful Subcreation have been structured into and analysed in four categories Language and Linguistic Variation Physiopoeia Anthropoeia and Mythopoeia Furthermore this thesis shows that as contemporary examples of fantastic literature both Tad Williams's and Terry Pratchett's fictional worlds are successfully created through the realization of these aspects of Subcreation Apart from commenting on the success of the subcreative process this thesis also remarks upon the cultural influences both authors include in their writings While both may be considered Anglophone in a general categorization Pratchett's Discworld retains a feeling of Britishness that is not to be found in Williams's Otherland The thesis proposes several approaches to Subcreation that may be studied subsequently So for example it may be possible to determine the success of an author's Subcreation by collecting empirical data Apart from literary works this field of studies may also include other media

The Enduring Fantastic Anna Höglund, Cecilia Trenter, 2021-06-11 Fantastic fiction is traditionally understood as Western genre literature such as fantasy science fiction and horror Expanding on this understanding these essays explore how the fantastic has been used in Western societies since the Middle Ages as a tool for organizing and materializing abstractions in order to make sense of the present social order Disciplines represented here include literature studies gender studies biology ethnology archeology history religion game studies cultural sociology and film studies Individual essays cover topics such as the fantastic creatures of medieval chronicle mummy medicine in eighteenth century Sweden how fears of disease filtered through the universal and adaptable vampire the gender aspects of goddess worship in the secular West ecocentrism in fantasy fiction how videogames are dealing with the remediation of heritage and more
