Goldstein International Relations 10th Edition Study Guide:

The Final Frontier Joel R. Campbell, Gigi Gokcek, 2019-03-08 The proposed book uses the Star Trek television movie and Star Wars movie series to explain key international relations IR concepts and theories It begins with an overview of the importance of science fiction in literature and film television It then presents the development of the Star Trek and Star Wars franchises and discusses how their progression through time has illustrated key IR theories and concepts As a bonus it compares the two franchises to another recent science fiction franchise used to teach IR Battlestar Galactica

Theories of International Relations Siegfried Schieder, Manuela Spindler, 2014-05-23 This book is a comprehensive guide to theories of International Relations IR Given the limitations of a paradigm based approach it sheds light on eighteen theories and new theoretical perspectives in IR by examining the work of key reference theorists The chapters are all written to a common template The introductory section provides readers with a basic understanding of the theory s genesis by locating it within an intellectual tradition paying particular attention to the historical and political context The second section elaborates on the theory as formulated by the selected reference theorist After this account of the theory s core elements the third section turns to theoretical variations examining conceptual subdivisions and overlaps further developments and internal critique The fourth section scrutinizes the main criticisms emanating from other theoretical perspectives and highlights points of contact with recent research in IR The fifth and final section consists of a bibliography carefully compiled to aid students further learning Encompassing a broad range of mainstream traditional theories as well as emerging and critical perspectives this is an original and ground breaking textbook for students of International Relations The German edition of the book won the Geisteswissenschaften International Prize collectively awarded by the Fritz Thyssen Foundation the German Federal Foreign Office and the German Publishers Booksellers Association

Politics in China William A. Joseph,2019 On October 1 2019 the People s Republic of China PRC will celebrate the 70th anniversary of its founding And what an eventful and tumultuous seven decades it has been During that time under the leadership of the Chinese Communist Party CCP China has been transformed from one of world s poorest countries into one of its fastest growing economies and from a weak state barely able to govern or protect its own territory to a rising power that is challenging the United States for global influence But in the late 1950s the PRC experienced the most deadly famine in human history caused largely by the actions and inactions of its leaders Not long after there was a collapse of government authority that pushed the country to the brink of and in some places actually into civil war and anarchy And in 1989 the CCP unleashed the army to brutally crush demonstrations by students and others calling for political reform China is now for the most part peaceful prospering and proud The CCP maintains a firm grip on power through a combination of harsh repression and popular support largely based on its recent record of promoting rapid economic growth Yet the party and country face serious challenges on many fronts including a slowing economy environmental desecration pervasive corruption extreme inequalities ethnic unrest and a rising tide of social protest Politics in China provides an accessible yet authoritative introduction to how the world s most populous nation and rapidly rising

global power is governed today The third edition has been extensively revised thoroughly updated and includes a new chapter on the internet and politics in China The book s chapters provide overviews of major periods in China s modern political history from the mid nineteenth century to the present examinations of key topics in contemporary Chinese politics and analyses of developments in four important areas located on China s geographic periphery Tibet Xinjiang Hong Kong and Taiwan
