Romans Art Ross, Martha M. Stevenson, 1999-01-01 The letter to the Romans is the pinnacle of Paul's writing and thinking Paul instructs his readers both then and now to be transformed from this world into living sacrifices holy and acceptable to God following the example of Jesus Christ Interpretation Bible Studies IBS offers solid biblical content in a creative study format Forged in the tradition of the celebrated Interpretation commentary series IBS makes the same depth of biblical insight available in a dynamic flexible and user friendly resource Designed for adults and older youth IBS can be used in small groups in church school classes in large group presentations or in personal study Unconventional Wisdom June Boyce-Tillman, 2016-04-08 Early Christianity saw women in positions of authority and a fluid theology that included feminine figures in the notion of the Divine However for centuries a male trinity has dominated theology with the characteristics of triumphalism clarity order eternality and unity Unconventional Wisdom examines the attempt within the last half of the twentieth century to unearth the hidden theological tradition of feminine Wisdom The book presents the work of influential theorists notably Foucault Belenky and Dorothy Smith The recovery of the feminine in the divine is linked with the rediscovery of subjugated value systems and what this might mean for ecclesiology *Chemical Sensors* Ghenadii Korotcenkov, 2012-07-15 Chemical sensors are integral to the automation of myriad industrial processes and everyday monitoring of such activities as public safety engine performance medical therapeutics and many more This 4 volume reference work covering simulation and modeling will serve as the perfect complement to Momentum Press's 6 volume reference works Chemical Sensors Fundamentals of Sensing Materials and Chemical Sensors Comprehensive Sensor Technologies which present detailed information related to materials technologies construction and application of various devices for chemical sensing This 4 volume comprehensive reference work analyzes approaches used for computer simulation and modeling in various fields of chemical sensing and discusses various phenomena important for chemical sensing such as bulk and surface diffusion adsorption surface reactions sintering conductivity mass transport interphase interactions etc In this work it will be shown that theoretical modeling and simulation of the processes being a basic for chemical sensors operation could provide considerable progress in choosing both optimal materials and optimal configurations of sensing elements for using in chemical sensors Each simulation and modeling volume in the present series reviews modeling principles and approaches peculiar to specific groups of materials and devices applied for chemical sensing Volume 2 Conductometric Type Sensors covers phenomenological modeling and computational design of conductometric chemical sensors based on nanostructured materials such as metal oxides carbon nanotubes and graphene This volume contains an overview of the approaches used to quantitatively evaluate characteristics of sensitive structures in which electric charge transport depends on the interaction between the surfaces of the structures and chemical compounds in the surrounding **Sensors For Domestic Applications - Proceedings Of The 1st European School Of Sensors (Ess '94)**

Gorman, 2018-07-26 The Gospel of John would seem to be both the spiritual Gospel and a Gospel that promotes Christian mission Some interpreters however have found John to be the product of a sectarian community that promotes a very narrow view of Christian mission and advocates neither love of neighbor nor love of enemy In this book for both the academy and the church Michael Gorman argues that John has a profound spirituality that is robustly missional and that it can be summarized in the paradoxical phrase Abide and go from John 15 Disciples participate in the divine love and life and therefore in the life-giving mission of God manifested in the ministry death and resurrection of Jesus As God's children disciples become more and more like this missional God as they become like his Son by the work of the Spirit This spirituality argues Gorman can be called missional theosis **Electron Technology**, 2000 *Encyklopädisches Wörterbuch oder alphabetische Erklärung*
