pure statistics Dr Kurt Taylor Gaubatz's *A Survivor's Guide to R* provides a gentle yet thorough introduction to R. The book is structured around critical R tasks and focuses on applied knowledge rather than abstract concepts. A Survivor's Guide to the Dinosaur Apocalypse, Episode Nine: "Return" Wayne Kyle Spitzer, 2020-11-14

Welcome to the Big Empty, the world after the Flashback, a world in which most of the population has vanished and where dinosaurs roam freely. You can survive here if you're lucky and if you're not in the wrong place at the wrong time, which is everywhere and all the time. But what you'll never do is remain the same, for this is a world whose very purpose is to change you for better or for worse. So take a deep dive into these loosely connected tales of the Dinosaur Apocalypse, each of which can be read individually or as a part of the greater saga of wonder and terror, death and survival, blood and beauty. Do it today, before the apocalypse comes.

He hesitated before peeling off a wedge and placing it in his mouth, at which he closed his eyes and seemed to melt, hanging back, his head working, his jaw in a circular motion, reopening his eyes, pausing suddenly. What I asked, What is it? He tilted his head, peering into the branches. Isn't that strange? I followed his gaze into the tree, but alas, saw nothing. Which of course was precisely the problem: there was nothing, no oranges, no leaves, no uppermost branches; it was as though someone or something had picked the treetop clean. Someone has a helluva reach, said Maldano. I looked around the lot at the lichen-covered Public Market and the Jersey Mike's Subs with the Prius in its window at the Vietnamese Nail Salon and the El Buzo Peruvian Restaurant. We should split up, canvas the area. Make sure there's nothing else. Yeah, said Maldano. I think you're right. I headed for the Public Market. Make a sweep of the strip mall. I'm going to check out that grocery store. He laughed a little at that, which caused me to pause. Orders, Hooper. I half-turned but didn't make eye contact. Sorry, I mean in all this. This Big Empty. This world tenanted by willows and the souls of willows. There was something in his voice. Something subtle, something contentious. Call it what you like, I said, and continued toward the market.
