Bush, City, Cyberspace John Foster,Ern Finnis,Maureen Nimon,2005-06-01 Aimed at academic professional and general readers Bush city cyberspace provides a snapshot of the state of Australian children s and adolescent literature in the early twenty first century and an insight into its history In doing so it promotes a sense of where Australian literature for young people may be going and captures a literary and critical mood with which readers in Australia and beyond will identify The title of the work is intended to capture the fact that the field has changed dramatically in the century and a half that Australian children s literature has existed from the bush myths and heroism that inform the past and the present through the recognition that the vast majority of authors and readers live in cities to the third wave of cyberliterature that incorporates multimedia hypertext weblinks and e books none of which lessens the enduring enthusiasm of practitioners and readers for books Bush city cyberspace is not meant to be an encyclopedic volume Rather well known recent and or award winning works have been emphasised with the addition of others where these help to illuminate particular points The book is similar in coverage and approach to Australian Children s Literature An Exploration of Genre and Theme written by the same three authors and published by the Centre for Information Studies in 1995 In the intervening period much has changed in the field notable

examples including the blurring of the dividing line between quality and popular literature the blending of genres the rise of a truly indigenous literature the demise to a significant extent of Outbackery in fiction the acceptance of multiculturalism as the norm and the advent of the literature of cyberspace with new methods and the sheer speed of communication between writer and reader All these trends and others are reflected in this work Master of the Books James Moloney, 2014-04-22 Marcel and Nicola are coming to terms with their new life as Prince and Princess of Elster Marcel learns what spells and charms he can by reading the books left by Lord Alwyn but soon realises his limitations in magic making when he puts the entire kingdom under a spell *Death, Gender and Sexuality in Contemporary Adolescent Literature* Kathryn James, 2009-02-10 Considering the trope of woman death the eroticizing of death and the ways in which the gendered subject is represented in dialogue with the processes of death dying and grief James shows how representations of death in young adult literature are invariably associated with issues of sexuality gender and power *In the Poet's Den* Julia Holland, 2000 Daniel Jarvis is searching for something When he is introduced to The Poet charismatic leader of the Sacred New Tribe cult he is drawn into a mesmeric new way of life a path that leads him to India His sister Hannah along with his parents are in turn led on a journey to retrieve him a pilgrimage that is both spiritual and an attempt to restore family unity But will they get through to him A haunting and evocative story In the Poet's Den is a compelling exploration of the power of cults and the nightmarish corruption of ideals The Book of Lies James Moloney, 2007-04-03 The newest boy at Mrs Timmins's Home for Foundlings and Orphans must race to uncover the Book of Lies and the truth about his past before the evil Lord Alwyn locks its secrets away forever Blizina drugosti Lucija Čok, 2006 **The Books of Lies** James Moloney, 2011 Three children Marcel Nicola and Fergus have been left mysteriously in an orphanage run by the kindly Mrs Timmins but overseen by the fearsome wizard Lord Alwyn and his creature Termagant Marcel learns that the mysterious Book of Lies can tell falsehood from truth But can it tell him who he really is He is not alone in his confusion either When the stranger Starkey arrives Marcel the haughty Nicola and battle obsessed Fergus discover that they have a vital part to play in saving the kingdom from evil But somethings not right Is Starkey friend or foe And is Lord Alwyn the evil wizard the children first thought And will the truth really be revealed in the pages of the Book of Lies **Boys and Books** James Moloney, 2002 Declining literary standards for boys is an issue of widespread concern This must have book for parents of boys looks at why boys don't read and why they should James Moloney explains the vital role of parents particularly fathers offering practical strategies on how to create reading environment for boys at home The book also includes updated comprehensive lists of recommended reading **The Oxford Encyclopedia of Children's Literature: Aamu-Duan** Jack Zipes, 2006 Children's literature first became a distinct body of writing and publishing in the eighteenth century Until the seventeenth century children were usually considered as smaller versions of adults As the notion of childhood as a distinct part of life emerged a distinct body of literature emerged as well designed both to entertain and edify this new class of readers But for much of its history books

written for children were not seen as worthy of scholarly attention. Recently this has changed with everyone from literary critics to psychologists to anthropologists to historians studying this incredibly rich outpouring. The Oxford Encyclopedia of Children's Literature is the first multi-volume set to document and interpret the books read by children in the English-speaking world. It includes brief biographies of every major author and illustrator and features essays on all genres of children's literature, individual works, and prominent trends and themes, as well as general essays on the traditions of children's literature in many countries in the world.
