Green, 2010-09-01 We read the Bible and interpret Scripture in order to live in grace filled relation to God s divine purpose When we approach the Bible as Scripture author Joel Green takes seriously the faith statement that the Bible is our Book these scriptures are our Scripture We are not reading someone else s mail as though reading the Bible had to do foremost with recovering an ancient meaning intended for someone else and then translating its principles for use in our own lives When we recall that we are the people of God to whom the Bible is addressed as Scripture we realize that the fundamental transformation is not the transformation of an ancient message into a contemporary meaning bur rather the transformation of our lives by means of God s Word This means that reading the Bible as Scripture has less to do with what tools we bring to the task however important these may be and more to do with our own dispositions as we come to our engagement with Scripture We come not so much to retrieve facts or to gain information but to be formed and ultimately transformed Scripture does not present us with texts to be mastered but with a Word God s Word intent on mastering us on

shaping our lives **The Heavenward Path; Or Progress and Perfection in the Life of Faith** William Wilson (Minister of the Free Church, Musselburgh.),1862 Johannine Studies 1975-2017 Francis J. Moloney,2017-03-13 The voice of Francis J Moloney has been heard in Johannine studies for many decades This volume gathers shorter journal articles from a publishing career that began in 1975 placing them together with new studies that appear for this first time and thus complementing Moloney s already well known commentary and scholarly monographs on the Fourth Gospel The author s work has encompassed all areas of Johannine scholarship the world that produced and first received the Fourth Gospel its theology and Christology and critical analysis of much discussed passages Well known for his extensive use of narrative and reader response criticism Francis J Moloney has in more recent years developed an interpretation of the gospel which suggests that the author s of this narrative regarded their work as the completion of scripture This unique collection therefore not only provides the past publications of a significant Johannine scholar but also reflects the development of Johannine scholarship from 1975 until today *Glory, Grace, and Truth* Alexander Tsutserov,2009-02-24 In *Glory Grace and Truth* Alexander Tsutserov argues that three concepts of the revelation of God as Jesus are unfolded throughout the Gospel of John in terms of a ratification of the covenant of the presence of God The covenantal aspects of glory confirming the presence of God are evident in Jesus the visible appearance of God the intrinsic character of God the miraculous splendor of God in Jesus s incomparable signs deeds wonders and marvelous acts and the divine honor of God in the Son glorified by the Father Grace upon grace alludes to the requests to confirm the presence of God All believers gained the grace of the presence of God in Jesus rather than Moses alone encountering the grace of the presence at Sinai The Gospel of John depicts ratification of the covenant of the presence of God in Jesus according with the covenantal articles Grace and truth alludes to Exodus 34 6 Each allusion in John depicts the full graciousness and integrity of God s character The Son possesses and bestows the Father s character onto believers by means of the Holy Spirit who is full of grace and truth The divine character and the divine Law complement each other in believers thus fulfilling the Scripture In essence the revelations of God at Sinai and in Jesus are the same In quality the latter surpasses the former in all three aspects glory grace and truth

Words of Faith Byrne, Brendan J., SJ, 2023 This work offers over 100 concise discussions of key Pauline words and concepts Its primary focus lies on the seven undisputed letters though material in the remaining letters traditionally attributed to Paul especially Ephesians and Colossians while treated separately is not neglected While accuracy has required reference to the relevant Greek words in each case the use of transliteration renders the work accessible to nonspecialists and students as well to established scholars Each entry is completed with an up to date indication of further reading in the area concerned Compiled from a distinctly theological perspective and the product of over five decades of research and teaching in Pauline studies the vocabulary is an indispensable resource for scholar and student alike

The Heart of the Qur'an Lex Hixon, 2003-09-25 Neither as Christians or Jews nor simply as intellectually responsible individuals says Hixon have members of Western civilization been sensitively educated or even accurately informed about Islam As tensions between America and the Middle East grow we should promote cross cultural understanding not violence This new edition with a new foreword and commentary by Neil Douglas Klotz allows the reader to drink from the illuminating fountain of the Holy Qur an the foundation of Islamic culture First published in 1988 Hixon s poetic meditations on over nine hundred passages from the Qur an show that they are not relics from the past but exist in a timeless present communicating as vividly as when they were first uttered Through clear and accessible language Hixon illustrates how the teachings of Islam can be applied to contemporary everyday life issues such as love relationships justice work and self knowledge In addition to the selections themselves the book contains readable lively introductions to the tradition of Islam its basic precepts and what it says about other religions As the first such work in English to be written by a Muslim The Heart of the Qur an continues to show that Islam is among the great wisdom traditions of humanity

Prologue and Gospel Elizabeth Harris, 2004-12-30 The structure and content of the Johannine prologue determine the structure and content of the whole Gospel It provides the reader with seminal statements about the cosmic situation and God s plan for mankind statements which are explicated thereafter Elizabeth Harris demonstrates that a type of prologue found in ancient Greek literature could be the literary convention behind John 1 1 18

Karl Barth on Faith Brandon K. Watson, 2024-03-18 The present volume examines an underdeveloped component in the theology of Karl Barth Specifically the work asks how and to what extent can faith be understood as ontologically proper to the trinitarian becoming of God The work argues for an ontological grounding of faith in the becoming of God To do so Watson performs an in depth examination of Barth s understanding of the concept of faith Using Barth s threefold movement of revelation the work

contends God can be thought of as the subject Glaubender predicate Glaube and object Geglaubte of faith Barth's theological exposition of Jesus as subject and object of election offers a promising proposal for how faith is ontologically understood At the same time the argument brings to the fore a crucial component of Barth's theological program namely the concept of recognition Anerkennung God's recognizing faith is then conceived as the condition of the possibility of human faith Drawing on Barth's entire oeuvre Watson offers an understanding of the divine becoming of faith that opens possibilities for thinking systematically about the realization of the corresponding human faith

Freedom and Necessity in Modern Trinitarian Theology Brandon Gallaher, 2016 Freedom and Necessity in Modern Trinitarian Theology examines the tension between God and the world through a constructive reading of the Trinitarian theologies and Christologies of Sergii Bulgakov 1871-1944 Karl Barth 1886-1968 and Hans Urs von Balthasar 1905-1988 It focuses on what is called the problematic of divine freedom and necessity and the response of the writers Problematic refers to God being simultaneously radically free and utterly bound to creation God did not need to create and redeem the world in Christ It is a contingent free gift Yet on the other side of a dialectic he also has eternally determined himself to be God as Jesus Christ He must create and redeem the world to be God as he has so determined In this way the world is given a certain free necessity by him because if there were no world then there would be no Christ A spectrum of different concepts of freedom and necessity and a theological ideal of a balance between the same are outlined and then used to illumine the writers and to articulate a constructive response to the problematic Brandon Gallaher shows that the classical Christian understanding of God having a non-necessary relationship to the world and divine freedom being a sheer assertion of God's will must be completely rethought Gallaher proposes a Trinitarian Christocentric and cruciform vision of divine freedom God is free as eternally self-giving self-emptying and self-receiving love The work concludes with a contemporary theology of divine freedom founded on divine election
