

2024 ECONOMICS 12 MACROECONOMICS ESSAYS (P1)

A. CIRCULAR FLOW

1. Discuss in detail the markets within the FOUR-SECTOR model. (20 marks)

INTRODUCTION

- ✓ **Market** is the mechanism that brings buyers and sellers together to exchange goods and services. ✓✓
- ✓ Markets coordinate economic activities and determine prices of goods and services. ✓✓

BODY

PRODUCT AND FACTOR MARKETS

Product market/Goods/Output markets ✓

- Product market is where goods and services are exchanged for money. ✓✓
- E.g. Shoprite retailer. ✓
- These are markets for consumer goods and services. ✓✓
- **In economics a distinction is made between goods and services:**
- Goods are defined as any tangible items such as clothing, food cars that satisfy human wants or need. ✓✓
- Capital and consumer goods are traded in these markets. ✓✓
- Capital goods market are trading buildings and machinery. ✓✓
- Consumer goods markets are trading durable consumer goods, semi-durable goods and non-durable goods. ✓✓
- Services are defined as non-tangible actions e.g. wholesalers and retailer, transport and financial markets. ✓✓

Factor market/Resource/Input markets ✓

- Factor market is where factors of production are traded. ✓✓ e.g. labour is hired and capital is borrowed. ✓✓
- Households sell factors of production in this market. ✓✓
- These services earn wages for labour, interest for capital, rent for natural resources and profits for entrepreneurship. ✓✓
- Labour can be bought and sold in this market. ✓✓
- Factor market includes labour, property and financial markets. ✓✓
 - ✓ Product markets and factor markets are related in the sense that the demand for factor services is a derived demand. ✓✓

2014 Annual Competitiveness Ranking And Simulation Study For Asean-10 And Development Strategies To Enhance Asia Economic Connectivity Khee Giap Tan, Sangiita Wei Cher Yoong, Sasidaran Gopalan, Le Phuong Anh Nguyen, 2016-07-14 With the launch of the ASEAN Economic Community in December 2015 ASEAN is at a crossroads once again Having braved through various crises since its establishment in 1967 how can ASEAN leverage on increasing integration to maintain its growth momentum in the pursuit of greater competitiveness and prosperity Combining leading edge research methodologies with an extensive database the Asia Competitiveness Institute ACI at Lee Kuan Yew School of Public Policy National University of Singapore has evaluated and tracked competitiveness for the ten ASEAN members annually since 2000 In this second edition the competitiveness ranking and simulation study for the ASEAN 10 economies are improved and updated with 121 indicators across four environments The Geweke causality analysis is employed to offer deeper insights into the transitional economies as well as the top performers in the region These novel empirical frameworks are placed within the overarching strategic thrust of the ASEAN centric Asia Economic Connectivity Vision 2030 which encompasses astute workable policies through five broad proposals for furthering regional economic cooperation in Asia Generation Jobless? P. Vogel, 2015-03-05 Offering guidance on the opportunities and threats for future generations and featuring interviews with business leaders this book provides a constructive look at change It directs the youth to become job creators not job seekers and to approach the corporate and political worlds with an entrepreneurial mind set A New U Ryan Craig, 2018-09-11 Every year the cost of a four year degree goes up and the value goes down But for many students there s a better answer So many things are getting faster and cheaper Movies stream into your living room without ticket or concession stand costs The world s libraries are at your fingertips instantly and for free So why is a college education the only thing that seems immune to change Colleges and universities operate much as they did 40 years ago with one major exception tuition expenses have risen dramatically What s more earning a degree takes longer than ever before with the average time to graduate now over five years As a result graduates often struggle with enormous debt burdens Even worse they often find that degrees did not prepare them to obtain and succeed at good jobs in growing sectors of the economy While many learners today would thrive with an efficient and affordable postsecondary education the slow and pricey road to a bachelor s degree is starkly the opposite In A New U Faster Cheaper Alternatives to College Ryan Craig documents the early days of a revolution that will transform or make obsolete many colleges and universities Alternative routes to great first jobs that do not involve a bachelor s degree are sprouting up all over the place Bootcamps income share programs apprenticeships and staffing models are attractive alternatives to great jobs in numerous growing sectors of the economy coding healthcare sales digital marketing finance and accounting insurance and data analytics A New U is the first roadmap to these groundbreaking programs which will lead to more student choice better matches with employers higher return on investment of cost and time and stronger

economic growth **Influencing Higher Education Policy** Ant Bagshaw,Debbie McVitty,2019-08-14 Drawing together a team of expert contributors from across the sector to offer contemporary descriptions and critical reflection of practice in higher education *Influencing Higher Education Policy* uncovers the nature of policymaking and interpretation With a suite of authors whose experiences range from governmental to academic this book shares insights from professionals working in the field of higher education policy to provide useful practical and implementable information Placing focus on professional aspects and with practical examples bringing to light experiences insights and recommendations across policy and public affairs this book is divided into three sections It covers concepts and theories for policy influence regulation and the role of government and institutions engagement with policy Furthermore it considers what it means to work in policy and public affairs in higher education the increased complexity and fluidity of higher education politics regulatory reforms in higher education the position of the student in policy discourses Offering a contemporary representation *Influencing Higher Education Policy* is an indispensable guide for all those who work in higher education particularly those who work in communications strategy planning and leadership roles *Evaluating Public Communication* Jim Macnamara,2017-09-05 *Evaluating Public Communication* addresses the widely reported lack of rigorous outcome and impact oriented evaluation in advertising public relations corporate government political and organizational communication and specialist fields such as health communication This transdisciplinary analysis integrates research literature from each of these fields of practice as well as interviews content analysis and ethnography to identify the latest models and approaches Chapters feature a review of 30 frameworks and models that inform processes for evaluation in communication including the latest recommendations of industry bodies evaluation councils and research institutes in several countries recommendations for standards based on contemporary social science research and industry initiatives such as the IPR Task Force on Standards and the Coalition for Public Relations Research Standards an assessment of metrics that can inform evaluation including digital and social media metrics 10 informal research methods and over 30 formal research methods for evaluating public communication evaluation of public communication campaigns and projects in 12 contemporary case studies *Evaluating Public Communication* provides clear guidance on theory and practice for students researchers and professionals in PR advertising and all fields of communication **Let's Be Reasonable** Jonathan Marks,2023-01-31 A conservative college professor s compelling defense of liberal education Not so long ago conservative intellectuals such as William F Buckley Jr believed universities were worth fighting for Today conservatives seem more inclined to burn them down In *Let s Be Reasonable* conservative political theorist and professor Jonathan Marks finds in liberal education an antidote to this despair arguing that the true purpose of college is to encourage people to be reasonable and revealing why the health of our democracy is at stake Drawing on the ideas of John Locke and other thinkers Marks presents the case for why now more than ever conservatives must not give up on higher education He recognizes that professors and administrators frequently adopt the language and priorities of the left but he

explains why conservative nightmare visions of liberal persecution and indoctrination bear little resemblance to what actually goes on in college classrooms Marks examines why advocates for liberal education struggle to offer a coherent defense of themselves against their conservative critics and demonstrates why such a defense must rest on the cultivation of reason and of pride in being reasonable More than just a campus battlefield guide Let's Be Reasonable recovers what is truly liberal about liberal education the ability to reason for oneself and with others and shows why the liberally educated person considers reason to be more than just a tool for scoring political points *Fires Next Time* Peter Christoff, 2023-11-28

Following a three year drought and during the hottest and driest year on record a flume of scorching air set the Australian continent aflame The Black Summer fires were unprecedented Over six months in 2019-20 they burned more than 24 million hectares of Australia's southern and eastern forests one of the largest areas burnt anywhere on Earth in a single event The fires killed 33 people and 430 more died as an indirect consequence and they caused unfathomable harm to native species Their economic ramifications were extensive and enduring State and federal governments and communities were underprepared for that inferno and its many impacts Yet global warming is increasing the likelihood of such events The Fires Next Time offers a comprehensive assessment of the Black Summer fires Its contributors analyse the event from many vantage points and disciplines historical climate scientific ecological economic and political They assess its impacts on human health and wellbeing on native plants and animals and on fire management and emergency response They consider whether reactions could have been different and what is needed to improve our handling of future bushfires Contributors include Sophie Aitken Danielle Celermajer Andrew Dowdy Robyn Eckersley Michael Shawn Fletcher Tom Griffiths Michael Grose Pham Van Ha David Karoly Rod Keenan Andrew King Tom Kompas Christine Li Greg Mullins Stephen Pyne Libby Rumpff David Schlosberg Kevin Tolhurst Sotiris Vardoulakis Iain Walker and Brendan Wintle Keynes and his Contemporaries

Atsushi Komine, 2014-05-09 This book examines how the Cambridge School economists such as J M Keynes constructed revolutionary theories and advocated drastic policies based on their ideals for social organizations and their personal characteristics Although vast numbers of studies on Marshall Keynes and Marshallians have been published there have been very few studies on the Keynesian Revolution or Keynes's relevance to the modern world from archival and intellectual viewpoints which focus on Keynes as a member of the Cambridge School This book approaches Keynes from three directions person time and perspective The book provides a better understanding of how Keynes struggled with problems of his time and it also offers valuable lessons on how to survive fluctuating global capitalism today It focuses on eight key economists as a group in a public sphere rather than as a school a unified theoretical denominator and clarifies their visions and the widespread beliefs at the time by investigating their common motivations lifestyles values and habits **Why I Stand**

Burgess Owens, 2018-10-30 American Individualism has been the crown jewel of a nation that based on its Judeo-Christian values has prioritized God family and freedom to outdream its obstacles It is the freedom of this individual spirit that is

under attack by its adversarial ideology Marxist Socialism This destructive ideology has resulted in killing fields of bodies souls and dreams of billions worldwide Consistent is the destruction of manhood womanhood the family and every pillar that supports love of God and country Why I Stand documents an ideology that uses trust to divide and betray It was the ideology of the 1910 NAACP National Association for the Advancement of Colored People founded by twenty one White Marxist Socialist atheist and eugenicist Democrats They succeeded within decades to undermine the progress of the most entrepreneurial patriotic Christian educated family oriented and competitive minority in our nation during that era the Black community This strategy of trust betrayal is utilized by many of today s politicians and corporate leaders It has been the Congressional Black Congress that have voted 100% for every anti Black policy demanded of them by their White Democratic leadership It has been the NFL that has prioritized its expansion to 10 international countries over loyalty to its American fans Its leadership has justified the denigration of its All American brand in exchange for a global World Citizen brand American Individualism is the sole source of progress granting each individual the chance and stimulation for development of the best with which he has been endowed in heart and mind President Herbert Hoover We MUST defend it Law and Justice around the World Mikaila Mariel Lemonik Arthur,2020-02-25 Law and Justice around the World is designed to introduce students to comparative law and justice including cross national variations in legal and justice systems as well as global and international justice The book draws students into critical discussions of justice around the world today by taking a broad perspective on law and justice rather than limiting its focus to criminal justice systems examining topics of global concern including governance elections environmental regulations migration and refugee status family law and others focusing on a diverse set of global examples from Europe North America East Asia and especially the global south and comparing the United States law and justice system to these other nations continuing to cover core topics such as crime law enforcement criminal courts and punishment including chapter goals to define learning outcomes sharing case studies to help students apply concepts to real life issues Instructor resources include discussion questions suggested readings films and web resources a test bank and chapter by chapter PowerPoint slides with full color maps and graphics By widening the comparative lens to include nations that are often completely ignored in research and teaching the book paints a more realistic portrait of the different ways in which countries define and pursue justice in a globalized interconnected world
