

ROBERT S. McELVAIN

The background of the book cover is a bright blue sky with a few wispy clouds. In the bottom left corner, the top of a white church steeple is visible, featuring arched windows and a cross on its peak. Three men in dark business suits are positioned horizontally across the upper middle of the cover. They are all leaning forward and pulling on a single rope that extends from the right, passes behind them, and then loops around the cross on the church steeple. The title 'GRAND THEFT JESUS' is printed in large, bold, red capital letters across the center of the image, partially overlapping the men and the sky.

## **Grand Theft Jesus The Hijacking Of Religion In America:**

*Grand Theft Jesus* Robert S. McElvaine, 2009 We re mad as Heaven and we re not going to take it anymore declares historian Robert McElvaine in this passionate and often hilarious rallying cry for sincere Jesus followers He lets us know that the extreme right wing won t be allowed to speak for all Christians any longer This polemic blends outrage and humor to expose the televangelists and the leaders of megachurches as the people Jesus warned us about The religion McElvaine calls Christianity Lite promises Be saved without sacrifice or good works Run by a crew of politicians megachurch preachers televangelists hypocrites and snake oil salesmen it has hijacked true Christianity and distorted it into something Jesus wouldn t recognize a religion that advocates war and intolerance values money above charity preaches hatred instead of brotherhood and promises true believers the keys to the gates of the kingdom of God and to the bank From publisher description

*After the Election* Ron Scott Sanders, 2018-04-05 The role of Evangelical Christianity in American public life is controversial The mythology of America as a Christian nation and the promissory note of secularism have proved inadequate to cope with the increasing pluralism the resilience of spirituality and the wariness toward formal religion that mark our post secular age Christianity and democracy have a complex history together but is there a future where these two great traditions draw the best out of one another What does that future look like in a heterogeneous society Sanders argues that democracy is stronger when it allows all of its religious citizens to participate fully in the public sphere and Christianity is richer when it demonstrates the wisdom of God from the ground up rather than legislating it from the top down In this reality the Evangelical church must return to Christianity s prophetic roots and see itself as a community in exile where participation in the political is important but not ultimate where the substantive work of the church happens after the election

*Kierkegaard for the Church* Ronald F. Marshall, 2013-08-30 Most of what is written on Kierkegaard today is for the college classroom and academic conferences The guiding question of this book is that if Kierkegaard s words about Christianity are true how do they change the way we learn and practice the Christian faith today This book is an answer to that question It does not enter into an extended critical discussion over the truth of Kierkegaard s ideas Instead it just believes what Kierkegaard said and runs with it It does that by showing how his ideas change our understanding of Christian identity suffering and illness worship and preaching the Bible baptism prayer marriage and divorce criticism and the Christian minister Interspersed are many quotations from Martin Luther whose thought significantly shaped Kierkegaard s At the end of the book is a hefty collection of sermons to show how all of this can be preached in the church What Kierkegaard for the Church adds to our understanding of Kierkegaard is the place of the church in his thought Because of his criticisms of the Danish state church and his stress on the need for the single individual to appropriate Christian teachings it could be imagined that he rejected the church But that would be to throw the baby out with the bath The fact is that Kierkegaard remained a loyal son of the church even while he attacked it And he did this only so he could strengthen what he loved

*Economic Injustice and the Rhetoric of the American Dream* Luke Winslow, 2017-07-24 Our economic arrangements require a persuasive story that can explain who is rich who is poor and why This story shapes our attitudes toward what is just and unjust this story dispenses power to some and withholds it from others and the deeply political and paradoxical nature of this story presents a valuable site of rhetorical inquiry *Economic Injustice and the Rhetoric of the American Dream* fills an important scholarly gap by connecting the need to make sense of economic arrangements with the rhetoric of the American Dream Luke Winslow examines how the rhetoric of the American Dream has emerged as a dominant cultural touchstone in oscillation with a widespread shift to individualistic explanations for economic arrangements the arrival of neoliberalism growing levels on inequality and dismal rates of economic mobility By developing the tools of rhetorical and ideological criticism this book explores the American Dream in relation to religious economic educational and political institutions ranging from Prosperity Theology to the candidacy and election of Donald Trump Recommended for scholars in Communication Economics Political Science and Religious Studies

*Mediating Faiths* Guy Redden, 2016-04-29 Religion is living culture It continues to play a role in shaping political ideologies institutional practices communities of interest ways of life and social identities *Mediating Faiths* brings together scholars working across a range of fields including cultural studies media sociology anthropology cultural theory and religious studies in order to facilitate greater understanding of recent transformations Contributors illustrate how religion continues to be responsive to the very latest social and cultural developments in the environments in which it exists They raise fundamental questions concerning new media and religious expression religious youth cultures the links between spirituality personal development and consumer culture and contemporary intersections of religion identity and politics Together the chapters demonstrate how belief in the superempirical is negotiated relative to secular concerns in the twenty first century

**Jesus in an Age of Enlightenment** Jonathan C. P. Birch, 2019-07-18 This book explores the religious concerns of Enlightenment thinkers from Thomas Hobbes to Thomas Jefferson Using an innovative method the study illuminates the intellectual history of the age through interpretations of Jesus between c 1650 and c 1826 The book demonstrates the persistence of theology in modern philosophy and the projects of social reform and amelioration associated with the Enlightenment At the core of many of these projects was a robust moral theological realism sometimes manifest in a natural law ethic but always associated with Jesus and a commitment to the sovereign goodness of God This ethical orientation in Enlightenment discourse is found in a range of different metaphysical and political identities dualist and monist progressive and radical which intersect with earlier heretical tendencies in Christian thought Arianism Pelagianism and Marcionism This intellectual matrix helped to produce the discourses of irenic toleration which are a legacy of the Enlightenment at its best

*The Theology of Dallas Willard* Gary Black, 2013-08-06 Evangelical Christianity in the United States is currently in a dramatic state of change Yet amidst this sometimes tumultuous religious environment a rather unique blend of both ancient and contemporary Christian theology has

found its way into the hearts and minds of emerging generations of Christians The Theology of Dallas Willard both describes and conveys the essence of this increasingly popular and perhaps mediating view of the gospel of Jesus Christ Blending both a prophetic critique with pastoral encouragement Willard's unique understanding of the reality present within a life lived as a disciple of Jesus in the kingdom of God is attracting both new and traditional Christians to reconsider their faith

**The South and America Since World War II** James Charles Cobb, 2011 In this sweeping narrative Cobb covers such diverse topics as Dixiecrats the southern strategy the South's domination of today's GOP immigration the national ascendance of southern culture and music and the roles of women and an increasingly visible gay population in contemporary southern life Beginning with the early stages of the civil rights struggle Cobb discusses how the attack on Pearl Harbor set the stage for the demise of Jim Crow He examines the NAACP's postwar assault on the South's racial system the famous bus boycott in Montgomery the emergence of Rev Martin Luther King in the movement and the dramatic protests and confrontations that finally brought profound racial changes and two party politics to the South

**Religion und Politik in den Vereinigten Staaten von Amerika** Norbert Finzsch, Stefanie Coché, 2012

**Mockingbird Grows Up** Michele Reutter, Jonathan S. Cullick, 2024-01-12 Although Harper Lee's Pulitzer Prize winning novel To Kill a Mockingbird has attracted a great deal of scholarly and popular attention due to its engaging narrative and broad appeal to a sense of justice little has been done to examine the modern classic through the lens of Lee's controversial lost novel Go Set a Watchman published unexpectedly a year before the author's death In Mockingbird Grows Up Re Reading Harper Lee since Watchman Cheli Reutter and Jonathan S Cullick assemble a team of scholars to take on the task of interpreting contextualizing and deconstructing To Kill a Mockingbird in the wake of Go Set a Watchman The essays contained in this groundbreaking volume cover a range of literary topics such as race sexuality language and reading contexts Critically the volume revisits the question of African American characterization in Lee's work and reexamines the development of Atticus Finch a character long believed to be an exemplar of justice and virtue in Lee's fiction And perhaps most imperative the editors take on questions regarding the publication of Go Set a Watchman and Holly Blackford contributes an essay that places Go Set a Watchman within the pantheon of American literature Literary scholars educators and those interested in southern literature will appreciate the new light this publication sheds on a classic American novel Mockingbird Grows Up offers a deeper understanding of a canonical American work and prepares a new generation to engage with Harper Lee's appealing prose complex characters and influential metaphors

Conspiracies and Conspiracy Theories in American History Christopher R. Fee, Jeffrey B. Webb, 2019-05-24 This up to date introduction to the complex world of conspiracies and conspiracy theories provides insight into why millions of people are so ready to believe the worst about our political legal religious and financial institutions Unsupported theories provide simple explanations for catastrophes that are otherwise difficult to understand from the U S Civil War to the Stock Market Crash of 1929 to the terrorist attacks on the World Trade Center in New York Ideas about

shadowy networks that operate behind a cloak of secrecy including real organizations like the CIA and the Mafia and imagined ones like the Illuminati additionally provide a way for people to criticize prevailing political and economic arrangements while for society's disadvantaged and forgotten groups conspiracy theories make their suffering and alienation comprehensible and provide a focal point for their economic or political frustrations These volumes detail the highly controversial and influential phenomena of conspiracies and conspiracy theories in American society Through interpretive essays and factual accounts of various people organizations and ideas the reader will gain a much greater appreciation for a set of beliefs about political scheming covert intelligence gathering and criminal rings that has held its grip on the minds of millions of American citizens and encouraged them to believe that the conspiracies may run deeper and with a global reach

Party Polarization in America B. Dan Wood, Soren Jordan, 2017-08-18 This book shows that party polarization in America is the norm not the exception and is rooted in class based conflict characterizing all of American history

On the Mystery Catherine Keller, 2007-11-08 With immediate impact and deep creativity Catherine Keller offers this brief and unconventional introduction to theological thinking especially as recast by process thought Keller takes up theology itself as a quest for religious authenticity Through a marvelous combination of brilliant writing story reflection and unabashed questioning of old shibboleths Keller redeems theology from its dry and predictable categories to reveal what has always been at the heart of the theological enterprise a personal search for intellectually honest and credible ways of making sense of the loving mystery that encompasses even our confounding times

*The Other Irish* Karen F McCarthy, 2011-11-01 What do Mark Twain Neil Armstrong and John McCain have in common They're all descendants of a merry group of Scots Irish braggarts that crossed the Atlantic from Ireland in the early 1700s and settled in America's South Also known as the Other Irish this wild bunch of patriotic rebellious fervently religious rascals gave us the NRA at least fourteen presidents decisive victories in the Revolutionary War a third of today's US Military country music Star Wars the Munchkins American style Democracy and even the religious right not to mention NASCAR whose roots go back to Prohibition era moonshine runners Yet few Americans are familiar with the Other Irish or their contributions to American culture Now author and documentary filmmaker Karen McCarthy shines a probing light on this fascinating topic illuminating the extent to which the Scots Irish helped weave the fabric of our nation

*The Other Evangelicals* Isaac B. Sharp, 2023-04-18 What's the first thing that comes to mind when you hear evangelical For many the answer is white patriarchal conservative or fundamentalist but as Isaac B Sharp reveals the big tent of evangelicalism has historically been much bigger than we've been led to believe In *The Other Evangelicals* Sharp brings to light the stories of those twentieth century evangelicals who didn't fit the mold including Black feminist progressive and gay Christians Though the binary of fundamentalist evangelicals and modernist mainline Protestants is taken for granted today Sharp demonstrates that fundamentalists and modernists battled over the title of evangelical in post World War II America In fact many ideologies characteristic of evangelicalism today such as biblical womanhood and political

conservatism arose only in reaction to the popularity of evangelical feminism and progressivism Eventually history was written by the winners the Billy Grahams of American religion while the losers were expelled from the movement via the establishment of institutions such as the National Association of Evangelicals Carefully researched and deftly written The Other Evangelicals offers a breath of fresh air for scholars seeking a more inclusive history of religion in America Q Spirit Top 23 LGBTQ Christian Books List 2023      **The Money Cult** Chris Lehmann,2016-05-31 A grand and startling work of American history America was founded we re taught in school by the Pilgrims and other Puritans escaping religious persecution in Europe an austere and pious lot who established a culture that remained pure and uncorrupted until the Industrial Revolution got in the way In The Money Cult Chris Lehmann reveals that we have it backward American capitalism has always been entangled with religion and so today s megapastors for example aren t an aberration they re as American as Benjamin Franklin Tracing American Christianity from John Winthrop to the rise of the Mormon Church and on to the triumph of Joel Osteen The Money Cult is an ambitious work of history from a widely admired journalist Examining nearly four hundred years of American history Lehmann reveals how America s religious leaders became less worried about sin and the afterlife and more concerned with the material world until the social gospel was overtaken by the gospel of wealth Showing how American Christianity came to accommodate and eventually embrace the pursuit of profit as well as the inescapability of economic inequality The Money Cult is a wide ranging and revelatory book that will make you rethink what you know about the form of American capitalism so dominant in the world today as well as the core tenets of America itself

**The Great Depression** Robert S. McElvaine,1993-12-06 One of the classic studies of the Great Depression featuring a new introduction by the author with insights into the economic crises of 1929 and today In the twenty five years since its publication critics and scholars have praised historian Robert McElvaine s sweeping and authoritative history of the Great Depression as one of the best and most readable studies of the era Combining clear eyed insight into the machinations of politicians and economists who struggled to revive the battered economy personal stories from the average people who were hardest hit by an economic crisis beyond their control and an evocative depiction of the popular culture of the decade McElvaine paints an epic picture of an America brought to its knees but also brought together by people s widely shared plight In a new introduction McElvaine draws striking parallels between the roots of the Great Depression and the economic meltdown that followed in the wake of the credit crisis of 2008 He also examines the resurgence of anti regulation free market ideology beginning in the Reagan era and argues that some economists and politicians revised history and ignored the lessons of the Depression era      **Miracles** Patrick J. Hayes,2016-01-11 Miracles give hope to the hopeless and exemplify the intersection of the divine and the mundane They have shaped world history and continue to influence us through their presence in films television novels and popular culture This encyclopedia provides a unique resource on the philosophical historical religious and cross cultural conceptions of miracles that cut across denominational lines Multidisciplinary in

approach this informative yet entertaining encyclopedia covers major aspects of miraculous phenomena through more than 150 alphabetically arranged entries that document how humanity's belief in religious miracles over multiple places, periods, and faiths have affected society, even changed the course of history. Written for high school students and general readers, the coverage enables readers to learn about different civilizations and cultures, the controversies surrounding different beliefs, and the often uncomfortable engagement of religion with science. This single volume book provides a one-stop ready reference that addresses a broad variety of subject matter on miraculous phenomena and guides further investigations into the subject. Helpful illustrations and lucid explanations of the ancillary concepts associated with miraculous phenomena make learning about this topic more engaging. Readers will be able to link the doctrinal concepts such as grace or prayer with the descriptions of miraculous events, especially those associated with saints or holy objects. The examination of the controversial aspects of different belief systems, along with the book's balanced coverage of the interpretation of miracles, will encourage students to weigh different explanations, thus fostering the development of their critical thinking skills.

**'The Times They Were a-Changin'** Robert S. McElvaine, 2022-06-07. An award-winning historian on the transformative year in the sixties that continues to reverberate in our lives and politics for readers of Heather Cox Richardson. If 1968 marked a turning point in a pivotal decade, 1964—or rather the long 1964 from JFK's assassination in November 1963 to mid-1965—was the time when the sixties truly arrived. It was then that the United States began a radical shift toward a much more inclusive definition of American with a greater degree of equality and a government actively involved in social and economic improvement. It was a radical shift accompanied by a cultural revolution. The same month Bob Dylan released his iconic ballad "The Times They Are a-Changin'." In January 1964, President Lyndon Johnson announced his War on Poverty. Spurred by the civil rights movement and a generation pushing for change, the Civil Rights Act, the Voting Rights Act, and the Immigration and Nationality Act were passed during this period. This was a time of competing definitions of freedom: freedom from racism, freedom from poverty. White youth sought freedoms they associated with black culture, captured imperfectly in the phrase "sex, drugs, and rock n' roll." Along with freedom from racist oppression, black Americans sought the opportunities associated with the white middle class. White freedom. Women challenged rigid gender roles. And in response to these freedoms, the changing mores and youth culture, the contrary impulse found political expression in such figures as Barry Goldwater and Ronald Reagan, proponents of what was presented as freedom from government interference. Meanwhile, a non-event in the Tonkin Gulf would accelerate the nation's plunge into the Vietnam tragedy. In narrating 1964's moment of reckoning when American identity began to be reimagined, McElvaine ties those past battles to their legacy today. Throughout, he captures the changing consciousness of the period through its vibrant music, film, literature, and personalities.

**'Criminalising Contagion'** Catherine Stanton, Hannah Quirk, 2016-06-09. The use of the criminal law to punish those who transmit disease is a topical and controversial issue. To date, the law and the related academic literature has largely focused on HIV transmission. With contributions from leading

practitioners and international scholars from a variety of disciplines this volume explores the broader question of if and when it is appropriate to criminalise the transmission of contagion The scope and application of the laws in jurisdictions such as Canada the United Kingdom and Norway are considered historical comparisons are examined and options for the further development of the law are proposed
