Nineteenth century France grew fascinated with the local past Thousands of citizens embraced local archaeology penned historical vignettes and monographs staged historical pageants and created museums and pantheons of celebrities St phane Gerson s rich elegantly written and timely book provides the first cultural and political history of what contemporaries called the cult of local memories an unprecedented effort to resuscitate the past instill affection for one s locality and hence create a sense of place A wide range of archival and printed sources some of them untapped until now inform the author s engaging portrait of a little known realm of Parisian entrepreneurs and middling provincials of obscure historians and intellectual luminaries Arguing that the local and modernity were interlaced rather than inimical between the 1820s and 1890s Gerson explores the diverse uses of local memories in modern France from their theatricality and commercialization to their political and pedagogical applications The Pride of Place shows that contrary to our received ideas about French nationhood and centralism the local buttressed the nation while seducing Parisian and local officials The state cautiously supported the cult of local memories even as it sought to co opt them and grappled with their cultural and political implications The current enthusiasm for local memories Gerson thus finds is neither new nor a threat to Republican unity More broadly yet this book illuminates the predicament of countries that like France are now caught between supranational forces and a revival of local sentiments *Syntaxe des noms géographiques en français contemporain* Jørgen Lomholt,1983 **Cinderella Across Cultures** Martine Hennard Dutheil de la Rochère,Gillian Lathey,Monika Wozniak,2016-06-01 Readers interested in the visual arts in translation studies or in popular culture as well as a wider audience wishing to discover the tale anew will delight in this collection **Néolibéralisme(s)** Serge Audier,2012-02-15 Pour beaucoup le n o lib ralisme constitue le ph nom me majeur de notre temps C est lui qui donnerait la cl de la crise conomique et financi re des nouvelles formes de management ou encore de la privatisation du monde Il est pourtant difficile d y voir clair travers cette notion Le n o lib ralisme est ce le laisser faire ou bien l av nement d un Etat fort au service de la concurrence S agit il d un mod le hyper individualiste et

libertaire ou bien d'un nouveau conservatisme normalisateur Pour s'y retrouver ce livre propose une géographie internationale des idées néolibérales depuis les années 1930 travers ces moments que furent le Colloque Walter Lippmann 1938 et la sociologie du Mont Pèlerin 1947 Il montre comment la crise du libéralisme après le Krach de Wall Street a entraîné des révisions et des affirmations doctrinales visant sauver les idées libérales Mais loin de toute vision complotiste et linéaire il soutient aussi que la redéfinition du libéralisme a fait l'objet de conflits féroces entre ceux que l'on appellera les néolibéraux Sur cette base sont établies des distinctions historiques et conceptuelles entre des mouvements que l'on confond trop souvent le conservatisme le néo-conservatisme le libéralisme et le néolibéralisme Revenant sur le travail des think tanks et des principaux théoriciens de ces mouvances le livre montre aussi la présence de traditions nationales hétérogènes Alors que la droitisation de l'Europe semble aujourd'hui en marche une telle mise en perspective permet de mieux déchiffrer la crise de légitimité du capitalisme et les réponses politiques qui lui sont données

La Concurrence pénitentiaire en France René Colombain, 1904 *Claude La Colombière Sermons* Claude La Colombière, 2014-01-15 This volume presents for the first time English language translations

of twelve sermons by St Claude La Colombiere Canonized in 1992 by Pope John Paul II Claude was a 17th century Jesuit priest who authenticated the visions of St Margaret Mary Alacoque and promoted devotion to the Sacred Heart Like St Francis of Assisi Claude had been a man of privilege and was a literary figure with a reputation as a master of Christian eloquence He died a martyr at the age of forty one Each sermon in this volume addresses a different issue under the general theme of Christian conduct Together these sermons present the notions central to Claude s preaching and general attitude above all the ideas of habituation and confidence in God Preaching during Claude s lifetime developed under a variety of influences most notably the thematic sermons of the late medieval period and the humanistic retrieval of classical letters during the Renaissance Claude worked within and helped to create the stylistic conventions of the day by drawing on scripture and the Church Fathers in an attempt to convert his listeners Taking a hybrid approach to his craft he brought a balanced use of rhetorical art into the pulpit so as to please as well as to instruct and move his audience hereby promoting the development of French classicism in the second half of the seventeenth century In his commentary on the sermons William O'Brien examines the dynamic vision of the human person that emerges from St Claude s preaching and considers what this might mean for readers of today While offering a historical literary study of his preaching the work is located firmly in the contemporary quest for a new unity between the theoretical and the practical in Christianity What results is a book with a unique appeal General readers interested in their own spiritual growth as well as scholars and students of religious history theology and French literature will find this book to be a valuable resource
