A Freedom Bought with Blood Jennifer C. James,2012-09-01 In the first comprehensive study of African American war literature Jennifer James analyzes fiction poetry autobiography and histories about the major wars waged before the desegregation of the U S military in 1948 Examining literature about the Civil War the Spanish American Wars World War I and World War II James introduces a range of rare and understudied texts by writers such as Victor Daly F Grant Gilmore William Gardner Smith and Susie King Taylor She argues that works by these as well as canonical writers

such as William Wells Brown Paul Laurence Dunbar and Gwendolyn Brooks mark a distinctive contribution to African American letters In establishing African American war literature as a long standing literary genre in its own right James also considers the ways in which this writing centered as it is on moments of national crisis complicated debates about black identity and African Americans claims to citizenship In a provocative assessment James argues that the very ambivalence over the use of violence as a political instrument defines African American war writing and creates a compelling contradictory body of literature that defies easy summary

Moses and the Monster and Miss Anne Carole C. Marks, 2024-03-18 This engaging history presents the extraordinary lives of Patty Cannon Anna Ella Carroll and Harriet Tubman three dangerous women who grew up in early nineteenth century Maryland and were vigorously enmeshed in the social and political maelstrom of antebellum America The monstrous Patty Cannon was a reputed thief murderer and leader of a ruthless gang who kidnapped free blacks and sold them back into slavery whereas Miss Anna Ella Carroll a relatively genteel unmarried slaveholder foisted herself into state and national politics by exerting influence on legislators and conspiring with Governor Thomas Holliday Hicks to keep Maryland in the Union when many state legislators clamored to join the Confederacy And of course Harriet Tubman slave rescuer abolitionist and later women s suffragist was both hailed as the Moses of her people and hunted as an outlaw with a price on her head worth at least ten thousand dollars All three women lived for a time in close proximity on the Eastern Shore of Maryland an isolated region that thrived on tobacco and then lost it procured slaves and then lost them and produced strong minded women and then condemned them Though they never actually met and their backgrounds and beliefs differed drastically these women s lives converged through their active experiences of the conflict over slavery in Maryland and beyond the uncertainties of economic transformation the struggles in the legal foundation of slavery and most of all the growing dispute in gender relations in America Throughout this book Carole C Marks gleans historical fact and sociological insight from the persistent myths and exaggerations that color the women s legacies and she investigates the common roots and motivations of three remarkable figures who bucked the era s expectations for women She also considers how each woman s public identity reflected changing ideas of domesticity and the public sphere spirituality and legal rights and limitations Cannon Carroll and Tubman each in her own way passionately fought for the future of Maryland and the United States and from these unique vantage points Moses and the Monster and Miss Anne portrays the intersecting and conflicting forces of race economics and gender that threatened to rend a nation apart

Force and Freedom Kellie Carter Jackson, 2020-08-14 From its origins in the 1750s the white led American abolitionist movement adhered to principles of moral suasion and nonviolent resistance as both religious tenet and political strategy But by the 1850s the population of enslaved Americans had increased exponentially and such legislative efforts as the Fugitive Slave Act and the Supreme Court's 1857 ruling in the Dred Scott case effectively voided any rights black Americans held as enslaved or free people As conditions deteriorated for African Americans black abolitionist leaders embraced violence as the only means of shocking Northerners out of their apathy and instigating an antislavery war In *Force and Freedom* Kellie Carter Jackson provides the first historical analysis exclusively focused on the tactical use of violence among antebellum black activists Through rousing public speeches the burgeoning black press and the formation of militia groups black abolitionist leaders mobilized their communities compelled national action and drew international attention Drawing on the precedent and pathos of the American and Haitian Revolutions African American abolitionists used violence as a political language and a means of provoking social change Through tactical violence argues Carter Jackson black abolitionist leaders accomplished what white nonviolent abolitionists could not creating the conditions that necessitated the Civil War *Force and Freedom* takes readers beyond the honorable politics of moral suasion and the romanticism of the Underground Railroad and into an exploration of the agonizing decisions strategies and actions of the black abolitionists who though lacking an official political voice were nevertheless responsible for instigating monumental social and political change
