Harry Potter And International Relations

Nicholas J. Kiersey, Iver B. Neumann

Harry Potter And International Relations:

Harry Potter and International Relations Daniel H. Nexon, Iver B. Neumann, 2006-05-25 Why not take seriously the claim that Harry Potter's world intertwines with our own In this timely yet otherworldly volume more than a dozen scholars of international relations join hands to demonstrate how this well loved artifact of popular culture reflects and shapes our own lifeworld A wide range of historical and sociological sources shows how Harry's world contains aspects of our own Practices such as quidditch dovetail quite clearly with muggle sports and the very Britishness of the books has in translation into languages such as Turkish and Arabic been transformed to reflect these unique cultures Chapters on the political economy of the franchise as well as the scholarly problems of studying popular culture frame what is essentially a highly informing read

Harry Potter and International Relations Daniel H. Nexon, Iver B. Neumann, 2006-05-25 Drawing on a range of historical and sociological sources this work shows how aspects of Harry's world contain aspects of our own It also includes chapters on the political economy of the franchise and on the problems of studying popular culture

The Politics and International Relations of Fantasy Films and Television Joel R. Campbell, 2023-02-09 This book uses several fantasy movies or movie series and television series to explain political and international relations IR concepts and theories It begins with an overview of the importance of fantasy in literature film and television and its increasing impact on the field of International Relations It then presents the political IR and social issues in each franchise and in five chapters uses these tales key story arcs or plot points to illustrate major political and IR themes The volume pays particular attention to such fantasy franchises as Lord of the Rings Game of Thrones the Harry Potter films recent fairytale and children's stories and female led fantasy projects

Literature and International Relations Paul Sheeran, 2016-05-23 Making a strong case for the relevance of literary production to understanding international relations this persuasive volume highlights the potential rewards of developing a methodology to bring literature to bear on a discipline which has tended to neglect fictional sources Paul Sheeran considers the deep insight that can be gained from the study of key works in fiction and literature to enhance knowledge of the social forces shaping world affairs While there are numerous relevant works the author has carefully selected multi faceted and colourful sources of material to explore developments in contemporary global issues such as the demise of the Soviet Union the attack on the World Trade Centre infectious diseases and human conflict This exciting book enthusiastically breaks new ground and is highly suitable for courses on international relations cultural studies and literature

International Relations Theory Oliver Daddow, 2009-04-01 Written in a straightforward and clear style this course companion is designed to augment rather than replace existing textbooks for the course and provides easy access to the key theories in international relations

The Poetics of International Politics Milan Babík, 2018-10-26 A cutting edge contribution to the aesthetic turn in international relations scholarship this book exposes the role of poetic techniques in constituting the reality of international politics It has two symmetrical goals to illuminate the nonempirical fictions of factual

international relations literature and to highlight the real factual inspirations and implications of contemporary international relations fiction Employing narrative theory developed by Hayden White the author examines factual and fictional accounts of world affairs ranging from the anarchy narrative central to mainstream international relations research to novels by Don DeLillo and Milan Kundera Chapters analyzing factual literature flesh out its unacknowledged inventions while those dedicated to fiction explain its political roots and agenda Throughout the distinction between factual and fictional representations of international relations breaks down Social scientific narratives emerge as exercises in rhetoric the art and politics of persuasion through language Artistic narratives surface as real pedagogical lessons and exercises in political activism The volume challenges the autonomy of academic international relations as an exclusive purveyor of serious knowledge about world affairs and calls for active engagement with literary art It will be of interest to scholars of International Relations Political Theory Historiography Cultural Theory and Literary Studies and Criticism

Vicarious Identity in International Relations Christopher S. Browning, Pertti Joenniemi, Brent J. Steele, 2021-01-19 Vicarious identification or living through another is a familiar social psychological concept As this book argues it is also an under appreciated and increasingly relevant strategy of international relations According to this theory states identify and establish special relationships with other nations often in an aspirational way in order to strengthen their sense of self security and status on the global stage In addition to theorizing vicarious identity in global politics and exploring a range of cases the book outlines a qualitative methodology for analyzing vicarious identity at the collective level

Battlestar Galactica and International Relations Nicholas J. Kiersey, Iver B. Neumann, 2013 Tackling some of the key contemporary issues in IR the writers of BSG have taken on a range of important political themes and issues including the legitimacy of military government the tactical utility of genocide and even the philosophical implications of artificial intelligence technologies for the very category of what it means to be human The contributors in this book explore in depth the argument that one of the most important aspects of popular culture is to naturalize or normalise a certain social order by further entrenching the expectations of social behaviour upon which our mentalities of rule are founded

Cultural Politics in Harry Potter Rubén Jarazo-Álvarez, Pilar Alderete-Diez, 2019-08-29 Cultural Politics in Harry Potter Life Death and the Politics of Fear is the first book length analysis of topics such as death fear and biopolitics in J K Rowling's work from controversial and interdisciplinary perspectives This collection brings together recent theoretical and applied cultural studies and focuses on three key areas of inquiry 1 wizarding biopolitics and intersected discourses 2 anxiety death resilience and trauma and 3 the politics of fear and postmodern transformations As such this book provides a comprehensive overview of national and gender discourses as well as the transiting bodies in between in relation to the Harry Potter books series and related multimedia franchise situates the transformative power of death within the fandom transmedia and film depictions of the Potterverse and critically deconstructs the processes of subjectivation and legitimation of death and fear examines the strategies and

mechanisms through which cultural and political processes are managed as well as reminding us how fiction and reality intersect at junctions such as terrorism homonationalism materialism capitalism posthumanism and technology Exploring precisely what is cultural about wizarding politics and what is political about culture this book is key reading for students of contemporary literature media and culture as well as anyone with an interest in the fictional universe and wizarding world of Harry Potter

Uses of Iver Neumann Halvard Leira, Alireza Shams Lahijani, Einar Wigen, 2024-11-18 This book engages with the work of Iver B Neumann demonstrating the past present and future importance of his work as a central IR scholar who set a path for younger researchers to make sense of international relations beyond traditional bounds By closely examining his work some of the leading contemporary political scientists reflect on the eclecticism that embodies Neumann's theorisation Expert contributors engage in a critical review of his work on identity practice theory discourse knowledge production mentoring and methodology looking beyond the person to say something about the state of the field and the craft of research altogether These reflections engage in critical assessment of the state of International Relations as a discipline taking stock of theoretical and methodological challenges that scholars face and reviewing the changes and continuities in knowledge production within social sciences This book would be of interest to students researchers and educators working on themes of diplomacy anthropology popular culture identity foreign policy and knowledge production and introducing them to the state of the discipline key texts and key developments over the past 30 years

Discovering Childhood in International Relations J. Marshall Beier, 2020-06-13 This book examines how and why in the context of International Relations children's subjecthood has all too often been relegated to marginal terrains and children themselves automatically associated with the need for protection in vulnerable situations as child soldiers refugees and conflated with women all typically with the accent on the Global South Challenging us to think critically about childhood as a technology of global governance the authors explore alternative ways of finding children and their agency in a more central position in IR in terms of various forms of children's activism children and climate change children and security children and resilience and in their inevitable role in governing the future Focusing on the problems pitfalls promises and prospects of addressing children and childhoods in International Relations this book places children more squarely in the purview of political subjecthood and hence more centrally in IR

International Relations in the Anthropocene David Chandler, Franziska Müller, Delf Rothe, 2021-04-20 This textbook introduces advanced students of International Relations and beyond to the ways in which the advent of and reflections on the Anthropocene impact on the study of global politics and the disciplinary foundations of IR The book contains 24 chapters authored by senior academics as well as early career scholars and is divided into four parts detailing respectively why the Anthropocene is of importance to IR challenges to traditional approaches to security the question of governance and agency in the Anthropocene and new methods and approaches going beyond the human nature divide Chapter 9 Security in the Anthropocene is available open access under a Creative Commons Attribution 4.0

International License via link [springer.com](https://www.springer.com) Re-Reading Harry Potter Suman Gupta, 2009-06-25 This book discusses the political and social presumptions ingrained in the texts of the Harry Potter series and examines the manner in which they have been received in different contexts and media The 2nd edition also contains extensive new material which comments on the later books and examines the impact of the phenomenon across the world **Contemporary Issues in Politics & International Relations** Nesrin Kenar, 2021-12-26 Conflict is a phenomenon as old as human history Although the actors and reasons have changed conflicts have occurred in every period of history In the pre Cold War era conflicts in the international system were experienced between states The conflicts during the Cold War mainly were interstate conflicts arising from the rivalry between the two blocs In this period it was expected that the threat to the security of a state would come from outside the borders of the state and from other states For this reason all the regulations made by the League of Nations which was established at the end of the First World War and the United Nations which was established after the Second World War to protect international peace and security included the measures to be taken against the attack or threat of attack by one state against another state However the developments that took place right after the end of the Cold War confirmed that the risk of interstate conflict decreased and new security threats emerged in this period The conflicts that emerged in the post Cold War period were separatist conflicts due to ethnic and religious reasons such as the former Yugoslavia and Georgia or intra border conflicts that occurred for other reasons such as in Syria Upon the inadequacy of international organizations and international law to intervene in intra border conflicts the concept of security was redefined and a transformation from the security of the state to the security of the individual took place New security threats such as environmental security human security food security terrorism weapons of mass destruction and pandemics have been identified One of the reasons for the decrease in conflicts between states in the post Cold War period is that states mostly use soft power instead of military force in achieving their foreign policy goals The structure of the international system is also a dynamic that affects conflicts After the end of the bipolar system the transformation of the international system is not yet complete One of the most critical problems in today's world is the competition and struggle between states to become the future superpower While the US wants the current status quo to continue China is trying to change the status quo in its favour The European Union is to become the dominant power in the international system after its transformation in the post Cold War period **Heroism in the Harry Potter Series** Dr Katrin Berndt, Dr Lena Steveker, 2013-05-28 Taking up the various conceptions of heroism that are conjured in the Harry Potter series this collection examines the ways fictional heroism in the twenty first century challenges the idealized forms of a somewhat simplistic masculinity associated with genres like the epic romance and classic adventure story The collection's three sections address broad issues related to genre Harry Potter's development as the central heroic character and the question of who qualifies as a hero in the Harry Potter series Among the topics are Harry Potter as both epic and postmodern hero the series as a modern day example of

psychomachia the series indebtedness to the Gothic tradition Harry's development in the first six film adaptations Harry Potter and the idea of the English gentleman Hermione Granger's explicitly female version of heroism adult role models in Harry Potter and the complex depictions of heroism exhibited by the series minor characters Together the essays suggest that the Harry Potter novels rely on established generic moral and popular codes to develop new and genuine ways of expressing what a globalized world has applauded as ethically exemplary models of heroism based on responsibility courage humility and kindness

Otherworldly Politics Stephen Benedict Dyson, 2015-06-30 A compelling look at the analogous political worlds of science fiction fantasy and international relations In *Otherworldly Politics* Stephen Benedict Dyson examines the fictional but deeply political realities of three television shows *Star Trek* *Game of Thrones* and *Battlestar Galactica* Dyson explains how these shows offer alternative histories and future possibilities for humanity Fascinated by politics and history science fiction and fantasy screenwriters and showrunners suffuse their scripts with real world ideas of empire war civilization and culture lending episodes a compelling intricacy and contemporary resonance Dyson argues that science fiction and fantasy television creators share a fundamental kinship with great minds in international relations Screenwriters like Gene Roddenberry George R R Martin and Ronald D Moore are world builders of no lesser creativity Dyson argues than theorists such as Woodrow Wilson Kenneth Waltz and Alexander Wendt Each of these thinkers imagines a realm specifies the rules of its operation and by so doing shows us something about ourselves and how we interact with one another Combining intellectual and real world history with lucid theoretical analysis the book is a vital challenge to scholars and a spur to creative thinking for fans of these three influential shows

Handbook on Teaching and Learning in Political Science and International Relations John Ishiyama, William J. Miller, Eszter Simon, 2015-02-27 With a focus on providing concrete teaching strategies for scholars the *Handbook on Teaching and Learning in Political Science and International Relations* blends both theory and practice in an accessible and clear manner In an effort to help faculty

Trust in International Relations Hiski Haukkala, Carina van de Wetering, Johanna Vuorelma, 2018-04-09 Trust is a core concept in International Relations IR representing a key ingredient in state relations It was only relatively recently that IR scholars began to probe what trust really is how it can be studied and how it affects state relations In the process three distinct ways of theorising trust in IR have emerged trust as a rational choice calculation as a social phenomenon or as a psychological dimension *Trust in International Relations* explores trust through these different lenses using case studies to analyse the relative strengths and weaknesses of different approaches The case studies cover relations between United States and India ASEAN and Southeast Asian countries Finland and Sweden USA and Egypt The European Union and Russia Turkey's relations with the West This book provides insights with real world relevance in the fields of crisis and conflict management and will be of great interest for students and scholars of IR security studies and development studies who are looking to develop a more sophisticated understanding of how different theories of trust can be used in different situations

The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY 4.0 license

International Relations Theory and Philosophy Cerwyn Moore, Chris Farrands, 2010-01-04 Discusses the contribution of philosophers and thinkers whose ideas have recently begun to permeate international relations theory and seeks to integrate diverse ideas broadly concerned with the interpretive theory and methods of international relations

Fictional International Relations Sungju Park-Kang, 2014-06-05 This book proposes the idea of fictional International Relations IR and engages with feminist IR by contextualising the case of a woman spy in Korea in the Cold War. Fictional imagination and feminist IR encourage one to go beyond conventional or standard ways of thinking; it reshapes taken-for-granted interpretations and assumptions. This takes the view that a dominant narrative of events might be reconstructed as a different kind of story once events are placed within a wider temporal approach. The case of the woman Korean secret agent who reportedly bombed a South Korean plane, Korean Airlines KAL Flight 858, under the instruction from the North Korean leadership to disrupt the Seoul Olympic Games is chosen to serve as an effective example of fictional IR and feminist IR scholarship which can be investigated through the research puzzles concerning gender, pain and truth. Fictional International Relations has three main objectives. First, it investigates the way in which fiction writing can become a method for dealing with data problems and contingency in IR. Second, the book examines how gender, pain and truth operate or interact in the case of the Korean spy and how this observation can strengthen feminist IR in terms of intersectionality. Finally, the author goes on to explore why this case has been so difficult to study openly and thoroughly. The aim of the book is not to refute the official findings; the point is to unpack complex dynamics surrounding truth, more specifically how the official account has been executed as the truth based on a feminist-informed investigation. This book will be of interest to students of IR theory, critical security studies, Cold War studies, gender studies and Asian studies.

As recognized, adventure as well as experience just about lesson, amusement, as skillfully as bargain can be gotten by just checking out a books **Harry Potter And International Relations** after that it is not directly done, you could take even more with reference to this life, a propos the world.

We have the funds for you this proper as capably as easy showing off to acquire those all. We allow Harry Potter And International Relations and numerous book collections from fictions to scientific research in any way. along with them is this Harry Potter And International Relations that can be your partner.

Harry Potter And International Relations Introduction

In the digital age, access to information has become easier than ever before. The ability to download Harry Potter And International Relations has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Harry Potter And International Relations has opened up a world of possibilities. Downloading Harry Potter And International Relations provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Harry Potter And International Relations has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Harry Potter And International Relations. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Harry Potter And International Relations. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Harry Potter And International Relations, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from.

In conclusion, the ability to download Harry Potter And International Relations has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Harry Potter And International Relations Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
