Anglophone horror films are typically approached as the inevitable by products of psychological and social demons haunting filmmakers and their homelands in short as if they were our collective nightmares These reflectionist approaches have led horror films routinely and reductively to be framed as mouthpieces for misogynistic sadists lurking in the shadows of the exploitation sector as defiant expressions of resistance enacted by noble progressives or as platforms for the politically reactionary evils of the biggest scariest monster of all Hollywood The industry logic strategies and practices that heavily determine horror film content the nature of horror film production promotion and dissemination as well as the responses to these activities have therefore been either side stepped completely or reduced unhelpfully to the profit making motives underwriting all capitalist endeavours Consequently even though horror has been a key component of media output for almost a century the genre s industrial character remains under explored and poorly understood EDITOR *Hosted Horror on Television* Bruce Markusen,2021-07-27 In October 1957 Screen Gems made numerous horror movies available to local television stations around the country as part of a package of films called Shock Theater These movies became a huge sensation with TV viewers as did the horror hosts who introduced the films and offered insight often humorous into the plots the actors and the directors This history of hosted horror walks readers through the best TV horror films beginning with the 1930s black and white classics from Universal Studios and ending with the grislier color films of the early 1970s It also covers and explores the horror hosts who presented them some of whom faded into obscurity while others became iconic within the genre A History of Horror, 2nd Edition Wheeler Winston Dixon,2023-02-10 Ever since horror leapt from popular fiction to the silver screen in the late 1890s viewers have experienced fear and pleasure in exquisite combination Wheeler Winston Dixon s fully revised and updated A History of Horror is still the only book to offer a comprehensive survey of this ever popular film genre Arranged by decades with outliers and franchise films overlapping some years this one stop sourcebook unearths the historical origins of characters such as Dracula Frankenstein and the Wolfman and their various incarnations in film from the silent era to comedic sequels In covering the last decade this new edition includes coverage of the resurgence of the genre covering the swath of new groundbreaking horror films directed by women Black and queer horror films and a new international wave in body horror films A History of Horror explores how the horror film fits into the Hollywood studio system how the distribution and exhibition of horror films have changed in a post COVID world and how its enormous success in American and European culture expanded globally over time Dixon examines key periods in the horror film in which the basic precepts of the genre were established then banished into conveniently reliable and malleable forms

and then after collapsing into parody rose again and again to create new levels of intensity and menace A History of Horror supported by rare stills from classic films brings over sixty timeless horror films into frightfully clear focus zooms in on today's top horror Web sites and champions the stars directors and subgenres that make the horror film so exciting and popular with contemporary audiences

Deformed and Destructive Beings George Ochoa,2017-02-10 Why are audiences drawn to horror films Previous answers to that question have included everything from a need to experience fear to a hunger for psychotherapy This critical text proposes that the horror film's primary purpose is to present monsters best understood as deformed and destructive beings These monsters satisfy the audience's desire to know these beings in particular those beings too fantastic and dangerous to know in real life The text illuminates many aspects of the horror film genre including epistemology ethics evaluation history monster taxonomy and filmmaking techniques

Drive-in Dream Girls Tom Lisanti,2015-05-07 During the 1960s a bushel of B movies were produced and aimed at the predominantly teenage drive in movie audience At first teens couldn't get enough of the bikini clad beauties dancing on the beach or being wooed by Elvis Presley but by 1966 young audiences became more interested in the mini skirted go go boot wearing independent minded gals of spy spoofs hot rod movies and biker flicks Profiled herein are fifty sexy young actresses that teenage girls envied and teenage boys desired including Quinn O Hara Melody Patterson Hilarie Thompson Donna Loren Pat Priest Meredith MacRae Arlene Martel Cynthia Pepper and Beverly Washburn Some like Sue Ane Langdon Juliet Prowse Marlyn Mason and Carole Wells appeared in major studio productions while others such as Regina Carrol Susan Hart Angelique Pettyjohn and Suzie Kaye were relegated to drive in movies only Each biography contains a complete filmography Some also include the actresses candid comments and anecdotes about their films the people they worked with and their feelings about acting A list of web sites that provide further information is also included

The Encyclopedia of Hammer Films Chris Fellner,2019-07-31 Dracula and Frankenstein Christopher Lee and Peter Cushing These are just a few of the icons of Hammer Films To horror fans the name Hammer conjures visions of hissing vampires and buxom beauties in low cut negligees But Britain's Hammer Film Productions Ltd was much more than just a fright factory For more than thirty years the company turned out neatly crafted entries in a variety of genres ranging from comedies to pirate yarns murder mysteries to war pictures At the heart of Hammer's remarkable success was its access to American financing and American theaters But more than that the

individuals behind the scenes knew how to make good films on tight budgets These pictures have withstood the test of time and continue to be enjoyed all over the world The Encyclopedia of Hammer Films details the surprising story of Britain's most successful independent film company and includes Entries on all of Hammer's feature films featurettes and television episodes including staff production details US and UK release data cast synopses reviews behind the scenes quotes and US financial participation Capsule biographies of directors producers technicians and actors including the lovely ladies of Hammer glamour Special entries on Hammer related topics including tax shelter companies Hammerscope the British Board of Film Censors and the recent Hammer reboot An annotated appendix of more than 150 unrealized Hammer projects A chronological annotated listing of every production and coproduction from the company's inception in 1934 An invaluable resource this volume includes snapshots of the men and women who made the studio a success including Peter Cushing Terence Fisher Christopher Lee Ingrid Pitt and Jimmy Sangster as well as such iconic films as The Curse of Frankenstein The Devil Rides Out Dracula Has Risen from the Grave and Vampire Circus With more than six hundred entries The Encyclopedia of Hammer Films is a must have for every fan of this unique studio

The Spaces and Places of Horror Francesco Pascuzzi, Sandra Waters, 2020-01-16 This volume explores the complex horizon of landscapes in horror film culture to better understand the use that the genre makes of settings locations spaces and places be they physical imagined or altogether imaginary In The Philosophy of Horror No 1 Carroll discusses the geography of horror as often situating the filmic genre in liminal spaces as a means to displace the narrative away from commonly accepted social structures this use of space is meant to trigger the audience's innate fear of the unknown This notion recalls Freud's theorization of the uncanny as it is centered on recognizable locations outside of the Lacanian symbolic order In some instances a location may act as one of the describing characteristics of evil itself In A Nightmare on Elm Street teenagers fall asleep only to be dragged from their bedrooms into Freddy Krueger's labyrinthine lair an inescapable boiler room that enhances Freddie's powers and makes him invincible In other scenarios the action may take place in a distant little known country to isolate characters Roth's Hostel films or as a way to mythicize the very origin of evil Bava's Black Sunday Finally anxieties related to the encroaching presence of technology in our lives may give rise to postmodern narratives of loneliness and disconnect at the crossing between virtual and real places in Kurosawa's Pulse the internet acts as a gateway between the living and spirit worlds creating an oneiric realm where the living vanish and ghosts move to replace them This suggestive topic begs to be further investigated this volume represents a crucial addition to the scholarship on horror film culture by adopting a transnational comparative approach to the analysis of formal and narrative concerns specific to the genre by considering some of the most popular titles in horror film culture alongside lesser known works for which this anthology represents the first piece of relevant scholarship
