Grace And Responsibility A Wesleyan Theology For Today:

Grace and Responsibility John B. Cobb, 1995 This first effort at constructive Wesleyan theology to appear in United Methodist circles since the formation of the denomination in 1868 draws on the historical and literary work that has characterized Wesley studies in recent years However it moves beyond them to propose a way of reconstructing essential elements of Wesley's thought in service of the life and mission of United Methodists today *John Wesley's Teachings, Volume 2* Thomas C. Oden, 2012-08-07 The first presentation of John Wesley's doctrinal teachings in a systematic form that is also faithful to Wesley's own writings in ebook format Wesley was a prolific writer and commentator on Scripture yet it is commonly held that he was not systematic or internally consistent in his theology and doctrinal teachings On the contrary Thomas C Oden intends to demonstrate here that Wesley displayed a remarkable degree of consistency over sixty years of preaching and ministry The book helps readers to grasp Wesley's essential teachings in an accessible form so that the person desiring to go directly to Wesley's own writings which fill eighteen volumes will know exactly where to turn **A Womanist Holistic Soteriology** Lahrona Welch Little, 2023-04-24 A Womanist Holistic Soteriology Stitching Fabrics with Fine Threads is a construction of womanist holistic soteriology that is inclusive of many voices and perspectives and promotes communal responsibility A soteriology that considers notions of personhood theology spirituality and praxeology is holistic inclusive and grace filled This soteriological study begins with a historical overview of the development of notions of salvation beginning in ancient Egyptian thought and the concept of Ma at balance wholeness and moral ethics Lahrona Welch Little conducts an exploration of the word salvation in different West African languages and reveals more expansive narratives around salvation that do not subjugate human beings but rather encourage agency and celebrate the beingness of God's creation Grounded in womanist and Black feminist discourse and methodology this rendition of womanist holistic soteriology holds notions of grace agency and spirituality by stitching together interviews with theologians scholars and practitioners utilizing the philosophical concepts of binary complementarity and holism and sharing what womanist holistic soteriology as praxis looks like in a communal setting Exemplars, Imitation, and Character Formation Eric Yang, 2024-08-22 This volume examines the role and relevance of exemplars and the practice of imitation in character development and formation While the role of exemplars and imitation in spiritual and moral formation has been an integral part of many religious and wisdom traditions in recent times there has been limited theological and philosophical investigation into it and a dearth of interdisciplinary discussion The book brings together relevant research and insights from leading experts within philosophy psychology and theology with a slight emphasis on Christian approaches to exemplars and imitation especially given the reflection on these themes throughout the history of the Christian intellectual and mystical tradition Many of the contributions display an interdisciplinary approach into these issues hence this volume will be of interest to philosophers psychologists theologians and others who work in moral psychology and character formation **Renovating Holiness**

Thomas Jay Oord, Joshua Broward, 2015-02-03 This book is a call for change Even more it calls for open conversation about change For too long many in the Church of the Nazarene have considered the doctrine of holiness off limits a sacred cow impervious to all forces of cultural modification and theological renewal It s time for a real change because the church needs renovation These 100 essays from Millennial and Xer leaders explore how holiness might be understood and lived today

John Wesley's Pneumatology Joseph W. Cunningham, 2016-05-06 Perceptible inspiration a term used by John Wesley to describe the complicated relationship between Holy Spirit religious knowledge and the nature of spiritual being is not unlike the term Methodist which was also coined by critics of Methodism during the eighteenth century in Britain John Wesley s adversaries especially the pseudonymous John Smith with whom Wesley exchanged letters for a period of three years frequently challenged the plausibility of direct spiritual sensation which Wesley defended What does Wesley mean by perceptible inspiration What does the teaching reveal about the nature and existence of God in Wesley s thinking What does it suggest about the spiritual nature of humankind In John Wesley s *Pneumatology* it is argued that perceptible inspiration more than a sidebar of Methodist thought offers a useful model for considering the various features of Wesley s views on the work of the Spirit in relation to human existence participatory religious knowledge and moral theology

Evangelism and the Openness of God Vaughn W. Baker, 2012-12-18 In *Evangelism and the Openness of God* Vaughn Baker argues that a dynamic concept of God as articulated in open theism better serves the evangelistic mission of the church than does conventional theology Open theism affirms an ontology of love as opposed to power and it focuses on God s kenosis in creation allowing for the authentic freedom of creation influenced by divine persuasion God s genuine temporal relationship with creation one that is open synergist and non coercive provides a new perspective for evangelistic activity In this volume the author has made a valuable contribution to the integration of new developments in theology and evangelism

The Scripture Way of Salvation Prof. Kenneth J. Collins, 2010-10-01 Taking its title from one of John Wesley s most important sermons *The Scripture Way of Salvation* explores the soteriological content of Wesley s entire literary corpus sermons letters theological treatises journals and the notes on the Old and New Testaments Fundamentally a doctrinal study it is historically sensitive to the subtle shifts and nuances of Wesley s continuing reflections about the processes of salvation and the nature of Christian life Collins provides a clear discussion of Wesley s emerging views about the development and maturation of Christian life and in so doing highlights the essential structure that undergirds and provides the framework for Wesley s way of thinking about the processes of salvation

The God Biographers Larry Witham, 2010-07-01 *The God Biographers* presents a sweeping narrative of the Western image of God since antiquity following the theme of how the old biography of God has been challenged by a new biography in the twenty first century The new biography has made its case in free will theism process thought evolutionary doctrines relational theology and open theism a story of people ideas and events that is brought up to the present in this engaging narrative Readers will meet the God biographers in the old and new camps On the

one side are Job Augustine Boethius Anselm Aquinas and Calvin On the other side is a group that includes the early Unitarian and Wesleyan thinkers the process thinkers Alfred North Whitehead Pierre Teilhard de Chardin and Charles Hartshorne and finally a new breed of evangelical philosophers This story looks closely at the cultural and scientific context of each age and how these shaped the images of God In the twenty first century that image is being shaped by new human experiences and the findings of science Today the debate between the old biographers and the new is playing out in the forums of modern theology courtrooms and social movements Larry Witham tells that panoramic story in an engaging narrative for specialists and general readers alike

T&T Clark Companion to Methodism Charles Yrigoyen Jr, 2014-09-25 This is an invaluable handbook on Methodism containing an introduction dictionary of key terms and concentrates on key themes methodology and research problems for those interested in studying the origins and development of the history and theology of world Methodism The literature describing the history and development of Methodism has been growing as scholars and general readers have become aware of its importance as a world church with approximately 40 million members in 300 Methodist denominations in 140 nations The tercentenary celebrations of the births of its founders John and Charles Wesley in 2003 and 2007 provided an additional focus on the evolution of the movement which became a church

The Good Work of Non-Christians, Empowerment, and the New Creation Stuart C. Weir, 2016-04-25 Have you ever considered the ultimate purposes and consequences of good work performed by non Christians Have you ever theologically considered the work of non Christians at all Is it possible that God would ever give credence to let alone honor the work of non Christians in an ultimate sense Are you frustrated by theologies of work that are entirely protological in orientation How do we make sense of biblical excerpts that talk of work being judged towards a particular outcome The Good Work of Non Christians Empowerment and the New Creation attempts to answer these questions in a manner that also challenges evangelical assumptions about the ultimate outcomes of working life Drawing strength from eschatologically minded theologies by Miroslav Volf and Darrell Cosden Weir seeks to replace protology with eschatology in a theology of work about non Christians The British evangelical tradition is specifically taken up here so as to make critical assessments of certain airtight theologies regarding human action with reference to the new creation This book attempts to create a heuristic against unhelpful hermeneutical tendencies that inform evangelical theologies This is a work that is not only theological it is biblically historically and ethically rigorous

On the Mystery Catherine Keller, 2007-11-08 With immediate impact and deep creativity Catherine Keller offers this brief and unconventional introduction to theological thinking especially as recast by process thought Keller takes up theology itself as a quest for religious authenticity Through a marvelous combination of brilliant writing story reflection and unabashed questioning of old shibboleths Keller redeems theology from its dry and predictable categories to reveal what has always been at the heart of the theological enterprise a personal search for intellectually honest and credible ways of making sense of the loving mystery that encompasses even our confounding times

Generation Rising Andrew C. Thompson, 2011 *Divine Enticement: Theological Seductions* Karmen Mackendrick, 2013

Divine Enticement argues for a reconception of theology and its subject matter as modes of seduction of both body and mind. Theological language as evocation opens onto rereadings of faith, sacrament, ethics, prayer, and scripture. The conclusion argues for a sense of theology as calling upon infinite possibility. *Perspectives on Eternal Security* Kirk R.

MacGregor, Kevaghnn Mattis, 2009-05-07. Eternal security or personal assurance of final salvation constitutes the single most important matter of practical theology in the Christian tradition. For the past twenty centuries no other doctrine has exerted such a direct impact on the lives of lay Christians, driving their daily actions, guiding their permanent choices, and shaping their psychology. From the New Testament period onward, a diversity of views on biblical interpretation, anthropology, and divine sovereignty have produced numerous models of eternal security. However, due to the early modern fracturing of Protestant thought along Reformed and Arminian lines, today most evangelicals equate eternal security with Calvin's perseverance of the saints. In an ecumenical vein, this collection of essays aims to remedy the knowledge gap by bringing a breadth of biblical, historical, and philosophical perspectives to bear on the question of eternal security. These essays comprise the first print anthology from the online theological journal *Testamentum Imperium*, an international forum founded and edited by Kevaghnn Mattis, featuring scores of first-rate articles from Christian thinkers worldwide on the topic of eternal security. This book therefore analyzes Calvin's model of perseverance alongside views on eternal security ranging historically from Clement of Rome to contemporary developments in philosophical theology and process theology. Furthermore, this book explores and strengthens the biblical roots of eternal security through an illuminating host of thematic studies on whole books and exegetical studies on particular passages. Hence, this volume will profit all who are interested in the scriptural foundations and historical outworkings of eternal security. In Case of Katrina Ellen Jeffery Blue, 2016-08-04.

Since six months after landfall, Ellen Blue has taught The Church's Response to Katrina. It sidesteps disaster response where clearly the church should be involved. What was unclear was how leaders in a connectional denomination like United Methodism should decide which churches to merge or decommission after floods destroyed seventy churches and displaced ninety pastors, and no one knew how many members would return. Katrina gave the church a chance to remake itself without deteriorating structures in no longer thriving neighborhoods. Yet as members returned to chaos, they sought solace. Should the church meet needs for sanctuary and reassurance, or use newfound flexibility to seek justice? *In Case of Katrina* examines leadership strategies and the theological convictions that underlay them during the struggle to decide. The larger United Methodist Church controls real estate, and the hierarchy had the power to choose. Instead, they let verdicts spring primarily from congregants and pastors on the ground through a long, controversial process. Recovery has been entwined with issues of race and class. Cooperation among African American and Anglo congregations has birthed vibrant multi-racial worship and ministries. Yet other prophetic ministry was left undone, and it should set the agenda for the next decade.
