 A psychiatrist puts leadership on the couch with a provocative exploration of its crucial often ignored psychological and
 personal character foundations Elias Aboujaoude s distinctive exploration of leadership explains how our cultlike obsession
 with leadership gives narcissists and sociopaths an edge and results in leadership failure everywhere we look and how
 resisting the imperative to rise at all costs leaves many with an inferiority complex His takedown of the leadership industrial
 complex pokes a very sharp elbow into an industry seemingly united in a modern form of alchemy to create leadership gold a
 waste of time and money Aboujaoude vividly illustrates since leaders emerge from a unique combination of personal
 psychological and situational factors that cannot be easily controlled or manipulated no matter how gifted the executive
 coach This bracing take on a classic subject provides new insight into the way psychology aligns with the requirements of
 effective and happy leadership The result is to empower us to understand ourselves and step up if we have what it takes to
 lead or find equally rewarding often superior ways to achieve fulfillment if we don t **2024-25 TGT/PGT Economics
