## Harmony Confederated Star Systems 1:

*Harmony* Irene Radford, C.F. Bentley, 2015-10-16 Harmony a new utopia for space faring humans Or is it a thinly disguised tyranny locked into a rigid caste system slavery by another name Either way xenophobic Harmony holds the secret to Badger Metal a unique ceramic metal alloy that protects people from the radiation and hard vacuum of space Sissy grew up Worker Caste on the planet Harmony her only hope for survival is to remain unnoticed hiding her full array of seven caste marks A devastating quake appears to be a major temper tantrum by the goddess Harmony Sissy sings the planet and her goddess back to benign quiet matching the vibrations of her voice to the vibrations of the planet This one act throws her into the role of High Priestess Then she discovers she is the only one who can prevent her world from falling out of harmony into chaos Jake has reinvented himself from wild pilot to spy to Sissy s bodyguard while he hunts for the precious formula for Badger Metal Can he find it and protect Sissy from outraged priests who fear change more than death before civil war and invasion bury them all

**Enigma** Irene Radford, C.F. Bentley, 2015-10-16 Aboard the space station First Contact Caf Station Commander General Jake Devlin and Sissy inexperienced and undereducated High Priestess of Harmony confront the mystery of an odd eight limbed stowaway a mystical refugee who talks in circles rather than reveal the truth and clues to the origin and genetic breakdown of enemies and allies alike Together they fight diplomatic protocols to forge a necessary treaty between CSS and Harmony Their efforts threaten to break the caste system and culture of Harmony by declaring their out of caste and out of culture love for each other High Priest Gregor will veto the treaty rather than allow Sissy and Jake be together But all of their agendas have a deadline the space station seems determined to break orbit and plunge them all into the local sun

PAX Draconis Justin Dagna, 2003 **Mourner** Irene Radford Writing as C.F. Bentley, 2015-12-11 William Gladstone once pointed out that a culture reveals itself in how it cares for its dead MOURNER the third book in the Harmony series vividly explores how three very different cultures treat their dead when the body of Laud Gregor Harmony s High Priest goes missing between First Contact Caf Space Station and the Harmony homeworld Laud Gregor cannot be regarded as legally dead until he is officially buried which means that Laudae Sissy Harmony s High Priestess cannot institute the reforms her culture desperately needs until a new High Priest is named Suspects abound from the repulsive Dragons who show up to claim the space station as lost property to the secretive avian Maril to disaffected power brokers closer to home It doesn t help that Jake Devlin commander of the station finds himself haunted by the impatient Laud while he navigates all these new threats and trying to solve the mystery and to figure out how he and Sissy can possibly surmount the cultural differences that obstruct their growing love Add in Jake s former boss the evasive spymaster Pammy and tension escalates especially when the body seems to keep moving Can Harmony find peace Will there ever be a happy ending for Sissy and Jake
