**The Web Library** Nicholas G. Tomaiuolo, 2004 Describes how to create a digital library of documents

**Politics for the Love of Fandom** Ashley Hinck, 2019-03-13 Politics for the Love of Fandom examines what Ashley Hinck calls fan based citizenship civic action that blends with and arises from participation in fandom and commitment to a fan object Examining cases like Harry Potter fans fighting for fair trade YouTube fans donating money to charity and football fans volunteering to mentor local youth Hinck argues that fan based citizenship has created new civic practices wherein popular culture may play as large a role in generating social action as traditional political institutions such as the Democratic Party or the Catholic Church In an increasingly digital world individuals can easily move among many institutions and groups They can choose from more people and organizations than ever to inspire their civic actions even the fandom for children s book series Harry Potter can become a foundation for involvement in political life and social activism Hinck explores this new kind of engagement and its implications for politics and citizenships through case studies that encompass fandoms for sports YouTube channels movies and even toys She considers the ways in which fan based social engagement arises organically from fan communities seeking to change their world as a group as well as the methods creators use to leverage their fans to take social action The modern shift to networked fluid communities Hinck argues opens up opportunities for public participation that occurs outside of political parties houses of worship and organizations for social action Fan based citizenship performances help us understand the future possibilities of public engagement as fans and creators alike tie the ethical frameworks of fan objects to desired social goal such as volunteering for political candidates mentoring at risk youth and promoting environmentally friendly policy Politics for the Love of Fandom examines the communication at the center of these civic actions exploring how fans nonprofits and media companies manage to connect internet based fandom with public issues

**Life Lessons Harry Potter Taught Me** Jill Kolongowski, 2017-10-02 Essays exploring the universal themes in the greatest young adult series ever from a literary scholar and devoted fan The books will always be a part of you Now revisit old Hogwarts haunts Reconnect with favorite characters And learn far more than the correct pronunciation of Wingardium Leviosa With Life Lessons Harry Potter Taught Me you ll discover how the universal themes and lessons of the series apply to your Muggle life including Drawing strength from friends Learning from mentors and heroes Challenging conventional ideas Overcoming obstacles and setbacks Trusting yourself when others don t Using a combination of literary criticism and personal essays this book explore issues that everyone faces from courage and fear to the importance of girl power and the complexity of relationships

**Mr. Penumbra's 24-Hour Bookstore** Robin Sloan, 2012-10-02 After a layoff during the Great Recession sidelines his tech career Clay Jannon takes a job at the titular bookstore in San Francisco and soon realizes that the establishment is a facade for a strange secret

**Magic Monsters** Katie Marsico, 2017-01-01 For centuries people have told stories of cackling witches and crafty goblins In the past people thought witches ruined crops genies granted wishes and

goblins caused accidents Many cultures thought medicine was magic Magical monsters continue to frighten and fascinate people in books movies and games Some say magic is real Others say it's just the stuff of stories Learn all about magical monsters and fall under their spell if you dare      Global eBook 2016 Rüdiger Wischenbart,2016-05-25 The 2016 edition of the Global eBook report with more than 50 data driven original charts and tables is the international industry reference on the evolution of ebook markets focuses on relevant key angles for an understanding of the current transformation of book publishing in a global perspective Market close ups print and digital for the US UK Europe notably France Germany Italy the Netherlands Spain Sweden and a detailed overview on Central and Eastern Europe Plus analysis of selected emerging markets notably Brazil China India and Russia Summaries of key debates and driving forces global players such as Amazon statistical close ups on pricing performance by genre piracy patterns of consumer habits DRM self publishing et al We provide an overview of trends and developments based on a unique set of data from a wide array of the best available sources backed up by a thorough analysis of overall book publishing in the diverse international contexts The 2016 edition of the Global eBook report particularly emphasizes how digital developments are embedded in the overall evolution of publishing markets by providing context data as well as historical statistics to spot trends and developments over the past 3 to 7 years Main driving forces and policy as well as legal debates shaping the current transformation of the international book business are identified and looked at in country and market comparisons      *Turning the Page* Angus Phillips,2014-02-05 This is an exciting period for the book a time of innovation experimentation and change It is also a time of considerable fear within the book industry as it adjusts to changes in how books are created and consumed The movement to digital has been taking place for some time but with consumer books experiencing the transition the effects of digitization can be clearly seen to everybody In *Turning the Page* Angus Phillips analyses the fundamental drivers of the book publishing industry authorship readership and copyright and examines the effects of digital and other developments on the book itself Drawing on theory and research across a range of subjects from business and sociology to neuroscience and psychology and from interviews with industry professionals Phillips investigates how the fundamentals of the book industry are changing in a world of ebooks self publishing and emerging business models Useful comparisons are also made with other media industries which have undergone rapid change such as music and newspapers This book is an ideal companion for anyone wishing to understand the transition of the book writing and publishing in recent years and will be particularly relevant to students studying publishing media and communications      *Education 2.0* Leonard J. Waks,2015-11-17 Thirty years of spirited school reforms have failed to improve our schools and instead have left our public school systems in disarray Meanwhile employment prospects for high school and college graduates are fading and the public is losing faith in its schools The education paradigm inherited from the Industrial Era is in crisis In the last decade however the Internet and new Web 2.0 technologies have placed the entirety of human knowledge in the hands of everyone What will our educational institutions make of this

unprecedented flood of Web based learning resources How can schools be transformed to accommodate the new possibilities for personal and social learning Leonard Waks gathers all the pieces of our current educational puzzle together in this groundbreaking book Drawing on new organizational models grounded in complexity theory Waks maps out an inspiring new paradigm for education in the Internet age and connects all the dots in constructing detailed models for new schools now transformed into open learning centers Finally Waks details action steps readers can take to speed this transformative process along in their own locations *Harry Potter* S. Gunelius,2008-06-03 The Harry Potter books are the bestselling books of all time In this fascinating study Susan Gunelius analyzes every aspect of the brand phenomenon that is Harry Potter Delving into price wars box office revenue and brand values amongst other things this is the story of the most incredible brand success there has ever been J.K. Rowling: A Bibliography Philip W. Errington,2017-09-21 This is the definitive bibliography of the writings of J K Rowling In addition to bibliographical details of each edition of all her books pamphlets and original contributions to published works there is detailed information on the publishing history of her work including fascinating extracts from correspondence and information on Rowling at auction This edition has been fully revised and updated to include over 50 new editions published since 2013 including the newly jacketed 2014 children s editions of the Harry Potter books as well as the 2015 illustrated edition of Harry Potter and the Philosopher s Stone The works of Robert Galbraith are also included **Liberty Means Freedom for All** Steven H. Propp,2012-11-16 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science Its an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rands philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christi an Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved *Digital is the New Mainstream* Arindam Basu,Satyajit Samanta,Souvik

Sur,Aadrita Roy,2023-07-17 Digital is the New Mainstream is a thought provoking book published by Penprints compiling the conclave proceedings conducted by the Department of Mass Communication Journalism at Sister Nivedita University in Kolkata This book delves into the transformative impact of the digital era on various aspects of our lives particularly in the realms of communication media and journalism Drawing insights from esteemed scholars practitioners and experts in the field the book explores the evolving landscape of digital technologies and their implications for traditional media platforms It offers a comprehensive analysis of the challenges and opportunities brought forth by the digital revolution addressing topics such as social media online journalism digital storytelling and the democratization of information Through engaging discussions the book examines the shifting dynamics of the media industry the changing roles of journalists and communicators and the new avenues for audience engagement and participation It presents case studies research findings and practical strategies to navigate the digital age effectively empowering media professionals educators and students to adapt and thrive in this ever evolving digital landscape Digital is the New Mainstream serves as a valuable resource for anyone seeking to understand the profound impact of digital technologies on communication and journalism It invites readers to contemplate the future of media and encourages them to embrace the possibilities offered by the digital revolution while upholding the principles of responsible and ethical journalism     *Information and Data Literacy* Joyce

Hagen-McIntosh,2016-01-05 In an age where data flows non stop across all geographic borders and accessible to many the job of providing information literacy has become much more exciting more complicated and more necessary *Information and Data Literacy The Role of the Library* takes a comprehensive look at the changing role of today s librarians and libraries in an increasingly tech driven world You ll find the authors of this book represent public and academic libraries countries around the globe and differences of opinion as to the definition purpose charge and success of providing information and data literacy The book is divided into several parts covering Understanding the role of information and data literacy in the library The new and changing roles for librarians Methods for promoting information and data literacy New challenges for the library in the new information environment The need for information and data literacy for marginalized populations including the homeless those in rural settings sexual minorities and others Addressing the trends and challenges at different types of libraries the volume provides an overview of information and data literacy in the library and offers an array of perspectives Topics cover The role of the public library as a community hub Student information literacy in the mobile environment Information literacy in schools How the information landscape has changed library reference services Library instruction and exercises to promote information literacy for both traditional students and those in continuing education Edited by a consultant with the Freedom to Read Foundation who is a former outreach and assistive technology librarian the book offers a wealth of information for beginning librarians as well as for seasoned library professionals looking for new methods to evaluate and promote data and information literacy     **The Global EBook Market: Current Conditions & Future**

**Projections** Ruediger Wischenbart,2013-02-11 The Global eBook Report documents and analyses how ebook markets emerge in the US UK continental Europe Brazil China India Russia and the Arab world It combines the best available data and references to specialized local actors with thematic chapters focusing on critical policy debates and on key driving forces notably ebook bestsellers and pricing strategies across European markets self publishing government regulation piracy and the expanding impact of global players The Global eBook Report is available for download from October 1st 2013 at [www.global-ebook.com](http://www.global-ebook.com) A project of Ruediger Wischenbart Content and Consulting

**Silent Theft** David Bollier,2003 This text exposes the audacious attempts of companies to appropriate medical breakthroughs public airwaves outer space state research and even the DNA of plants and animals It is an attempt to develop a new ethos of commonwealth in the face of a market ethic that knows no bounds

**Competitive MINDSTORMS** David J. Perdue,2004-07-30 With the advent of TV shows such as Junkyard Wars and BattleBots robot building is gaining popularity throughout the mainstream population but no books have been published with this particular focus Competitive MINDSTORMS A Complete Guide to Robotic Sumo using LEGO MINDSTORMS sets a new precedent covering the design and construction of Robot Sumo robots using MINDSTORMS Written by an experienced robot builder active in the building community this groundbreaking guide features thorough realistic premium quality LEGO instructions This book helps bridge the gap between the builder and the technology

*The Media in Your Life* Jean Folkerts,Stephen Lacy,2004 What do

reviewers have to say about *Media in Your Life* The text's strengths are on the emphasis on media history convergence trends and marketplaces I also appreciate that the text is written at a sophisticated yet appropriate level for college students Kim Smith Iowa State University The material covered is essential to the understanding of the current student in today's media culture Jeanne Rollberg University of Arkansas Little Rock Authors that forget that they are teachers and try too hard to pretend they're the students' friends don't do their content justice nor do they model appropriate writing for students to emulate Folkerts and Lacy don't fall into this trap they present material credibly appropriately and yet readably Rebecca Lind University of Illinois Chicago The overall strengths of *Media in Your Life* are that it is exhaustively researched and attractively presented The broad topic of mass media is effectively structured into an accessible format Randall K Pugh Montana State University Billings I The book's emphasis on knowledge students can use in navigating our complex culture is a major strength Its organization is logical It is well documented It provides a solid summary of most significant media related issues of the day William Lingle Linfield College The authors have a good framework to present an overview of the structure and process of mass communication in the U S The text is visually appealing and will attract students' interest Elizabeth Perse University of Delaware *Streaming, Sharing, Stealing* Michael D. Smith, Rahul Telang, 2017-08-25 How big data is transforming the creative industries and how those industries can use lessons from Netflix Amazon and Apple to fight back The authors explain gently yet firmly exactly how the internet threatens established ways and what can and cannot be done about it Their book should be required for anyone who wishes to believe that nothing much has changed The Wall Street Journal Packed with examples from the nimble footed who reacted quickly to adapt their businesses to laggards who lost empires Financial Times Traditional network television programming has always followed the same script executives approve a pilot order a trial number of episodes and broadcast them expecting viewers to watch a given show on their television sets at the same time every week But then came Netflix's *House of Cards* Netflix gauged the show's potential from data it had gathered about subscribers' preferences ordered two seasons without seeing a pilot and uploaded the first thirteen episodes all at once for viewers to watch whenever they wanted on the devices of their choice In this book Michael Smith and Rahul Telang experts on entertainment analytics show how the success of *House of Cards* upended the film and TV industries and how companies like Amazon and Apple are changing the rules in other entertainment industries notably publishing and music We're living through a period of unprecedented technological disruption in the entertainment industries Just about everything is affected pricing production distribution piracy Smith and Telang discuss niche products and the long tail product differentiation price discrimination and incentives for users not to steal content To survive and succeed businesses have to adapt rapidly and creatively Smith and Telang explain how How can companies discover who their customers are what they want and how much they are willing to pay for it Data The entertainment industries must learn to play a little moneyball The bottom line follow the data *Four Shades of Gray* Simon Peter Rowberry, 2022-04-05 This

first book length analysis of Amazon's Kindle explores the platform's technological, bibliographical and social impact on publishing. *Four Shades of Gray* offers the first book length analysis of Amazon's Kindle and its impact on publishing. Simon Peter Rowberry recounts how Amazon built the infrastructure for a new generation of digital publications then considers the consequences of having a single company control the direction of the publishing industry. Exploring the platform from the perspectives of technology, texts and uses, he shows how the Kindle challenges traditional notions of platforms as discrete entities. He argues that Amazon's influence extends beyond disruptive technology to embed itself in all aspects of the publishing trade yet despite industry pushback he says the Kindle has had a positive influence on publishing. Rowberry documents the first decade of the Kindle with case studies of Kindle Popular Highlights, an account of the digitization of books published after 1922 and a discussion of how Amazon's patent filings reflect a shift in priorities. Rowberry argues that while it was initially convenient for the book trade to outsource ebook development to Amazon, doing so has had adverse consequences for publishers in the mid and long term, limiting opportunities for developing an inclusive and forward thinking digital platform. While it has forced publishers to embrace digital forms, the Kindle has also empowered some previously marginalized readerships. Although it is still too early to judge the long term impact of ebooks compared with that of the older technologies of clay tablets, the printing press and offset printing, the shockwaves of the Kindle continue to shape publishing.
