Le forme del cinema per l'educazione. Il panorama italiano dagli anni '50 ad oggi Giovanni Rizzo, 2014-10-09T00:00:00+02:00 250 10 *Recent Italian Cinema* Tiziana Ferrero Regis, 2009 In *Recent Italian Cinema* two fundamental questions are asked the first concerns whether Italian cinema as national cinema is in reality reduced to a niche market in its own territory The second relates to what Italian audiences do with domestic films For nearly two decades most Italian films have been produced outside box office returns through a practice of subsidy and co financing between many institutional and private entities Thus Italian cinema has had to define its mode of production and use value of films in a different way It is clear that it is no longer possible to separate national cinemas from the grip that the American film industry has on world markets in terms of imagination and modes of production distribution and exhibition It is thus only by examining the multiple layers of description and analysis which take into account the presence of Hollywood that we can come to an understanding of what recent Italian cinema actually is
