Hate Crime Concepts Policy Future Directions:

Hate Crime Neil Chakraborti, 2017-09-25 Hate crime has become an increasingly familiar term in recent times as problems of bigotry and prejudice continue to pose complex challenges for societies across the world. Although greater recognition is now afforded to hate crimes and their associated harms, the problem is still widespread and many key questions remain unanswered: Are we doing enough to protect vulnerable members of society? Are we doing enough to address the offending behaviour of hate crime perpetrators? Are there better ways of understanding and responding to hate crime? This book brings together contributions from leading experts in the field to address these and other contested issues in this fascinating and often controversial subject area. Drawing upon innovative work being undertaken nationally and internationally, the book offers fresh ideas on hate crime scholarship and policy and in so doing enables readers to re-evaluate the concept of hate crime in the light of fresh research, theory and policy. It provides much needed ways of taking the hate debate forward as well as offering practical suggestions for developing both scholarship and policy in a more progressive manner.

Responding to Hate Crime Chakraborti, Neil, Garland, Jon, 2015-07 The policy makers that govern responses to hate crimes and the institutions that research those crimes have up to this point been separate. Policy makers have not taken research into consideration and researchers have conducted their studies with little reference to policies. This book bridges the gap between the two by bringing together internationally renowned hate crime experts from the domains of academia, policy making and activism. The contributors provide new perspectives on the nature of hate crimes, their victims and their perpetrators, exploring a range of themes, challenges and solutions that have otherwise received little attention. The result is a collection of innovative ways of combating hate crime that combines cutting edge research with the latest in professional innovations while remaining accessible to a wide audience.

The Routledge International Handbook on Hate Crime Nathan Hall, Abbee Corb, Paul Giannasi, John Grieve, 2014-07-25 This edited collection brings together many of the world's leading experts, both academic and practitioner, in a single volume handbook that examines key international issues in the field of hate crime. Collectively, it examines a range of pertinent areas with the ultimate aim of providing a detailed picture of the hate crime problem in different parts of the world. The book is divided into four parts: An examination covering theories and concepts of issues relating to definitions of hate crime; the individual and community impacts of hate crime; the controversies of hate crime legislation and theoretical approaches to understanding offending; An exploration of the international geography of hate in which each chapter examines a range of hate crime issues in different parts of the world including the UK, wider Europe, North America, Australia and New Zealand; Reflections on a number of different perspectives across a range of key issues in hate crime, examining areas including particular issues affecting different victim groups, the increasingly important influence of the Internet and hate crimes in sport; A discussion of a range of international efforts being utilised to combat hate and hate crime. Offering a strong international focus and comprehensive coverage of a wide range of

hate crime issues this book is an important contribution to hate crime studies and will be essential reading for academics students and practitioners interested in this field

Hate Crime Neil Chakraborti, Jon Garland, 2015-03-18 Hate crime is a particularly pernicious form of criminal behaviour that has significant impacts upon victims their families and wider communities In this substantially revised and updated edition the book examines the nature extent and harms of hate crime and the effectiveness of criminal justice responses to it It covers racist religiously motivated homophobic disablist and transphobic hate crime as well as other forms of targeted victimisation such as gendered hostility elder abuse attacks upon alternative subcultures and violence against sex workers and the homeless The book also assesses the complexities and controversies surrounding hate crime legislation and policy making as well as the continuing challenges associated with the policing of hate The second edition features expanded discussions of international perspectives and contemporary topics such as online hate and cyberbullying as well as numerous case studies covering issues such as lone wolf extremists Islamophobia asylum seekers and the far right The book contains a range of links to online material that accompany the extensive lists of further reading in each chapter

Routledge Handbook on Victims' Issues in Criminal Justice Cliff Roberson, 2017-04-21 The Routledge Handbook on Victims Issues in Criminal Justice is a comprehensive and authoritative handbook on current issues with a distinctive emphasis on the delivery of suitable and effective services The editor provides an introduction and conclusion to the handbook synthesizing original contributions from current leaders in the field surveying victims rights in the United States victim participation in the criminal justice system victims welfare and needs and most notably the services that have been developed in response A section on special populations in the United States brings focus to current and emerging issues faced within the country while a section covering international and transnational victimization explores globalization and the implications of other legal traditions and systems This handbook addresses the crucial and complex topic of victims issues examining both societal and governmental reactions to victims concerns and acquainting readers with the issues that discord may cause and how they affect the provision of services This book will serve as an essential reference for academics and practitioners working with crime victims as well as for students taking courses in victimology criminology sociology and related subjects

The Globalization of Hate Jennifer Schweppe, Mark Austin Walters, 2016 The Globalisation of Hate Internationalising Hate Crime is the first book to examine the impact of globalisation on our understanding of hate speech and hate crime Bringing together internationally acclaimed scholars with researchers policy makers and practitioners from across the world it critically scrutinises the concept of hate crime as a global phenomenon seeking to examine whether hate crime can or should be conceptualised within an international framework and if so how this might be achieved Beginning with the global dynamics of hate the contributions analyse whether hate crime can be defined globally whether universal principles can be applied to the phenomenon how hatred is spread and how it impacts upon our global society The middle portion of the book moves beyond the broader questions of globalisation to

jurisdictional examples of how globalisation impacts upon our understanding of and also our responses to hate crime The chapters explore in greater detail what is happening around the world and how the international concepts of hate crime are being operationalised locally drawing out the themes of globalisation and internationalisation that are relevant to hate crime as evidenced by a number of jurisdictions from Europe the US Asia and Africa The final part of the book concludes with an examination of the different ways in which hate speech and hate crime is being combatted globally International law internet regulation and the use of restorative practices are evaluated as methods of addressing hate based conflict with the discussions drawn from existing frameworks as well as exploring normative standards for future international efforts Taken together these innovative and insightful contributions offer a timely investigation into the effects of hate crime offering an interdisciplinary approach to tackling what is now a global issue It will be of interest to scholars and students of criminology sociology and criminal justice as well as criminal justice practitioners police officers and policy makers Multi-Agency Working in Criminal Justice Aaron Pycroft, Dennis Gough, 2019-05-15 Multi agency working continues to be a core focus in criminal justice and allied work with the government investing significantly in training criminal justice professionals This fully revised and expanded edition of this comprehensive text brings together probation policing prison social work criminological and organisational studies perspectives and is an essential guide for students and practitioners in offender management and other managed care environments The contributors provide critical analysis of the latest theory policy and practice of multi agency working and each chapter includes case studies key points exercises and further reading
