Maths Friend A Helping Hand With Maths Gcse Foundation Tier:

Maths Friend Chris Robinson,2014-10-28 The entire focus of Maths Friend is to help students improve their grade at GCSE Author Chris Robinson can't promise that his guide will turn you into a maths genius but what he knows it will do is help students make the most of their talents Maths Friend does not pretend that maths is fun I know from tutoring that many students believe maths is just an instrument of torture invented by schools and by examiners admits Chris Maths Friend fills in gaps left by the textbook and the revision guide and at times gives a different way of looking at things than the one normally given in class Much of the book is directed to answering exam questions Chris shows how the examiner takes the maths you learn and twists it around to make it look unusual Stay calm read this book and see through the examiner's tricks We all make silly mistakes especially under exam pressure If there is time checking your work is vital but it's not easy to do properly This book will help the student make those checks The most common errors are laid out in a spot the blunder section Here extra marks can be gained for no extra maths knowledge and that can make all the difference to the final grade Maths Friend also covers aspects that textbooks do not deal with that won't be found in revision guides or online help and that teachers have not got the time to cover Maths Friend is a must have guide for pupils aged 14-16 studying for their maths GCSE
