Masters Without Slaves Southern Planters In The Civil War And Reconstruction:

Masters Without Slaves James L. Roark, 1977 Winner of the Allan Nevins Award of the Society of American Historians

Masters Without Slaves James L. Roark, 1977-01-01 Winner of the Allan Nevins Award of the Society of American Historians The Origins of Southern Sharecropping Edward Royce, 2010-05-05 Revised perspective on sharecropping

The Black Experience in the Civil War South Stephen V. Ash, 2010-03-02 The first book of its kind to appear in a generation this comprehensive study details the experiences of the black men women and children who lived in the South during the traumatic time of secession and civil war The Black Experience in the Civil War South is the first comprehensive study of the Southern black wartime experience to appear in a generation Incorporating the most recent scholarship this thematically organized book does justice to the richness of its subject looking at the lives of blacks in the Confederate states and the nonseceding Southern states at blacks on farms and plantations and in towns and cities at blacks employed in industry and the military and at black men women and children Drawing on memoirs autobiographies and other original source materials the author details the experiences of blacks who took up residence in Union contraband camps and on free labor plantations and those who enlisted in the Union army He introduces individuals who escaped from slavery as well as the small minority of Southern blacks who were free when the war began Most significantly this revealing study deals not only with those who gained freedom during the war but those whose freedom came only after the conflict s end **The Roots of Southern Populism** Steven Hahn, 2006-05-18 Despite the vast changes in plantation agriculture following the Civil War and Reconstruction the lot of small farmers was little improved Examining the nonplantation region of upcountry Georgia as a microcosm of the South Steven Hahn showed how farmers were buffeted by such forces as the unravelling of antebellum household economy the development of market forces the growth of a new class of merchants landlords and rising tensions between town and countryside and how their resentments fuelled the Populist movement at the end of the 19th century For this updated edition Hahn will add new material to discuss how the book has stood up since it was published over twenty years ago how the arguments and questions were received and what influence they may have had on scholarship He will also consider what has happened to historical interest in Populism poor white people and populist politics as well as why he thinks it likely that interest may revive and what sort of questions and arguments may drive it **How Curious a Land** Jonathan M. Bryant, 2014-07-01 The story of the Civil War and Reconstruction in Greene County Georgia is a remarkable tale of both fundamental change and essential continuity In How Curious a Land Jonathan Bryant follows the county s social economic and legal transformation from a wealthy self sufficient plantation economy based on slavery to a largely impoverished economically dependent community dominated by a new commercial class of merchants and lawyers Emancipated slaves made up two thirds of the county s population at the end of the Civil War and thanks to an able charismatic and politically active leadership they enjoyed early success in pressing for their rights But their gains says

Bryant were only temporary because the white elite retained control of the legal system and used it effectively against blacks Law also helped shape the course of economic change as for example postbellum laws designed to benefit the new commercial elite ensured poverty for most of the county s small farmers both black and white by relegating them to the status of sharecroppers and tenants As a result the county s wealth though greatly diminished in the postbellum years remained concentrated in the hands of a small elite The Southern Exodus to Mexico Todd W. Wahlstrom,2015-03 After the Civil War a handful of former Confederate leaders joined forces with the Mexican emperor Maximilian von Hapsburg to colonize Mexico with former American slaveholders Their plan was to develop commercial agriculture in the Mexican state of Coahuila under the guidance of former slaveholders with former slaves providing the bulk of the labor force By developing these new centers of agricultural production and commercial exchange the Mexican government hoped to open up new markets and by extending the few already existing railroads in the region also spur further development The Southern Exodus to Mexico considers the experiences of both white southern elites and common white and black southern farmers and laborers who moved to Mexico during this period Todd W Wahlstrom examines in particular how the endemic warfare raids and violence along the borderlands of Texas and Coahuila affected the colonization effort Ultimately Native groups such as the Comanches Kiowas Apaches and Kickapoos along with local Mexicans prevented southern colonies from taking hold in the region where local tradition and careful balances of power negotiated over centuries held more sway than large nationalistic or economic forces This study of the transcultural tensions and conflicts in this region provides new perspectives for the historical assessment of this period of Mexican and American history **The Roots of Southern Populism :**

Yeoman Farmers and the Transformation of the Georgia Upcountry, 1850-1890 San Diego Steven Hahn Associate Professor of History University of California,1983-08-25 In this examination of the rise of agrarian radicalism in the late 19th century South Hahn focuses on social change and popular consciousness while exploring populism s kinship with other movements such as labour radicalism *Rethinking American Emancipation* William A. Link,James J. Broomall,2016 This volume unpacks the long history and varied meanings of the emancipation of American slaves **Emancipation** Peter Kolchin,2024-09-10 In this sequel to his landmark study historian Peter Kolchin compares the transition to freedom after American emancipation with the Russian Great Reforms The two largest transitions from unfree to free labor of the many that occurred in Europe and the Americas during the nineteenth century took place in the United States and in Russia Both occurred in the 1860s and in both the former slaves and serfs strove to maximize their autonomy and freedom while the former masters worked to preserve as many of their prerogatives as possible Both were partially but only partially successful In this magisterial and long awaited work historian Peter Kolchin shows that a more radical break with the past was possible in the United States than in Russia with the Southern freedpeople coming to enjoy republican citizenship whereas Russian peasants remained subjects rather than citizens Both countries saw conservative reactions triumph in the late nineteenth

century While this conservatism was common in most emancipations it was especially strong in Russia and the American South in part as a reaction against the major efforts to restructure the social order that went by the name of Reconstruction in the United States and the Great Reforms in Russia

The American Civil War Adam I. P. Smith, 2007-01-25 The American Civil War was by far the bloodiest conflict in American history Arising out of a political crisis over the expansion of slavery the war set the stage for the emergence of the modern American nation state This new interpretation of one of the most mythologized events in modern history combines narrative with analysis and an up to date assessment of the state of Civil War scholarship The American Civil War Emphasizes the importance of Northern public opinion in shaping the meaning and outcome of the crisis Argues that the war exposed deep social and political divisions within as well as between North and South Explores the experiences of ordinary soldiers and civilians and the political and cultural context in which they lived Sets this distinctively American crisis over slavery and nationhood in the wider context of the nineteenth century world Concise and authoritative this is an indispensable introduction to a critical period in modern American history

Southern Families at War : Loyalty and Conflict in the Civil War South Women's History Catherine Clinton Historian of Southern History, and the American Civil War, 2000-07-17 Whether it was planter patriarchs struggling to maintain authority or Jewish families coerced by Christian evangelicalism or wives and mothers left behind to care for slaves and children the Civil War took a terrible toll From the bustling sidewalks of Richmond to the parched plains of the Texas frontier from the rich Alabama black belt to the Tennessee woodlands no corner of the South went unscathed Through the prism of the southern family this volume of twelve original essays provides fresh insights into this watershed in American history

Unto a Good Land David Edwin Harrell, Edwin S. Gaustad, John B. Boles, Sally Foreman Griffith, 2005-08-25 Unto a Good Land offers a distinctive narrative history of the American people from the first contacts between Europeans and North America's native inhabitants through the creation of a modern nation to the standing of the United States as a world power Written by a team of distinguished historians led by David Edwin Harrell Jr and Edwin S Gaustad this textbook shows how grasping the uniqueness of the American experiment depends on understanding the role of religion as well as social cultural political and economic factors in shaping U S history A common shortcoming of most United States history textbooks is that while in recent decades they have expanded their coverage of social and cultural history they still tend to shortchange the role of religious ideas practices and movements in the American past Unto a Good Land addresses this shortcoming in a balanced way The authors recognize that religion is only one of many factors that have influenced our past one however that has often been neglected in textbook accounts This volume gives religion its appropriate place in the story Publisher

Shadows Over Sunnyside Jeannie M. Wayne, 1995-12-01 This remarkable collection of essays addresses social historical cultural and labor issues as they affect a Southern plantation The heart of the book is an examination of a great experiment to import Italian laborers to Sunnyside Plantation From the crucible of tensions that this experiment produced the reader obtains a concrete

understanding of the implications of U S immigration policy of changing labor relations following Reconstruction and of a minority culture s introduction into the Delta The Harvard Guide to African-American History Evelyn Brooks Higginbotham,2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America Reader's Guide to American History Peter J. Parish,2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history Intimate States Margot Canaday,Nancy F. Cott,Robert O. Self,2021-09-06 Fourteen essays examine the unexpected relationships between government power and intimate life in the last 150 years of United States history The last few decades have seen a surge of historical scholarship that analyzes state power and expands our understanding of governmental authority and the ways we experience it At the same time studies of the history of intimate life marriage sexuality child rearing and family also have blossomed Yet these two literatures have not been considered together in a sustained way This book edited and introduced by three preeminent American historians aims to close this gap offering powerful analyses of the relationship between state power and intimate experience in the United States from the Civil War to the present The fourteen essays that make up *Intimate States* argue that intimate governance the binding of private daily experience to the apparatus of the state should be central to our understanding of modern American history Our personal experiences have been controlled and arranged by the state in ways we often don t even see the authors and editors argue correspondingly contemporary government has been profoundly shaped by its approaches and responses to the contours of intimate life and its power has become so deeply embedded into daily social life that it is largely indistinguishable from society itself *Intimate States* makes a persuasive case that the state is always with us even in our most seemingly private moments A Hard Fight for We Leslie A. Schwalm,2023-02-03 African American women fought for their freedom with courage and vigor during and after the Civil War Leslie Schwalm explores the vital roles of enslaved and formerly enslaved women on the rice plantations of lowcountry South Carolina both in antebellum plantation life and in the wartime collapse of slavery From there she chronicles their efforts as freedwomen to recover from the impact of the war while redefining their lives and labor Freedwomen asserted their own ideas of what freedom meant and insisted on important changes in the work they performed both for white employers and in their own homes As Schwalm shows these women

rejected the most unpleasant or demeaning tasks guarded the prerogatives they gained under the South's slave economy and defended their hard won freedoms against unwanted intervention by Northern whites and the efforts of former owners to restore slavery's social and economic relations during Reconstruction A bold challenge to entrenched notions A Hard Fight for We places African American women at the center of the South's transition from a slave society

Veterans North and South Paul A. Cimballa, 2015-07-14 Based largely on Civil War veterans' own words this book documents how many of these men survived the extraordinary horrors and hardships of war with surprising resilience and went on to become productive members of their communities in their post war lives Nothing transforms dry boring history into fascinating and engaging stories like learning about long ago events through the words of those who lived them What was it like to witness and participate in the horrors of a war that lasted four years and claimed over half a million lives and then emerge as a survivor into a drastically changed world Veterans North and South The Transition from Soldier to Civilian after the American Civil War takes readers back to this unimaginable time through the words of Civil War soldiers who fought on both sides illuminating their profound life changing experiences during the war and in the postbellum period The book covers the period from the surrender of the armies of the Confederacy to the return of the veterans to their homes It follows them through their readjustment to civilian life and to family life while addressing their ability and in some cases inability to become productive members of society By surveying Civil War veterans' individual stories readers will gain an in depth understanding of these soldiers' sacrifices and comprehend how these discrete experiences coalesced to form America's memory of this war as a nation

Black Southerners, 1619-1869 John B. Boles, 2014-10-17 This revealing interpretation of the black experience in the South emphasizes the evolution of slavery over time and the emergence of a rich hybrid African American culture From the incisive discussion on the origins of slavery in the Chesapeake colonies John Boles embarks on an interpretation of a vast body of demographic anthropological and comparative scholarship to explore the character of black bondage in the American South On such diverse issues as black population growth the strength of the slave family the efficiency and profitability of slavery the diet and health care of bondsmen the maturation of slave culture the varieties of slave resistance and the participation of blacks in the Civil War Black Southerners provides a balanced and judicious treatment

Masters Without Slaves Southern Planters In The Civil War And Reconstruction Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Masters Without Slaves Southern Planters In The Civil War And Reconstruction PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to

locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Masters Without Slaves Southern Planters In The Civil War And Reconstruction PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Masters Without Slaves Southern Planters In The Civil War And Reconstruction free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Masters Without Slaves Southern Planters In The Civil War And Reconstruction Books

1. Where can I buy Masters Without Slaves Southern Planters In The Civil War And Reconstruction books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
