Demonstrates the potential for literature in learners in a variety of mathematical investigations      *Takomiad* Surazeus  
 Astarius, 2017-09-24 *Takomiad* of Surazeus Goddess of Takoma presents 125 667 lines of verse in 2 590 poems lyrics ballads  
 sonnets dramatic monologues eulogies hymns and epigrams written by Surazeus 1984 to 1992      **Robert Penn Warren's**  
**All the King's Men** Robert Penn Warren, 2000 Robert Penn Warren's 1946 Pulitzer Prize winning novel *All the King's Men* is  
 one of the undisputed classics of American literature Fifty years after the novel's publication Warren's characters still stand  
 as powerful representations of the moral dilemmas faced by individuals in positions of power *All the King's Men* had its  
 genesis in Warren's stage play *Proud Flesh* unpublished in his lifetime He also wrote a subsequent unpublished play titled  
*Willie Stark His Rise and Fall* and a later dramatic version of the novel that shared the title *All the King's Men* This volume is  
 the first to collect all three dramatic texts and to publish *Proud Flesh* and *Willie Stark* *Proud Flesh* is particularly fascinating  
 for what it reveals about the development of *All the King's Men* and Warren's changing perceptions of its characters and  
 themes The other plays as post novel writings provide a forum for Warren to clarify his intentions in the novel The editors  
 introduction to this collection reviews the composition history of the works and their relationship to the novel and to each  
 other The new perspectives on Warren's writing presented in Robert Penn Warren's *All the King's Men Three Stage Versions*  
 provide a glimpse into a creative mind struggling with a compelling story and offer readers another way of looking at this  
 American classic This book is an essential reference in Warren studies that will give students of *All the King's Men* another  
 context from which to consider Warren's novel      Word-lore, 1927 Includes section In printed pastures new      Emerson  
Avery, That Latin Teacher John Allen Boyd, 2009-04-06 Emerson Avery *That Latin Teacher* is modern American literary fiction  
 with a Southern flavor along with a few splashes of memoir The core of the novel covering about seven days concerns  
 Emerson Avery's two trips into places of his past which clarify the source of his struggles with Post Traumatic Stress  
 Disorder and answers questions about his youth Now at the coda of his life he wants to achieve an existential understanding  
 of himself He is bright and fascinated with life around him the human comedy and he is devoted to his former pupils family  
 some surrogate and friends The author John Allen Boyd has lived a life similar to that of Emerson and as such the novel  
 contains anecdotes that are partly memoir Partly But where is fiction purely fiction As Emerson encounters those formative  
 years and thinks about the present and the future the novel moves like a person walking through a busy market place that  
 stretches and detours for miles stopping here and there for close inspection and possible purchases moving quickly along at  
 other places observing people leaving one display or another only to return later always watching and listening and smelling  
 and sometimes touching There is quiet honey soaked Southern life balanced with shocking horror and cruelty There is the  
 purity of man wife love in contrast to depravity and perversity Soaring intellect and dire ignorance Trust and freedom and  
 innocence teetering along side predation and indenture and insanity Blind loyalty to tribalism against independence Beauty  
 and the hideous Belief versus knowledge Children and adults And throughout the novel music music yes music What better

way for a person to discover self Its mystical power like walking naked under the rising sun or the full harvest moon A reader may perceive the novel as a woven cloth a fabric made from various threads that interweave and become visible again and again Their warp and woof There are numerous anecdotes and short stories that are ancillary to the main plot And all of them are abstractions of the life of Emerson Avery There are several themes that resound Emerson is a part of all that he has met Tennyson people are more alike than different and life among humans is not much of a departure from that of the lower animals considering our predatory acts on innocence and trust our greed for things and lust for dominance Also we remain awash in primitive language as we attempt to translate our images into words into any art form He accepts that all art is translation After all he was a teacher of Latin Likewise Emerson sees us as much today as any time in human history swimming in the seas of mythology and superstition especially the naive and altruistic whether urbane or rural Ignorance is alive and abounding as are racism and tribalism those perverse loyalties People are funny or is strange the better word Emerson is a nurturer and finds self worth in fostering young minds Affirming their efforts to survive intelligently He considers most human systems absurd and is an uncomfortable nihilist Yet in all of this he is an optimist and usually calm in living his life in two houses the place where he sleeps and in his classrooms In his private life he is intensely introspective and scholarly In his classrooms and among friends he is extroverted affable and outgoing His safety nets are music and reading where he can sort it all out While composing this novel the author refused to write it in the manner of some of the dullest books he has ever read linear narration a plot trudging along from point A to point Z with the expected high points and low Instead he narrates his story using stories within stories within stories Proust He uses a variety of writing styles straight narration stream of conscious fantasy and other departures from the usual journalistic drive He has licen

*Curiously - Short Stories* Vinay Kothari, 2023-10-29 The popular saying Curiosity killed the cat is often used as a warning But the full version of the phrase is Curiosity killed the cat but satisfaction brought it back For humans the risk of being curious has profound value Even for the self satisfied and the incurious curiosity can make the mundane seem magical Curiously contains ten short stories Stories about people needing people places that overwhelm surprising encounters and learning life lessons from the most unlikely of sources The short stories are enthusiastic about human emotions and explore what they are driven by idiosyncratic moments both good and bad Sometimes these moments leave us with a handful of rain and other times with a pocketful of sunshine
