## **Many Mansions Multiple Religious Belonging And Christian Identity Faith Meets Faith:**

**Many Mansions?** Catherine Cornille, 2002 These superb essays explore the phenomenon of individuals who identify themselves as followers of more than one religious tradition The results prove that the late Joseph Kitagawa was prescient when he cautioned that the world is Easternizing as much as it is Westernizing and that modernization is a far from adequate key to name what is happening in world religious history in our age Book jacket *The Spirit Shaped Church* Swarup Bar, 2021-02-23 In *The Spirit Shaped Church* Swarup Bar argues that the church is defined by its relationship with others A relational church depends on the porousness of its borders which means that while a church has its distinctiveness it ought to be open to negotiate relational engagements with the world around it This sort of relationally distinct permeable church is found to be possible through the leading of the Spirit and the work of Christ Such engagement is found to be relevant in a plural religio cultural context and in situations of marginalization in India The *Spirit Shaped Church* reflects an ongoing commitment on the part of Fortress Press to engage the needs of Christian communities around the world The book is aimed at teachers clergy students and anyone with an interest in the lived experience of Christians in India *Many Mansions?*

Catherine Cornille, 2010-04-01 These superb essays explore the phenomenon of individuals who identify themselves as followers of more than one religious tradition The results prove that the late Joseph Kitagawa was prescient when he cautioned that the world is Easternizing as much as it is Westernizing and that modernization is a far from adequate key to name what is happening in world religious history in our age **Ritual Participation and Interreligious Dialogue** Marianne Moyaert, Joris Geldhof, 2015-04-23 Shared ritual practices multi faith celebrations and interreligious prayers are becoming increasingly common in the USA and Europe as more people experience religious diversity first hand While ritual participation can be seen as a powerful expression of interreligious solidarity it also carries with it challenges of a particularly sensitive nature Though celebrating and worshiping together can enhance interreligious relations cross riting may also lead some believers to question whether it is appropriate to engage in the rituals of another faith community Some believers may consider cross ritual participation as inappropriate transgressive behaviour Bringing together leading international contributors and voices from a number of religious traditions *Ritual Participation and Interreligious Dialogue* delves into the complexities and intricacies of the phenomenon They ask what are the promises and perils of celebrating and praying together What are the limits of ritual participation How can we make sense of feelings of discomfort when entering the sacred space of another faith community The first book to focus on the lived dimensions of interreligious dialogue through ritual participation rather than textual or doctrinal issues this innovative volume opens an entirely new perspective

*Religious Diversity--What's the Problem?* Rita M. Gross, 2014-04-24 Once upon a time on grounds of both religion and common sense people assumed that the earth was flat and that the sun literally rose and set each day When newly developing knowledge made those beliefs untenable giving them up was difficult Today the belief that only one of the world's

various religions is true for all people on earth is equivalent to the belief in a flat earth Both notions have become untenable given contemporary knowledge about religion Even though many people are still troubled by the existence of religious diversity today that diversity is a fact of life Religious diversity should be no more troubling to religious people than the fact that the earth is round and circles the sun This provocative book based on the author's longtime practice of Buddhism and comparative study of religion provides tools with which one can truly appreciate religious diversity as a gift and resource rather than as a deficiency or a problem to be overcome After we accept diversity as inevitable and become comfortable with it diversity always enriches life both nature and culture

### **Buddhist-Christian Dialogue as Theological Exchange**

Ernest M. Valea, 2015-04-14 This book is intended to encourage the use of comparative theology in contemporary Buddhist-Christian dialogue as a new approach that would truly respect each religious tradition's uniqueness and make dialogue beneficial for all participants interested in a real theological exchange As a result of the impasse reached by the current theologies of religions exclusivism inclusivism and pluralism in formulating a constructive approach in dialogue this volume assesses the thought of the founding fathers of an academic Buddhist-Christian dialogue in search of clues that would encourage a comparativist approach These founding fathers are considered to be three important representatives of the Kyoto School Kitaro Nishida Keiji Nishitani and Masao Abe and John Cobb an American process theologian The guiding line for assessing their views of dialogue is the concept of human perfection as it is expressed by the original traditions in Mahayana Buddhism and Orthodox Christianity Following Abe's methodology in dialogue an Orthodox contribution to comparative theology proposes a reciprocal enrichment of traditions not by syncretistic means but by providing a better understanding and even correction of one's own tradition when considering it in the light of the other while using internal resources for making the necessary corrections

### **Fragrant Rivers of Wisdom** A. Christian van Gorder, 2021-12-09

Buddhism and Christianity are ancient rich and multivalent wisdom spirituality traditions that often have insightful similarities as well as distinct perspectives from entirely different starting points Fragrant Rivers of Wisdom explores some of these paths and encourages readers to gain as far as is possible a participant's appreciation of another faith This book aims to help readers celebrate and enjoy the rich wisdom legacies of a teacher revealing a pure lotus blossoming from mud and the legacies of a peasant Jewish carpenter from Galilee revealing love on a cross Both teachers share the power of love the joys of healing encouragement and the creative resources of spirit-filled living Their ancient words and their modern communities still following these paths are dynamically relevant for our modern context of confusion and challenge

Spiritual Capital Samuel D. Rima, 2017-07-05 Presenting a thorough comprehensive theory of spiritual capital based on solid academic research Spiritual Capital serves to reinforce and amplify the notion of a moral economic core that is beginning to feature in contemporary economic arguments In this rare major work wholly dedicated to the subject of spiritual capital Sam Rima explains the desperate need for revolutionary and transformational thinking in the area of

economic policy and practice and makes the case for a new moral foundation to business and economics that directly addresses today's financial and business crisis. Writing in an accessible style and drawing on examples from several continents, Rima explains spiritual capital theory in terms of the resources needed for its creation, how it is formed, how it can be invested, and what the return on investment can be. The book provides practical tools for measuring a personal or organizational store of spiritual capital along with clear guidelines on how to engage in spiritual capital formation. These will benefit business leaders interested in developing viable and sustainable enterprises capable of avoiding the disconnection between economic policy and social reality. There are also recommendations here for policy makers regarding the macro application of spiritual capital theory. This important contribution to Gower's Transformation and Innovation Series will appeal to business leaders and policy makers, academicians and students in the fields of sociology, theology and economics, and anyone interested in social and economic justice issues, social innovation and corporate social responsibility.

*Spiritual Capital* Michael O'Sullivan, Bernadette Flanagan, 2017-07-05. Spiritual Capital seeks to refocus discussion on core social values, on individuals' value systems and the internal dynamics that impel human beings to live by truth, goodness and love. This book defines, refines and disseminates the concept of spiritual capital. Contributions by practitioner scholars in applied spirituality who have practical experience of spiritual capital at work in diverse human situations provide accounts of concrete expressions of spiritual capital and create an interdisciplinary discussion between spirituality practitioners, artists, ecologists, sociologists and others on the frontiers of change in contemporary culture.

*Interreligious Hermeneutics in Pluralistic Europe* David Cheetham, 2011. At the second major conference held in Salzburg in 2009 of The European Society for Intercultural Theology and Interreligious Studies (ESITIS), participants probed the broad theme of interreligious hermeneutics in a pluralistic Europe. Due to the phenomenon of an increasingly plural Europe, questions arise about how we see each other's cultural heritage, religious traditions and sacred scriptures. Following the discussions that took place at the conference, this book focuses on the usage of texts in our global and mass media world, the possibility of scriptural reasoning, the theological comparison of selected topics from religious traditions by scholars belonging to multiple religions or interreligious communities of scholars, the pragmatics of using sacred texts in social contexts of family and gender, polemical attacks on the other's sacred text and the challenge to interreligious hermeneutics of the postcolonial deconstruction of religion by cultural studies. The future of interreligious hermeneutics is going to be complex. This book exhibits the multiple agendas: power, gender, postcolonialism, globalisation, dialogue, tradition, polemics that will have a stake in these future debates.

*Fragile Identities* Marianne Moyaert, 2011. Preliminary Material Introduction. The Theology of Religions. The Theology of Religions and the Tension between Openness and Closedness. A Critique of the Pluralist Model of Interreligious Dialogue. The Cultural Linguistic Theory. Postliberalism and Religious Incommensurability. The End of Dialogue. A Theological Critique of Postliberalism. Interreligious Dialogue and Hermeneutical Openness. Testimony and Openness. A Theological Perspective.

Bibliography Index of Subjects Index of Names      Christian Theology in a Pluralistic Age David H. Jensen, 2024-12-16 How does today's context of radical pluralism affect Christian theology Can Christian theologians be claimed by more than one religious tradition What makes constructive interreligious dialogue possible The authors of this volume explore the challenges and opportunities of religious diversity and religious non-affiliation for Christian faith By exploring the ways in which engagement of other traditions changes them these theologians offer hopeful reflections for the church's dialogical future

Ways of Meeting and the Theology of Religions David Cheetham, 2016-02-24 Exploring the different points of view and tones of voice adopted in theology for the meeting of religions this book presents a contemporary philosophical and theological engagement with key issues of how different faiths might meet of comparative philosophy of religion of the use of aesthetics of inter-religious ethics and issues relating to the self Providing a critical evaluation of contemporary liberal post-liberal and conservative voices and an engagement with movements such as Radical Orthodoxy and Scriptural Reasoning to mention a few this book highlights the use of the creative imagination and explores new ideas for the meeting of religions

*Journey for Justice* Nandini Gunewardena, 2017-06-02 This biography of the late Rev Fr Michael Rodrigo OMI 1930-1987 of Sri Lanka chronicles a life fearlessly devoted to the service of the poor efforts to witness Christ to the poor through an innovative interfaith dialogue and a collaboration for their social and economic empowerment As a Catholic priest whose life parallels that of the recently martyred Oscar Romero of El Salvador also assassinated for exposing the exploitation and marginalization of the poor Fr Michael was engaged in a selfless journey for justice The volume analyzes the driving force of his quest to forge a healing bridge between the Christian and Buddhist populations of Sri Lanka through his spiritual grounding in Catholic social teaching and his unique formulation of an interreligious dialogue It documents the indelible imprint of interfaith understanding he forged up to his untimely death Interwoven with ethnographic methodology the book offers a window for understanding the class and religious ruptures stemming from Sri Lanka's colonial history contextualized in the social realities of poverty in rural Sri Lanka the political and economic forces implicated in deepening poverty the resistance struggle by oppressed youth and Fr Mike's legacy of justice through peace

**Christianity in the Modern World** Ambrose Mong, 2022-01-27 The influence of religion on culture is as strong as ever but the shape of that influence is unique in today's pluralistic society In *Christianity in the Modern World* Ambrose Mong examines critically themes of religious commitment and tolerance attitudes towards other religions and the sociological aspects of religion and inter-religious dialogue He provides an overview of factors that challenge traditional religion from the relationship between monotheistic and polytheistic beliefs to the history of tolerance and intolerance in the church and the future of secularism Following the global ethics formulated by the late Hans Kung Mong also engages with the dialogue between Jürgen Habermas and Joseph Ratzinger to provide an extensive defence of the importance of inter-religious dialogue with particular relevance to multiple religious belonging in the Asian context Scholars of world religions will find Mong's analysis compelling

while students will find his introduction to the historical dialectics underlying many of today's tensions illuminating

Postcolonial Theology of Religions Jenny Daggers, 2013-07-18 This original and ambitious book considers the terms of engagement between Christian theology and other religious traditions beginning with criticism of Christian theology of religions as entangled with European colonial modernity Jenny Daggers covers recent efforts to disentangle Eurocentrism from the meeting of the religions and investigates new constructive possibilities arising in the postcolonial context In dialogue with Asian and feminist theologies she reflects on ways forward for relations between the religions and offers a particularist model for theology of religions standing within a classical Trinitarian framework **Pluralism: The Future of Religion** Kenneth Rose, 2013-03-28 Theology of religions has defaulted in the last two decades to an epicyclic inclusivism which seeks to undermine pluralism with claims that it is covertly triumphalistic and that it mirrors the logic of exclusivism With the exception of pioneers in the field such as John Hick and Paul Knitter most major figures in this theological field have retreated from pluralism and promote versions of particularism and inclusivism *Pluralism: The Future of Religion* argues for an apophatic pluralism that is motivated by the insight that it is impossible to secure universal assent for changeable bodies of religious teachings This insight implies the non finality and consequent departicularization of all religious teachings and their inclusivistic defenses These conclusions point us inevitably toward pluralism and lead us out of the inclusivistic impasse of contemporary theology in religions **Understanding Insider Movements** Harley Talman, John Jay Travis, 2015-09-01 For the first time in history large numbers of people from the world's major non Christian religions are following Jesus as Lord Surprisingly for many Western Christians they are choosing to do so within the religious communities of their birth and outside of institutional Christianity How does this work and how should we respond to these movements This long awaited anthology brings together some of the best writings on the topic of insider movements Diverse voices explore this phenomenon from the perspectives of Scripture history theology missiology and the experience and identity of insider believers Those who are unfamiliar with the subject will find this book a crucial guide to a complex conversation Students and instructors of mission will find it useful as a reader and reference volume Field workers and agencies will discover in these chapters welcome starting points for dialogue and clearer communication The first book to provide a comprehensive survey of the topic of insider movements *Understanding Insider Movements* is an indispensable companion for those who want to glimpse the creative unexpected boundary crossing ways God is at work among the peoples of the world in their diverse religious communities *Der Ort des Jüdischen in der katholischen Theologie* Gerhard Langer, Gregor Maria Hoff, 2009-09-16 Der vorliegende Sammelband nimmt Maß an der Bedeutung die die Israeltheologie und das Judentum in den einzelnen Fächern hatten und haben Karl Barth hat darauf hingewiesen dass der Verlust des Judentums einen unersetzbaren theologisch kirchlichen Verlust bedeutet Damit weist er in die Richtung in die sich das Buchprojekt bewegt über Jahrhunderte war bereits diese Frage unumgänglich Es erscheint bis heute als ein Bruch mit einer langen

Erinnerungstradition dass diese Frage als Ausgangspunkt einer theologischen Disziplingeschichte gew hlt wird Diese Geschichte nimmt sich dabei in weiten Teilen als eine Disziplinierung Israels aus Dass Israel mit Paulus die bleibende Wurzel des Christentums sei hat sich theologisch bis in die Gegenwart nicht wirklich durchgesetzt Stattdessen begegnet man immer wieder offenen oder versteckten Formen einer Verdr ngung oder gar Ersetzung Israels durch Konzepte und Methoden christlicher Theologie Erst nach der Shoah und katholisch im Zuge der Umstellungen des 2 Vatikanischen Konzils ver ndert sich die theologische Ausgangslage Nach den Gr nden und den Konsequenzen nach den Voraussetzungen und der Bedeutung dieses theologisch kirchlichen Befunds fragt dieser Band Das entsprechende Problem wird methodologisch umgesetzt Die Bestimmung Israels als locus theologicus wird zum zentralen Angelpunkt einer Ortsangabe der christlichen Theologie Dann aber muss man weiterfragen Warum wurde dies notwendig Seit wann ist dies m glich Und was ver ndert sich im Blick auf unser theologisches Wissen Diese Fragen leiten die Disziplingeschichte der Theologie im doppelten Sinn an Es geht um die Ortsbestimmungen des J dischen in den einzelnen Disziplinen Und es geht um die Disziplinierung des J dischen durch die Theologie Es geht um Verdr ngungen Ersetzungen Es geht darum Israel als verworfenen Teil theologisch wahrzunehmen

**The Claim to Christianity** Hannah Strømmen, Ulrich Schmiedel, 2020-06-30 The far right is on the rise across Europe pushing a battle scenario in which Islam clashes with Christianity as much as Christianity clashes with Islam From the margins to the mainstream far right protesters and far right politicians call for the defence of Europe s Christian culture The far right claims Christianity This book investigates contemporary far right claims to Christianity Ulrich Schmiedel and Hannah Str mmen examine the theologies that emerge in the far right across Europe concentrating on Norway Germany and Great Britain They explore how churches in these three countries have been complicit complacent or critical of the far right sometimes intentionally and sometimes unintentionally Ultimately Schmiedel and Str mmen encourage a creative and collaborative theological response To counter the far right Christianity needs to be practiced in an open and open ended way which calls Christians into contact with Muslims
