Monstrous Kinds Elizabeth Bearden, 2019-01-04 *Monstrous Kinds* is the first book to explore textual representations of disability in the global Renaissance Elizabeth B Bearden contends that monstrosity as a precursor to modern concepts of disability has much to teach about our tendency to inscribe disability with meaning Understanding how early modern writers approached disability not only provides more accurate genealogies of disability but also helps nuance current aesthetic and theoretical disability formulations The book analyzes the cultural valences of early modern disability across a broad national and chronological span attending to the specific bodily spatial and aesthetic systems that contributed to early modern literary representations of disability The cross section of texts including conduct books and treatises travel writing and wonder books is comparative putting canonical European authors such as Castiglione into dialogue with transatlantic and Anglo Ottoman literary exchange Bearden questions grand narratives that convey a progression of

disability from supernatural marvel to medical specimen suggesting that instead these categories coexist and intersect

The Grand Theater of the World Valeria De Lucca, Christine Jeanneret, 2019-09-03 Music and space in the early modern world shaped each other in profound ways and this is particularly apparent when considering Rome a city that defined itself as the grande teatro del mondo The aim of this book is to consider music and space as fundamental elements in the performance of identity in early modern Rome Rome s unique milieu as defined by spiritual and political power as well as diplomacy and competition between aristocratic families offers an exceptionally wide array of musical spaces and practices to be explored from an interdisciplinary perspective Space is viewed as the theatrical backdrop against which to study a variety of musical practices in their functions as signifiers of social and political meanings The editors wish to go beyond the traditional distinction between music theatrical spectacles namely opera and other musical genres and practices to offer a more comprehensive perspective on the ways in which not only dramatic but also instrumental music and even the sounds of voices and objects in the streets relied on the theatrical dimension of space for their effectiveness in conveying social and political messages While most chapters deal with musical performances some focus on specific aspects of the Roman soundscape or are even intentionally silent dealing with visual arts and architecture in their performative and theatrical aspects The latter offer a perspective that creates a visual counterpoint to the ways in which music and sound shaped space

History as Wonder Marnie Hughes-Warrington, 2018-11-02 **History and Wonder** is a refreshing new take on the idea of history that tracks the entanglement of history and philosophy over time through the key idea of wonder From Ancient Greek histories and wonder

works to Islamic curiosities and Chinese strange histories through to European historical cabinets of curiosity and on to histories that grapple with the horrors of the Holocaust Marnie Hughes Warrington unpacks the ways in which historians throughout the ages have tried to make sense of the world and to change it This book considers histories and historians across time and space including the Ancient Greek historian Polybius the medieval texts by historians such as Bede in England and Ibn Khaldun in Islamic Historiography and the more recent works by Martin Heidegger Luce Irigaray and Ranajit Guha among others It explores the different ways in which historians have called upon wonder to cross boundaries between the past and the present the universal and the particular the old and the new and the ordinary and the extraordinary Promising to both delight and unsettle it shows how wonder works as the beginning of historiography Accessible engaging and wide ranging History as Wonder provides an original addition to the field of historiography that is ideal for those both new to and familiar with the study of history

Conversions Simon Ditchfield, Helen Smith, 2017-01-06 Conversions is the first collection to explicitly address the intersections between sexed identity and religious change in the two centuries following the Reformation Chapters deal with topics as diverse as convent architecture and missionary enterprise the replicability of print and the representation of race Bringing together leading scholars of literature history and art history Conversions offers new insights into the varied experiences of and responses to conversion across and beyond Europe A lively Afterword by Professor Matthew Dimmock University of Sussex drives home the contemporary urgency of these themes and the lasting legacies of the Reformations

Separation Scenes Ann C. Christensen, 2017 This analysis of five exemplary domestic plays the anonymous Arden of Faversham and A Warning for Fair Women 1590s Thomas Heywood's A Woman Killed with Kindness 1607 Thomas Middleton's Women Beware Women ca 1613 and Walter Mountfort's The Launching of the Mary or The Seaman's Honest Wife 1632 offers a new approach to the emerging ideology of the private and public or what Ann C Christensen terms the tragedy of the separate spheres Feminist scholarship has identified the fruitful gaps between theories and practices of household government in early modern Europe while work on the global Renaissance attends to commercial expansion cross cultural encounters and colonial settlements Separation Scenes brings these critical concerns together to expose the intimate and disruptive relationships between the domestic culture and business culture of early modern England Separation Scenes argues that domestic plays make the absence of husbands for business the subject of tragedy by focusing not on where men traveled but on whom and what they left behind Elements that critics have rightly associated with domestic tragedy adultery sensational murders and the lavishly articulated operations of domestic life define this world which Christensen argues was equally shaped by the absence of husbands Her interpretations of these domestic plays invite us to historicize and further complicate the seemingly universal binary between a feminine private sphere and a masculine public sphere Separation Scenes demonstrates how domestic drama played an active dynamic and critical role in deliberating the costs of commercial travel as it disrupted domestic conduct and prompted realignments within the home

Gaming the Stage Gina Bloom, 2018-07-12 Rich connections between gaming and theater stretch back to the 16th and 17th centuries when England's first commercial theaters appeared right next door to gaming houses and blood sport arenas In the first book length exploration of gaming in the early modern period Gina Bloom shows that theaters succeeded in London's new entertainment marketplace largely because watching a play and playing a game were similar experiences Audiences did not just see a play they were encouraged to play the play and knowledge of gaming helped them become better theatergoers Examining dramas written for these theaters alongside evidence of analog games popular then and today

Bloom argues for games as theatrical media and theater as an interactive gaming technology. *Gaming the Stage* also introduces a new archive for game studies scenes of onstage gaming which appear at climactic moments in dramatic literature. Bloom reveals plays to be systems of information for theater spectators: games of withholding, divulging, speculating, and wagering on knowledge. Her book breaks new ground through examinations of plays such as *The Tempest*, *Arden of Faversham*, *A Woman Killed with Kindness*, and *A Game at Chess*, the histories of familiar games such as cards, backgammon, and chess, less familiar ones like *Game of the Goose*, and even a mixed reality theater videogame. *Transforming Saints*

Charlene Villaseñor Black, 2022-07-15. *Transforming Saints* explores the transformation and function of the images of holy women within wider religious, social, and political contexts of Old Spain and New Spain from the Spanish conquest to Mexican independence. The chapters here examine the rise of the cults of the lactating Madonna, St Anne, St Librada, St Mary Magdalene, and the Suffering Virgin. Concerned with holy figures presented as feminine archetypes, images that came under Inquisition scrutiny as well as with cults suspected of concealing Indigenous influences, Charlene Villaseñor Black argues that these images would come to reflect the empowerment and agency of women in viceregal Mexico. Her close analysis of the imagery additionally demonstrates artists' innovative responses to Inquisition censorship and the new artistic demands occasioned by conversion. The concerns that motivated the twenty-first century protests against Chicana artists Yolanda López in 2001 and Alma López in 2003 have a long history in the Hispanic world in the form of anxieties about the humanization of sacred female bodies and fears of Indigenous influences infiltrating Catholicism. In this context, Black also examines a number of important artists in depth, including El Greco, Murillo, Jusepe de Ribera, Pedro de Mena, Baltasar de Echave y Eizaga, Juan Correa, Cristóbal de Villalpando, and Miguel Cabrera. *A Companion to the Global Renaissance*

Jyotsna G. Singh, 2021-07-09. *A COMPANION TO THE GLOBAL RENAISSANCE* An innovative collection of original essays providing an expansive picture of globalization across the early modern world, now in its second edition. *A Companion to the Global Renaissance: Literature and Culture in the Era of Expansion, 1500-1700, Second Edition* provides readers with a deeper and more nuanced understanding of both macro and micro perspectives on the commercial and cross-cultural interactions of the sixteenth and seventeenth centuries. Covering a uniquely broad range of literary and cultural materials, historical contexts, and geographical regions, the Companion's varied chapters offer interdisciplinary perspectives on the implications of early modern concepts of commerce, material and artistic culture, sexual and cross-racial encounters, conquest and enslavement, social, artistic, and religious cross-pollinations, geographical discoveries, and more. Building upon the success of its predecessor, this second edition of *A Companion to the Global Renaissance* radically extends its scope by moving beyond England and English culture. Newly commissioned essays investigate intercultural and intra-cultural exchanges, transactions, and encounters involving England, European powers, Eastern kingdoms, Africa, Islamic empires, and the Americas within cross-disciplinary frameworks. Offering a complex and multifaceted view of early modern globalization, this new edition demonstrates the continuing global turn in

Early Modern Studies through original essays exploring interconnected exchanges transactions and encounters Provides significantly expanded coverage of global interactions involving England European powers such as Portugal Spain and The Netherlands Eastern empires such as Japan and the Ottoman Safavid and Mughal empires Includes a Preface and Afterword as well as a revised and expanded Introduction summarizing the evolving field of Global Early Modern Studies and describing the motifs and methodologies informing the essays within the volume Explores an array of new subjects including an exceptional woman traveler in Eurasia the Jesuit presence in Mughal India and sixteenth century Japan the influence of Mughal art on an Amsterdam painter cum poet the cultural impact of Eastern trade on plays and entertainments in early modern London Safavid cultural disseminations English and Portuguese slaving practices the global contexts of English pattern poetry and global lyric transmissions across cultures A wide ranging account of the global expansions and interactions of the period A Companion to the Global Renaissance Literature and Culture in the Era of Expansion 1500 1700 Second Edition remains essential reading for early modern scholars and students ranging from undergraduate and graduate students to more advanced scholars and specialists in the field

England in the Age of Shakespeare Jeremy Black, 2020-03-04 A social history of Renaissance England that raises the curtain on the cultural influences that inspired Shakespeare's plays How did it feel to hear Macbeth's witches chant of double double toil and trouble at a time when magic and witchcraft were as real as anything science had to offer How were justice and forgiveness understood by the audience who first watched King Lear how were love and romance viewed by those who first saw Romeo and Juliet In England in the Age of Shakespeare Jeremy Black takes readers on a tour of life in the streets homes farms churches and palaces of the Bard's era Panning from play to audience and back again Black shows how Shakespeare's plays would have been experienced and interpreted by those who paid to see them From the dangers of travel to the indignities of everyday life in teeming London Black explores the jokes political and economic references and small asides that Shakespeare's audiences would have recognized These moments of recognition often reflected the audience's own experiences of what it was to as Hamlet says grunt and sweat under a weary life Black's clear and sweeping approach seeks to reclaim Shakespeare from the ivory tower and make the plays histories more accessible to the public for whom the plays were always intended

Engendering Islands Ashley M. Williard, 2021-06 In seventeenth century Antilles the violence of dispossession and enslavement was mapped onto men's and women's bodies bolstered by resignified tropes of gender repurposed concepts of disability and emerging racial discourses As colonials and ecclesiastics developed local practices and institutions particularly family formation and military force they consolidated old notions into new categories that affected all social groups In *Engendering Islands* Ashley M Williard argues that early Caribbean

reconstructions of masculinity and femininity sustained occupation slavery and nascent ideas of race In the face of historical silences Williard s close readings of archival and narrative texts reveals the words images and perspectives that reflected and produced new ideas of human difference Juridical religious and medical discourses expose the interdependence of multiple conditions male and female enslaved and free Black and white Indigenous and displaced normative and disabled in the islands claimed for the French Crown In recent years scholars have interrogated key aspects of Atlantic slavery but none have systematically approached the archive of gender particularly as it intersects with race and disability in the seventeenth century French Caribbean The constructions of masculinity and femininity embedded in this early colonial context help elucidate attendant notions of otherness and the systems of oppression they sustained Williard shows the ways gender contributed to and complicated emerging notions of racial difference that justified slavery and colonial domination thus setting the stage for centuries of French imperialism

The Industrial Turn in World History Peter Stearns, 2016-09-13 In The Industrial Turn in World History Peter N Stearns presents a concise yet far reaching overview of the worldwide shift from agricultural societies to industrial societies over the past two centuries Putting the implications for individuals and societies in global context while simultaneously considering the limits of generalization across cultures Stearns s text explores the nature of industrialization across national and regional lines Rather than portraying the Industrial Revolution as primarily a Western early 19th century development this new narrative argues that the move to industrial societies is an ongoing and truly global shift Taking a largely social and cultural approach Stearns engages with the leading edge approach of looking at emotion historically allowing readers to ask questions about the impact of industrial society on emotional experience and happiness levels This innovating framing allows for use in a variety of courses including world history economic history and more general courses on the Industrial Revolution
