author of *The Shape of Ancient Thought* How wonderful that Jacquelyn Baas has seen the light of the Buddha's smile shining from faraway Asia into the realm of the art of modern times in what we think of as the West Her work reveals how some of our most influential artists explored and expressed the sophisticated perceptions and joyful energy emanating from the realm of Buddhist Asia Robert A F Thurman As a Buddhist scholar and artist I welcome this thoughtful and richly detailed study of how many aspects of Buddhism have stimulated invigorated and enriched Western arts over the past 150 years Stephen Addiss author of *The Art of Zen* A crucial contribution to modern art studies this high spirited text surveys Western artists awakened by the wisdom of the East from Monet and Duchamp to O Keeffe to Martin It is a thoughtful book about thoughtful artists their values and their visions with a lot to offer general readers and specialists alike Charles Stuckey Associate Professor of Art History at the School of the Art Institute of Chicago *Poetry in General* Keegan Cook Finberg, 2025-11-04 In the second half of the twentieth century poetry leapt out of books and became an interdisciplinary public form Poetry entered bureaucratic systems of organization like index card catalogues it pushed the boundaries of privately owned public parks Keegan Cook Finberg argues that poetry became an increasingly capacious force during this period because it could speak directly to the degradation of the social democratic notion of the public *Poetry in General* explores how poets expanded their practice into the realms of politics work and everyday life from 1960 to the present from the apex of the welfare state to an era of privatization and austerity It considers a compelling array of figures including Yoko Ono George Brecht Frank O Hara Amiri Baraka Bernadette Mayer Eleanor Antin Adrian Piper and M NourbeSe Philip whose works draw on conceptual techniques to transform official documents and spaces Finberg shows how these public texts expose the mechanisms of the neoliberal consensus about work and leisure the state's facilitation of capitalism and enduring racial and gender inequities She also provides politically charged ways to interpret and critique racial capitalism antiabortion legislation and mass debt A new literary and institutional history of postwar poetics this book shows how poetic experiments address the privatization of collective life and rethink the category of the public *Art and the Subway* Tracy Fitzpatrick, 2009 Explores artistic production surrounding the world's most famous public transportation system from just before its opening in 1904 onwards Using images this work offers perspectives on ways in which the subway has been used as a subject about which to make art as a site within which to make art and as a canvas upon which to make art *For Pleasure* Rachel Jane Carroll, 2023-12-12 *For Pleasure* argues that aesthetic pleasure and formal experimentalism hold the twinned capacity to maintain a global racial order and also to undo it *The Step Is the Foot* Anthony Howell, 2019-06-30 This inquiry into the relationship between the step in dance and the foot in verse invites the reader into a tapestry woven by its crossed paths A dual career as a dancer and as a poet allows the author to follow his interest in the dance origins of scansion and link it to how the foot connects lyric writing to an exiled sense through the felt tread of its rhythm This is to rediscover the physical feeling of poetry the fulcrum of a relationship that goes back to the Greek chorus when every phrase

was danced The author shows how verse and the dance emerged together as we initially developed bipedalism and speech Written is a discursive style which allows the author to wander whenever digression seems appropriate the book offers the reader an entertaining compendium of anecdotes notions and quotes concerning the relation between our words and our movements Walking in itself may have ushered in predication syntax putting one word in front of another as one put one foot in front of another Did song emerge separately from language and stimulate ritual dance among women who linked their steps to sounds The link of speech with movement is explored in ancient art in theatre and in military drill and psychoanalysis From the ballet to performance art the author traces the evolution of recent creativity free verse finding a parallel in Mick Jagger dancing freely on his own in the 60s while performance artists used the freedom of conceptual art to explore action phrases linking task orientated movement with verbal articulation *Words to Be Looked At* Liz

The Feminist Bookstore Movement Kristen Hogan, 2016-03-10 From the 1970s through the 1990s more than one hundred feminist bookstores built a transnational network that helped shape some of feminism's most complex conversations Kristen Hogan traces the feminist bookstore movement's rise and eventual fall restoring its radical work to public feminist memory The bookwomen at the heart of this story mostly lesbians and including women of color measured their success not by profit but by developing theories and practices of lesbian antiracism and feminist accountability At bookstores like BookWoman in Austin the Toronto Women's Bookstore and Old Wives Tales in San Francisco and in the essential Feminist Bookstore News bookwomen changed people's lives and the world In retelling their stories Hogan not only shares the movement's tools with contemporary queer antiracist feminist activists and theorists she gives us a vocabulary strategy and legacy for thinking through today's feminisms

The Political Force of Musical Beauty Barry Shank, 2014-03-17 In *The Political Force of Musical Beauty* Barry Shank shows how musical acts and performances generate their own aesthetic and political force creating however fleetingly a shared sense of the world among otherwise diverse listeners Rather than focusing on the ways in which music enables the circulation of political messages he argues that communities grounded in the act and experience of listening can give rise to new political ideas and expression Analyzing a wide range of beautiful music within popular and avant garde genres including the Japanese traditions in the music of Takemitsu Toru and Yoko Ono the drone of the Velvet Underground and the insistence of hardcore punk and Riot grrrl post punk Shank finds that when it fulfills the promise of combining sonic and lyrical differences into a cohesive whole musical beauty has the power to reorganize the basis of social relations and produce communities that recognize meaningful difference

Imagining Resistance J. Keri Cronin, Kirsty Robertson, 2011-09-23 *Imagining Resistance* Visual Culture and Activism in Canada offers two separate but interconnected strategies for reading alternative culture in Canada from the 1940s through to the present first a history of radical artistic practice in Canada and second a collection of eleven essays that focus on a range of institutions artists events and actions The history of radical practice is spread through the book in a series of short interventions ranging from the Refus global to anarchist inspired art and from Aboriginal curatorial interventions to culture jamming In each the historical record is mined to rewrite and reverse Canadian art history reworked here to illuminate the series of oppositional artistic endeavours that are often mentioned in discussions of Canadian art but rarely acknowledged as having an alternative history of their own p Alongside authors consider case studies as diverse as the anti war work done by John Lennon and Yoko Ono in Montreal and Toronto recent exhibitions of activist art in Canadian

institutions radical films performance art protests against the Olympics interventions into anti immigrant sentiment in Montreal and work by Iroquois photographer Jeff Thomas Taken together the writings in *Imagining Resistance* touch on the local the global the national and post national to imagine a very different landscape of cultural practice in Canada

The Beatles and Black Music Richard Mills, 2025-05-15 *The Beatles and Black Music* discusses the influence that Black music and culture has had over the Beatles throughout their collective and solo careers Tracing the history of Black musical and cultural influence on popular music from the Transatlantic Slave Trade in 1795 to the nascent Mersey Beat scene in the early 1960s this book is the first to explore the Beatles from this important cultural lens *The Beatles and Black Music* discusses the influence that Black music and culture has had over the Beatles throughout their collective and solo careers Richard Mills adopts a musicological and historiographic account to demonstrate the extent to which Liverpool's colonial history influenced the Beatles music Beginning with the grand narrative of British colonial history pre Beatles it covers the influence of Black music and culture on the Beatles teenage years in the 1950s their association with Lord Woodbine their love of American Rhythm and Blues in the mid 1960s and extends to a discussion of post colonial British identity and the lasting effect Black music has had on the Beatles legacy and continues to have on the solo careers of Ringo Starr and Paul McCartney

John Cage Julia Robinson, 2011-08-12 An extended trajectory of Cage literature from early critical reaction to writing by contemporaries to current scholarship John Cage 1912 1992 defined a radical practice of composition that changed the course of modern music and shaped a new conceptual horizon for postwar art Famous for his use of chance and silence in musical works a pioneer in electronic music and the nonstandard use of instruments Cage was one of the most influential composers of the last century This volume traces a trajectory of writings on the artist from the earliest critical reactions to the scholarship of today If the first writing on Cage in the American context often written by close associates with Cage's involvement seemed lacking in critical distance younger scholars a generation removed have recently begun to approach the legacy from a new perspective with more developed theoretical frameworks and greater skepticism This book captures that evolution The texts include discussions of Cage's work in the context of the New Music scene in Germany in the 1950s Yvonne Rainer's essay looking back on Cage and New York experimentalism of the 1960s a complex and original mapping of Cage's place in a wider avant garde genealogy that includes Le Corbusier and Moholy Nagy a musicologist's account of Cage's process of defining and formalizing his concept of indeterminacy and an analysis of Cage's project that considers his strategies of self representation as key to his unique impact on modern and postmodern art

Painful Forms Anna Ioanes, 2025-09-17 In the wake of World War II Americans struggled to grasp the shifting scale of violence brought on by the nuclear era To grapple with the overwhelming suffering of the sociopolitical moment new ways of thinking about violence as structural systemic and senseless emerged Artists and writers however challenged the cultural impulse to make sense of these new horrors mobilizing what Anna Ioanes calls aesthetic violence Searching for the strategies artists employed to resist

the normalization of new forms of crushing violence Ioanes examines the works of major cultural figures including Kara Walker James Baldwin Andy Warhol Yoko Ono and Toni Morrison as well as lesser known artists such as playwright Maryat Lee and riot grrrl figure Kathleen Hanna Grounded in close reading archival research and theories of affect aesthetics and identity *Painful Forms* shows that artists employed forms that short circuited familiar interpretive strategies for making sense of suffering and as a result defamiliarized commonsense notions that sought to naturalize state sanctioned violence Rather than pulling heartstrings stoking outrage or straightforwardly critiquing injustice Ioanes argues aesthetic violence forecloses catharsis maintains ambiguities and refuses to fully make sense allowing audiences to experience new ways of thinking feeling and knowing about suffering
