Gratitude An Intellectual History:

Gratitude Peter J. Leithart, 2018-06-15 Gratitude is often understood as etiquette rather than ethics an emotion rather than politics It was not always so From Seneca to Shakespeare gratitude was a public virtue The circle of benefaction and return of service worked to make society strong But at the beginning of the modern era European thinkers began to imagine a political economy freed from the burdens of gratitude Though this rethinking was part of a larger process of secularization it was also a distorted byproduct of an impulse ultimately rooted in the teachings of Jesus and the apostle Paul Christians believed that God stood at the center of the circle of gratitude God was the object of thanksgiving and God gave graciously Thus Christians taught that grace cancelled the oppressive debts of a purely political gratitude *Gratitude An Intellectual History* examines changing conceptions of gratitude from Homer to the present In so doing Peter J Leithart highlights the profound cultural impact of early Christian ingratitude the release of humankind from the bonds of social and political reciprocity by a benevolent God who gave and who continues to give graciously *Themelios, Volume 40, Issue 2* D. A. Carson, 2016-04-22 Themelios is an international evangelical peer reviewed theological journal that expounds and defends the historic Christian faith Themelios is published three times a year online at The Gospel Coalition <http://thegospelcoalition.org/themelios> and in print by Wipf and Stock Its primary audience is theological students and pastors though scholars read it as well Themelios began in 1975 and was operated by RTSF UCCF in the UK and it became a digital journal operated by The Gospel Coalition in 2008 The editorial team draws participants from across the globe as editors essayists and reviewers General Editor D A Carson Trinity Evangelical Divinity School Managing Editor Brian Tabb Bethlehem College and Seminary Consulting Editor Michael J Ovey Oak Hill Theological College Administrator Andrew David Naselli Bethlehem College and Seminary Book Review Editors Jerry Hwang Singapore Bible College Alan Thompson Sydney Missionary Nathan A Finn Southeastern Baptist Theological Seminary Hans Madueme Covenant College Dane Ortlund Crossway Jason Sexton Golden Gate Baptist Seminary Editorial Board Gerald Bray Beeson Divinity School Lee Gatiss Wales Evangelical School of Theology Paul Helseth University of Northwestern St Paul Paul House Beeson Divinity School Ken Magnuson The Southern Baptist Theological Seminary Jonathan Pennington The Southern Baptist Theological Seminary James Robson Wycliffe Hall Mark D Thompson Moore Theological College Paul Williamson Moore Theological College Stephen Witmer Pepperell Christian Fellowship Robert Yarbrough Covenant Seminary *The Art of Gratitude* Jeremy David Engels, 2018-04-25 In *The Art of Gratitude* Jeremy David Engels sketches a genealogy of gratitude from the ancient Greeks to the contemporary self help movement One of the most striking things about gratitude Engels finds is how consistently it is described using the language of indebtedness A chief purpose of this he contends is to make us more comfortable living lives in debt with the nefarious effect of pacifying the citizenry so we are less likely to speak out about social and economic injustice To counteract this he proposes an alternative art of gratitude as thanksgiving that is inspired by Indian philosophy particularly the yoga philosophy

of the Bhagavad Gita and Patanjali's Yoga Sutras He argues that this art of gratitude can challenge neoliberalism by reorienting our politics away from resentment anger and guilt and toward a democratic ethic of thanksgiving and the common good

American Intellectual History Jennifer Ratner-Rosenhagen, 2021 Long before the United States was a nation it was a set of ideas projected onto the New World by European explorers with centuries of belief and thought in tow From this foundation of expectation and experience America and American thought grew in turn enriched by the bounties of the Enlightenment the philosophies of liberty and individuality the tenets of religion and the doctrines of republicanism and democracy In engaging and accessible prose Jennifer Ratner-Rosenhagen's introduction to American thought considers how notions about freedom and belonging the market and morality and even truth have commanded generations of Americans and been the cause of fierce debate

Philosophical Perspectives on Existential Gratitude Joshua Lee Harris, Kirk Lougheed, Neal DeRoo, 2023-03-23 Existential gratitude gratitude for one's very existence or life as a whole is pervasive across the most influential human cultural and religious traditions Weaving together analytic and continental as well as non-western and historical philosophical perspectives this volume explores the nexus of gratitude existence and God as an intersubjective phenomenon for the first time A team of leading scholars introduce existential gratitude as a perennially and characteristically human phenomenon central to the distinctive life of our species Attention is given to the conditions under which existence itself might be construed as having a gift like or otherwise gratitude inducing character Drawing on a diversity of perspectives chapters mark out new territory in philosophical inquiry addressing whether and in what sense we ought to be grateful for our very existence By analysing gratitude this collection makes a novel contribution to the discourse on moral emotions phenomenology anti-natalism and theology

Philosophy and Psychedelics Christine Hauskeller, Peter Sjöstedt-Hughes, 2022-06-16 What do psychedelics reveal about consciousness What impact have psychedelics had on philosophy In this rapidly growing area of study this is the first volume to explore the philosophy of psychedelic experience from a range of interdisciplinary and cross-cultural perspectives In doing so Philosophy and Psychedelics reveals just why the place of psychedelics in our societies should not be left to medical sciences alone as psychedelic experience opens up new perspectives on fundamental philosophical questions relating to human experience ethics and the metaphysics of mind Mapping a range of philosophical responses to the surge in studies into psychedelic drugs in the cognitive sciences this volume examines topics including psychedelics and the role of governance psychedelics and mysticism what psychedelics can tell us about dyadic thankfulness and psychedelics as ways to gain new knowledge Written by leading international scholars the essays cover Western and non-Western traditions from analytic philosophy to Zen Buddhism and discuss a variety of hallucinogens such as LSD MDMA and Ayahuasca in order to build a much needed bridge between the rapidly growing scientific research and the philosophy behind psychedelic experience

The New Testament and Intellectual Humility Grant Macaskill, 2018-12-20 This study examines how the New Testament scriptures might form and foster intellectual humility

within Christian communities It is informed by recent interdisciplinary interest in intellectual humility and concerned to appreciate the distinctive representations of the virtue offered by the New Testament writers on their own terms It argues that the intellectual virtue is cast as a particular expression of the broader Christian virtue of humility something which itself proceeds from the believer's union with Christ through which personal identity is reconstituted by the operation of the Holy Spirit This demands that we speak of virtue in ways determined by the acting presence of Jesus Christ that overcomes sin and evil in human lives and in the world The Christian account of the intellectual virtue of humility is framed by this conflict as the minds of believers who live together within the Christian community struggle with natural arrogance and selfishness and come to share in the mind of Christ The new identity that emerges creates a fresh openness to truth as the capacity of the sinful mind to distort truth is exposed and challenged This affects not just knowledge and perception but also volition for these ancient writers a humble mind makes good decisions that reflect judgements decisively shaped by the sacrificial love of Jesus Christ By presenting humility of mind as a characteristic of the One who is worshipped Jesus Christ the New Testament writers insist that we acknowledge the virtue not just as an admission of human deficiency or limitation but as a positive affirmation of our rightful place within the divine economy

History and Human Flourishing Darrin M. McMahon, 2023 The Humanities and Human Flourishing series publishes edited volumes that explore the role of human flourishing in the central disciplines of the humanities and to what degree the humanities can increase human happiness This volume examines the relationship between history and human flourishing and more broadly investigates the ways in which the arts and humanities are related to human well being The essays here represent the efforts of a varied and distinguished group of professional historians to consider a deceptively simple question what is the value of history for life Each author asks in what ways historians their work and the objects of their inquiry might contribute to human well being and how they might be encouraged to do so History in this volume refers not just to the past writ large but also to the discipline and practice of historical inquiry along with the production and consumption of works of historical representation Thinking of history in these ways the contributors address a wide variety of subjects in connection to issues of well being considering history across time and place as a vocation a source of the sublime a site of play and a repository of meaning with surprising analogues to religious experience Overall *History and Human Flourishing* uses personal experience insight into the professional and scholarly world of historians and a variety of historical periods and approaches to highlight the value of studying history in discussions of human flourishing The essays in this volume identify history and the historical craft as tremendous potential resources for human well being and of vital importance for our times

Philosophies of Gratitude Ashraf H. A. Rushdy, 2020 Ashraf H A Rushdy examines gratitude as a philosophical concept In the first half of the book he outlines its history and significance in western philosophical history specifically in classical antiquity the early modern era and the Enlightenment The second half of the book is focused on contemporary meanings of gratitude as a sentiment action and disposition how we

feel grateful act grateful and cultivate grateful being Rushdy argues that gratitude is a virtue that we practice in moral recognition of our dependency and connectedness with our families friends communities environments and universe

Islam, Orientalism and Intellectual History Mohammad R. Salama, 2011-03-30 Debates on the relationship between Islam and the West rage on from talk of clashing civilizations to political pacification from ethical and historical perspectives to distrust xenophobia and fear Here Mohammad Salama argues that the events of 9 11 force us to engage ourselves fully without preconditions in understanding not just the history of Islam as a religion but of Islam as a historical condition that has existed in relationship to the West since the seventh century Salama compares the Arab Islamic and European traditions of historical thought since the early modern period focusing on the watershed moments that informed the two traditions ideas of intellectual history and perceptions of one another He draws attention to European intellectual history s entangled links with the Islamic philosophy of history especially the complexities of orientalism and modernity Recent critical reflections on the work of Ibn Khald n confirm this intertwined and troubled relationship reflecting major disparities and contradictions At the same time recent Arab writings on Europe s intellectual history reveal a struggle against erasure and intellectual superiority Calling for a new understanding of the relationship between Islam and the West Salama argues that Islam has played a major role in enabling and positioning various paths of Western historiography at crucial moments of its development leaving palpable imprints on Islamic historiography in the process He proposes an answer to a fundamental question how to make sense of the mechanics of production in Arab Islamic and Western historiographies or how to identify the ways in which they have both failed to make sense of themselves and of each other in an increasingly disenchanted postnationalist world Spanning an impressive array of recent writings on these themes as well as older foundational texts in both traditions including al Tabar Ibn Khald n Hegel al Jabart Toynbee Foucault Edward Said and Hourani this book is both timely and crucial for all those interested in Islamic and Middle Eastern studies Western and Islamic philosophies of history modernity and the relationship between Islam and the West

French Political and Intellectual History Samuel Bernstein, In this collection of remarkable essays initially published in 1955 and now available in paperback for the first time Samuel Bernstein elucidates the meaning of human striving for improvement with regard to the problems raised by one of the most turbulent periods of history Written with profound conviction and literary acumen these essays will give the reader in the author s words a sense of a kinship of ideas and the mutual sympathies of peoples in matters concerning human betterment These essays represents the fruits of twenty years of careful research in the political and intellectual history of the Atlantic civilization particularly as it relates to the leading movements and men of France Bernstein s expert knowledge of the history of political movements and social policies places him among the ranking authorities in that field Contents Marat Friend of the People Robespierre and the Problem of War British Jacobinism Jefferson on the French Revolution Babeuf and Babouvism Saint Simon s Philosophy of History From Social Utopia to Social Science French Democracy and the American Civil War The

First International in France 1964 1871 The Paris Commune The American Press Views the Commune The First International and a New Holy Alliance Intellectual History of Key Concepts Gregory Adam Scott, Stefania Travagnin, 2020-05-05 The three volume project Concepts and Methods for the Study of Chinese Religions is a timely review of the history of the study of Chinese religions reconsiders the present state of analytical and methodological theories and initiates a new chapter in the methodology of the field itself The three volumes raise interdisciplinary and cross tradition debates and engage methodologies for the study of East Asian religions with Western voices in an active and constructive manner Within the overall project this volume addresses the intellectual history and formation of critical concepts that are foundational to the Chinese religious landscape These concepts include lineage scripture education discipline religion science and scientism sustainability law and rites and the religious sphere With these topics and approaches this volume serves as a reference for graduate students and scholars interested in Chinese religions the modern cultural and intellectual history of China including mainland China Taiwan Hong Kong and Chinese communities overseas intellectual and material history and the global academic discourse of critical concepts in the study of religions **Palgrave Advances in Intellectual History R.**

Whatmore, B. Young, 2006-05-26 The past three decades have seen a remarkable growth of interest in intellectual history and this book provides the first comprehensive survey of recent research in this field Each chapter considers developments in intellectual history and shows the ways intellectual historians have contributed to more established disciplinary enquiries

Controversies in Modern Chinese Intellectual History Chun-Jo Liu, 1973-06-30 An analytic bibliography of periodical articles on controversies in modern Chinese intellectual history mainly focused on the May Fourth movement and the Post May Fourth periods *Major Turning Points in Jewish Intellectual History* D. Aberbach, 2003-11-05 This book analyzes major transformations in Jewish life and thought from idolatry to exclusive monotheism in the biblical age from state based identity to cultural nationalism in the Roman empire and in the European Diaspora from theology to secularism and revived political nationalism in the modern period Fundamental questions are asked about Jewish survival in a variety of topics including prophecy Jewish law Midrash the Roman Jewish wars Stoicism secular poetry in Muslim Spain Marx and Freud and Hebrew literature through the ages **An Intellectual History of Science in the Renaissance** Raffaele

Pisano, 2025-09-09 This second of a two part volume Book II extends the historical scientific inquiry of first part volume Book I by considering other specific case studies within cultural fundamental technological frameworks An intellectual cultural history of science technology examines how human and their applied sciences experiences have been expressed in and trained by ideas and technologies The contributors explain ways in which the sciences allowed advanced modelling on the one hand and the development of new technological ideas on the other hand including methods and theories institutions engineering devices instrumentation and social implications as well Taking into account the excellence of the essays the book covers several branches and disciplines in science technology e g theoretical mathematics and the empirical work machinery

and mechanisms stored information transportation inquiring methods in history and historiography of science technology It describes the ways it differently accounted for variation in unlike contexts and consequently how its results remain still nowadays a debated question as well as due to constraints preventing an extensive exploration of its remarkable historiography The book gathers selected and double peer review contributions by historians of physics mathematics engineering science as new perceptions of the history of science during the Renaissance ranging across several fields of science within its fundamental cultural technological history The volume is an accessible avenue to understanding cultural ideas technologies by leading authorities who offer much needed historical insights into the field of and intellectual history of science technology It provides an absorbing and revealing read for historians philosophers and scientists alike **An**

Intellectual History of British Social Policy John Offer, 2006-01-18 The history of social policy is emerging as an area of growing interest to both students and researchers This topical book charts the period from the 1830s to the present day providing a fresh analysis of the relationship between social theory and social policy in the UK Drawing on recent historical research the book reconsiders and challenges many long held beliefs about the evolution of social policy presents a wide ranging reappraisal of links between social theories and changes in social policy pays particular attention to the importance of idealist social thought as an intellectual framework for understanding the welfare state has a distinctive focus on the importance of ideas in the history of social policy Studies in Intellectual History of Tokugawa Japan Masao

Maruyama, 2014-07-14 A comprehensive study of changing political thought during the Tokugawa period the book traces the philosophical roots of Japanese modernization Professor Maruyama describes the role of Sorai Confucianism and Norinaga Shintoism in breaking the stagnant confines of Chu Hsi Confucianism the underlying political philosophy of the Tokugawa feudal state He shows how the new schools of thought created an intellectual climate in which the ideas and practices of modernization could thrive Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **An Intellectual History of**

China, Volume One Zhaoguang Ge, 2014-01-30 Winner of the 2014 Choice Outstanding Academic Title Award In An Intellectual History of China Professor Ge Zhaoguang presents a history of traditional Chinese knowledge thought and belief to the late six century CE with a new approach offering a new perspective It appropriates a wide range of source materials and emphasizes the necessity of understanding ideas and thought in their proper historical contexts Its analytical narrative focuses on the dialectical interaction between historical background and intellectual thought While discussing the complex dynamics of interaction among the intellectual thought of elite Chinese scholars their historical conditions their canonical

texts and the worlds of general knowledge thought and belief it also illuminates the significance of key issues such as the formation of the Chinese world order and its underlying value system the origins of Chinese cultural identity and foreign influences *Intellectual History in Contemporary South Africa* M. Eze, 2016-04-30 In examining the intellectual history in contemporary South Africa Eze engages with the emergence of ubuntu as one discourse that has become a mirror and aftermath of South Africa's overall historical narrative This book interrogates a triple socio political representation of ubuntu as a displacement narrative for South Africa's colonial consciousness as offering a new national imaginary through its inclusive consciousness in which different competing and often antagonistic memories and histories are accommodated and as offering a historicity in which the past is transformed as a symbol of hope for the present and the future This book offers a model for African intellectual history indignant to polemics but constitutive of creative historicism and healthy humanism

This is likewise one of the factors by obtaining the soft documents of this **Gratitude An Intellectual History** by online. You might not require more times to spend to go to the ebook opening as with ease as search for them. In some cases, you likewise reach not discover the notice Gratitude An Intellectual History that you are looking for. It will enormously squander the time.
