THE MAGNIFICENT CLASSIC THE ENGRAVING WORLD HAS BEEN WAITING FOR The Art of Engraving brings to the reader for the first time ever a complete authoritative imaginative and detailed introduction to and training in the art of gun engraving It is a supremely unique book for not only does it sweep aside the mystery which has surrounded engraving throughout the centuries but it factually simply and in laymen s terms tells you how to engrave Unlike so many of the so called instruction manuals The Art of Engraving does not assume you know anything about engraving You start at the beginning by learning to draw scrolls and layouts then cut practice plates until you are sure enough of your ability to actually proceed to designing a pattern transferring it to a gun and cutting it into the steel Whether you want to learn to engrave now think you might like to in the future or simply wish to broaden your knowledge of the art to be able to better judge the work of others as you will learn to tell the good from the bad and know why this is the book for you COMPLETE

AUTHORITATIVE Hundreds of drawings photographs illustrations designs layouts technical information instructions details and steps given to teach you to engrave Examples of master engravers work show specific styles handling of designs use of different techniques and the effect they achieve      *The Art of Multigraphing* Walter L.
