Excerpt from Greek Divination A Study of Its Methods and Principles I may perhaps venture to add that with very few subsequent additions the material was collected during my fourth year as a classical scholar of New College Oxford and the first year of my tenure of the Craven Fellowship which was spent at Berlin In these days when much is talked of Reform and Research at Oxford a specimen of what has been done by an ordinary scholar under existing conditions may be of some interest And the objects of the reformers zeal are sometimes driven to reflect on themselves and on that rather highly coloured simulacrum which represents them on the prospectus of Research and Reform My experience such as it has been has taught me but one fixed conviction and that a negative one Research and specialised work should on no account be a feature of pre graduate study Personally I have not merely felt that the three years spent in attaining my degree were from the point of View of my particular investigations of absolutely vital assistance but I have even on occasion regretted that the full four years About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged

nature of the psyche and its development Love and the Soul emphasizes how psychological theory determines the direction of interpretation much more than does the literary context of the myth itself It also examines the strengths and weaknesses of these psychological interpretations five Freudian and six Jungian of the Eros and Psyche myth in order to lay the groundwork for an interpretation which 1 avoids the rigidity of both Freudian and Jungian dogma and 2 restores the myth to its rightful literary and religious context something which has been ignored by most psychological interpretations *Sources of Hermeneutics* Jean Grondin,1995-01-01 This book provides an introduction to the historical sources of philosophical hermeneutics as it has come to fruition in the work of Heidegger and Gadamer **My Lots are in Thy Hands: Sortilege and its Practitioners in Late Antiquity** AnneMarie Luijendijk,William E.
