

# Guided Career Research

We believe that our students will all be successful in their career goals and that they will be able to find the right career path for them. We will provide them with the resources and support they need to succeed. We will also provide them with the information they need to make informed decisions about their future.

## Explore Your Talents

Read Example Career Assessment

1. List your top 5 job interests (minimum 10 words each).

1	Software Engineer
2	Product Manager

2. List your top 5 job interests (minimum 10 words each). For each item, write **three** different descriptions or suggestions that provide additional information about your interest. Write at least 100 words each.

1	Software Engineer	Software engineers design, develop, and maintain the code that runs the programs and systems that we use every day. They work on everything from mobile apps to large-scale enterprise systems.
2	Product Manager	Product managers are responsible for the overall success of a product. They work with engineers, designers, and marketers to create a product that meets the needs of the market and the company's goals.

## Explore Your Career

3. Write your career goals and your career plan. (Minimum 100 words each.)

My career goals are:

To become a successful software engineer, I will need to learn programming languages like Python and Java, and I will need to gain experience working on real-world projects.

To become a successful product manager, I will need to learn how to manage a team, how to communicate effectively, and how to make data-driven decisions.
