Omega 3 and Vitamin D Secrets ! Svein Torgersbraten, 2011-07-21 The book Omega 3 and vitamin D secrets How do you obtain a healthy level of Omega 3 and vitamin D these days contains new information about an old discovery made by a doctor in biochemistry in the USA in the 1940s With his research he discovered why most people do not get much health benefit from the meals with wild fish free range eggs grass feed beef and fish supplements For whatever reasons his important discovery and solution to obtain a healthy level of Omega 3 and vitamin D plus the other lipids has remained a secret to most people With his research the doctor discovered that very little of the important lipids in marine oil or food rich in these lipids would reach all the cells in the skin and body with the normal method of eating and drinking Already at that time it was noticed that a lot of people got dry skin and body with the associated illnesses These days some doctors involved in the research of these important lipids think we have reached a worldwide vitamin D deficiency of epidemic proportions with more than 1 billion people at risk for associated illnesses As soon as you understand how our modern way of life have influenced our digestion absorption and transport of the essential fatty acid Omega 3 and the oil soluble vitamin D in the body compared to previous generations it should be easier to understand why many people get dry skin and body these days With this knowledge it should also be easier to understand what you need to do to obtain a healthy level of Omega 3 and vitamin D together with the other oil soluble vitamins to correct or avoid dry skin and body and the associated illnesses What are these associated illnesses According to scientific research lack of these important lipids cause oxidative stress or inflammation at the cellular level Most of our serious illnesses related to heart arteries arthritis osteoporosis lung asthma diabetes kidney eyes cancer etc and the not so serious illnesses such as dry skin dry hair bleeding gums depression digestive problems pain hearing loss etc seem to develop because of oxidative stress or inflammation at the cellular level Add fertility problems autism and birth complications and What is a healthy level of these important lipids and how can I be sure that I

have a healthy level of these lipids This is what the doctor in biochemistry discovered back in the 1940s With this information your starting question could be What changes have we made to our way of living and eating compared to previous generations which give us lack of the essential fatty acids Omega 3 and the oil soluble vitamin D That information and much more is the topic of the book

Healthy Living Choices & Forty-five Years of MS Charles (Tip) Tiffany, 2009-04-17 You should read this book This book has important information and useful references for people who are concerned about the quality of their health The information contained in this book is meant to guide individuals in making smart and informed choices The purpose of this book is not only to advise persons with MS but also to help all people including children There is no benefit to looking back or looking down Look up and look forward to the future Learn as much as you can and the benefits will follow Almost all diseases are caused by either a lack of something or too much of a bad thing Life is all about choices and the more knowledge you have the better choices you can make There are many things a person can do to improve his or her health Always strive to improve your health What you choose to put in your body controls how you feel and determines how long you will live Life is a process and both actions and non actions have consequences Try to make smart choices Smoking drinking alcohol and unhealthy eating are all wrong choices Supposedly each cigarette takes one hour off your life expectancy and has been proven to be an extremely high cause of cancer Eating to satisfy your taste with sweets is not healthy for your body and the fact that over 50 percent of the American population is overweight is good proof of this Alcohol destroys your liver If you want to live a long and healthy life then you need to take control When you are young you think you are invincible and nothing can bother or harm you When you get older you wonder if all the crazy things you did were worth it Life only passes you by one time so make it a good and healthy life You need to be responsible for your own health Never give up on turning your health around A journey of a thousand miles begins with just one step Topics mentioned in this book Acupuncture Bee Stings Chelation Chakras Chiropractic Clean me out program Colon Cleanses Dark Field Blood Test Detoxification strategies DMPS DMX Dopler Heart Flow Test Dry Brush Techniques Ear Wax Candles EDS EFT Energy Healing Energy Medicine EMT Electroacupuncture Exercise Hair Analyst Herbology Herbal Supplements Homeopathy Hydrogen Peroxide Treatments Immune boosts Iridology KI Kinesiology MMS Magnet Therapy Meridians Muscle Testing Neural Therapy Nutrition Orthomolecular QXCI Oxidation Therapy Pain Management Parasite Cleanse Photoluminescence Physical Therapy ProAdjuster Prolotherapy Protein carbohydrate fats QED Reflexology Reiki Thermo scans Therapeutic Massage Urine Analyst Vitamins Water Treatments Yoga Zapping Zone Diet
