Command An action that can be applied to a document. Examples include making text bold, inserting a table, and printing.

Dialog Box A pop-up window of command options that appears floating on top of the window.

Group An organized set of commands located on a Tab.

GUI Short for Graphical User Interface. The interface or environment that allow a user to interact with a program. Composed of buttons, sliders, menus, toolbars, drawers, and other controls.

Quick Access Toolbar Shortcuts to common commands like Print, Save and Undo that are located above the ribbon which is always visible. Similar to Quick Launch Toolbar.

Ribbon The new interface for Microsoft Office that organizes commands in tabs and groups instead of menus and toolbars. Began with version 2007.

Status Bar The bottom toolbar displaying document information and offering quick access to document views and zoom options.

Style Gallery A collection of preset styles for the selected object. Same as Drawer.

Tab A set of related command groups located on the Ribbon.

Task Pane A pop-up window of command options that appears docked on one side of the window. Same as Window Pane.

4 Parts of a Document

Body The main and central section of a document where the majority of the content will be included.

Character Any single letter, number, symbol, punctuation mark, or space.

Footer The document section below the Body. Content in this section is displayed and printed at the bottom of every page. Commonly contains page numbers.

Header The document section above the Body. Content in this section is displayed and printed at the top of every page. Commonly contains titles and author names.

Line A single strip of text from the left margin all the way to the right margin or the end of the text, whichever comes first.
