Reader reviews of The Secret Diary of an Arranged Marriage This is a great book to read on transport or going on holidays I finished mine in no time and laughed lots I loved reading this book Such an enjoyable read which was hilarious at some points but also really highlighted how arranged marriages are viewed from different perspectives especially in western society It s hard to find a book that isn t too heavy but also covers important issues and makes you really empathise with the main character Highly recommend if you re looking for a fun read but something a bit different from the usual chick lit
