Deborah J. Jesseman,2015-06-19 This book addresses Common Core State Standard curriculum resources to assist the school librarian in collaborating with classroom teachers Librarians are being asked to understand the Common Core State Standards CCSS and their implications to programming and instruction as well as to collection development planning Using lesson plans originally published in School Library Monthly this title builds upon them adding many additional plans that address CCSS issues The plans will help you implement the standards and can also be used as stepping stones to facilitate planning conversations and collaboration with teachers to co teach lessons correlated with the standards The book begins with an overview of the CCSS what they are how are they different from the content standards and what the implications are for schools where the state has adopted them including what the CCSS mean for collection development It then goes on to explore the opportunities the CCSS present for the school librarian looking at how you can become a leader in employing the

process The majority of the book is devoted to reproducible lesson plans organized by curricular area or topic and grade level for ease of use

Still Learning to Read Franki Sibberson, Karen Szymusiak, 2016 Foreword by Colby Sharp In the decade since the first edition of Still Learning to Read was published the prevalence of testing and the Common Core State Standards have changed what is expected of both teachers and students The new edition of Still Learning to Read focuses on the needs of students in grades 3-6 in all aspects of reading workshop including reading workshop read aloud classroom design digital tools fiction nonfiction and close reading The book stays true to its original beliefs of slowing down and knowing our readers but it also takes into account the sense of urgency that changing times and standards impose on classrooms This edition examines current trends in literacy includes a new section on intentional instructional planning and provides expanded examples of mini lessons and routines that promote deeper thinking about learning It also includes a brand new chapter on scaffolding for reading nonfiction and showcases the authors latest thinking on close reading and text complexity Online videos provide glimpses into classrooms as students make book choices work in small groups and discuss their reading notebooks Expanded and updated book lists recommendations for digital tools lesson cycles and sections specifically written for school leaders round out this foundational resource

Textbooks? Not Yet-We Must Teach Character First! Leah C. Tolbert, 2011 Looking for a better way Well here it is This book is so practical it is scary Really Whether you are a first year teacher seasoned teacher an administrator or still in college trying to decide if the education route is for you this book works The author gives clearly detailed ideas guiding you through the first days and weeks of school She provides tables and charts to further articulate ideas about how to make the concepts work She does not leave anything out The title may seem a bit unorthodox but there is a reason for that Textbooks and information alone do not engage our children in the classroom or in life When we teach them how to develop their individual and collective sense of character first they become engaged in learning and never look back This book is a must read for any organization on the cutting edge of education today
