Commentary Series) Thomas F. Johnson,2011-08-01 The Understanding the Bible Commentary Series helps readers navigate the strange and sometimes intimidating literary terrain of the Bible These accessible volumes break down the barriers between the ancient and modern worlds so that the power and meaning of the biblical texts become transparent to contemporary readers The contributors tackle the task of interpretation using the full range of critical methodologies and practices yet they do so as people of faith who hold the text in the highest regard Pastors teachers and lay people alike will cherish the truth found in this commentary series *Double Truth on the Second Level* David Alexander, ROBERT HUNTER Grateful Dead Songwriter and Lyricist Alexander is a modern de Maupassant with a Kafkian sense of linearity a Borgesque bent for the uncanny and a unique pile of resources to draw on His stories transcend interpersonal morality and ethics in a way calculated to elicit the pure subjectivity of the characters without judgment Unlike Dostoyevski s Raskolnikov there is no redemption offered to readers demanding moral resolution Poe s The Tell tale Heart and much of Lovecraft s work come closest to what he does Kafka gets the intellectual setup but doesn t develop the emotional intensity Alexander s work is very unique SAN FRANCISCO SALVO David Alexander sets strong and resourceful characters into settings that are simultaneously familiar and bizarre His stories are everyone s at least everyone that is paying attention to the continual apocalypse of life and relationship in the 21st century In Haywire Car Alarm Deep In September Night Alexander carries the vision of modern life to hallucinogenic heights and answers the dilemma of dream and reality Each are so vitally important to the person experiencing them that the question of reality becomes secondary What is most important in life is common to both an urge to penetrate the mystery to be socially effective to solve to writhe in pleasure and terror In the waking and dreaming states the observant mind finds that each informs the other each provides insight to the other domain each provides a possible solution to the mind that desperately attempts to contain them both As a critic I feel compelled to complain about some failure of quality of the work that I criticize However I can find little to complain about Alexander s characters are developed clearly through their actions None of them spend much time complaining about their situation but instead face it squarely dynamically peering into the mystery clearly seeing its details actively played out in visual and audio cues and trying to interpret and solve That they so often end in defeat in spite of their strengths alludes to the awesome mass of the problem that we all face FREDERICK BARTHELME EDITOR IN CHIEF MISSISSIPPI REVIEW There are few young

story writers working today more vibrant innovative and exciting than David Alexander His stories jump off the page in fits of sensory attack spiritual complication emotional trouble I don't know where he came from but I know where he's going to the front rank of American storytellers *Knock, Knock...
