**Dispute Resolution in Islamic Finance** Adnan Trakic, John Benson, Pervaiz K Ahmed, 2019-01-22

Dispute Resolution in Islamic Finance addresses how best to handle disputes within Islamic finance. It examines how they can be resolved in a less confrontational manner and ensure such disagreements are settled in a just and fair way. There has been little focus on how disputes within Islamic finance are resolved. As a result, many of these disputes are resolved through litigation notwithstanding that the various jurisdictions and court systems are generally poorly equipped to handle such matters. This book addresses this gap in our knowledge by focusing on five centres of Islamic finance: the United Kingdom, the United States of America, Malaysia, the Kingdom of Saudi Arabia, and the United Arab Emirates. Before exploring these countries in detail, the book considers the issues of the choice of law within Islamic finance as well as the prevailing forms of dispute resolution in this form of finance. The book brings together a group of leading scholars who are all specialists on the subject in the countries they examine. It is a key resource for students and researchers of Islamic finance and aimed at lawyers, finance professionals, industry practitioners, consultancy firms, and academics.
