learn how they do what they do is more important than what they do and just because they can do something doesn't mean they should do it First Things First is receiving praise for its hard hitting yet inspiring analysis Iselin says what many in the nonprofit industry are too afraid to say He addresses sensitive issues such as personal accountability and moral obligations yet his encouraging words and useful advice give readers hope that their nonprofits can become triumphant successes if they are willing to do the right things right from the start Master The Civil Service Exam Shannon R.
